To whom it may concern,

I am writing on behalf of Social Dispensary. Early in 2021 their organization applied for a highly competitive dispensary license in North Denver. Their team was very proactive in reaching out to the registered neighborhood organizations and their vision aligned with our goals of building an inclusive and engaged community.

Social Dispensary started their outreach a long time before they even knew that they would be awarded a license, hosting a local toy drive to benefit Mt. Saint Vincent's Home for Kids. They have also engaged in our community meetings and lived up to the engagement plan they presented to us last year.

I was so impressed with this business that I testified in support at their licensing hearing. I would highly recommend them as a great addition to any community. Their business model and commitment to engagement, education, and sustainability will certainly be a benefit to Highland Park.

Sincerely,

To Whom Ever It May Concern,

I hope this letter finds you well. It is with great pleasure that I write to express my endorsement of Social Brands LLC.

In our recent interactions, it has been an absolute pleasure to work with the Social Brands team. Their genuine passion for community involvement has truly set them apart.

One aspect that particularly impressed me is Social Brand's unwavering commitment to giving back to the local community. Through various initiatives and projects, they have consistently demonstrated a strong sense of responsibility and altruism. Their efforts extend beyond the bottom line, and it is evident that they view success not only in financial terms but also in the positive impact they can have on the community they serve.

Moreover, I would like to highlight Social Brand's commendable work. Their efforts go beyond the traditional business paradigm, and they actively engage in initiatives that contribute to the betterment of society.

Perhaps most notably, Social Brands and its members have pledged to support the North Side High School Alumni Scholarship Foundation. Their commitment to providing a \$10,000 annual scholarship is a testament to their belief in the power of education and their desire to invest in the future of our community. This generous contribution will undoubtedly have a profound and positive impact on the lives of deserving students, creating opportunities for personal and academic growth. The Social Brands team has done this without any request to promote their brand or their businesses.

In conclusion, I wholeheartedly endorse Social Brands and commend their dedication to excellence, community engagement, selfless initiatives, and substantial commitment to supporting education through the North Side High School Alumni Scholarship Foundation.

If you have any further questions or if I can provide additional information, please do not hesitate to reach out.

Greetings Community Members,

We are writing on behalf of Cannabis Doing Good to express our support and admiration for the exceptional work being carried out by Social Cannabis, particularly through their Be.Social Community program. Over the past 9 years of supporting cannabis companies to be community assets in Colorado, and across North America, we have not seen a company do so much good work on its own. This team began this work because this is a part of the fabric of who the team at Social Cannabis is and will always be.

Having had the privilege of collaborating with Social Cannabis on refining their community engagement plan, we have witnessed firsthand the dedication and commitment that the team brings to fostering meaningful connections between the cannabis industry and local communities.

The initiatives undertaken by Social Cannabis reflect a genuine desire to create a positive impact. The Be.Social Community program, in particular, shines brightly as a testament to the power of conscientious corporate citizenship. Its efforts not only resonate within the cannabis industry but also serve as a guiding light for others looking to make a tangible difference in their communities.

We commend Social Cannabis for its dedication to social responsibility and community empowerment. Their proactive approach and genuine commitment to effecting positive change are commendable and inspire others in the industry. Cannabis Doing Good stands beside Social Cannabis in its endeavors to set the standard for what an engaged and socially conscious cannabis company can achieve.

Sincerely,

To whom it may concern,

It is my pleasure to write a letter of recommendation for Social Dispensary. Our non-profit helps recently released inmates reenter society. We believe that everyone deserves a second chance, and that a fresh start is a basic human right.

Social Dispensary has been a great partner for us through their Be.Social Community program. They are donating a portion of sales to our fund which will be a great help in our mission.

I know that the founders of Social Dispensary are committed to community engagement and will be a great addition to the Highland Park community.

Sincerely,

Luke Gregory
