

# Reunion PUD Amendment No. 6

Case #PUDA23-0002

Location: SWC of E. 104th Ave. & Tower Rd. (18494 E. 104th Ave.)

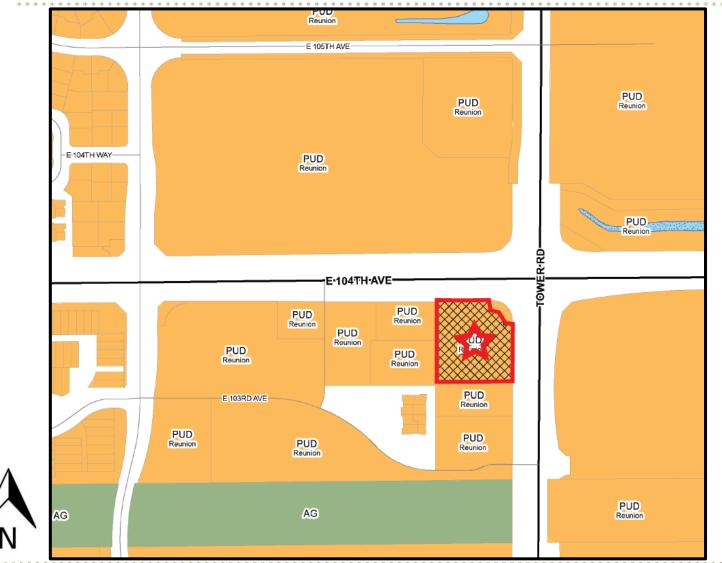

Applicant: Terracina Design

### Request

Approval of the Reunion PUD Zone Document Amendment No. 6 to modify allowed uses, including the addition of marijuana uses, create setback requirements for a single medical marijuana center and retail marijuana store, and institute new and modified development standards for the 1.48-acre lot.

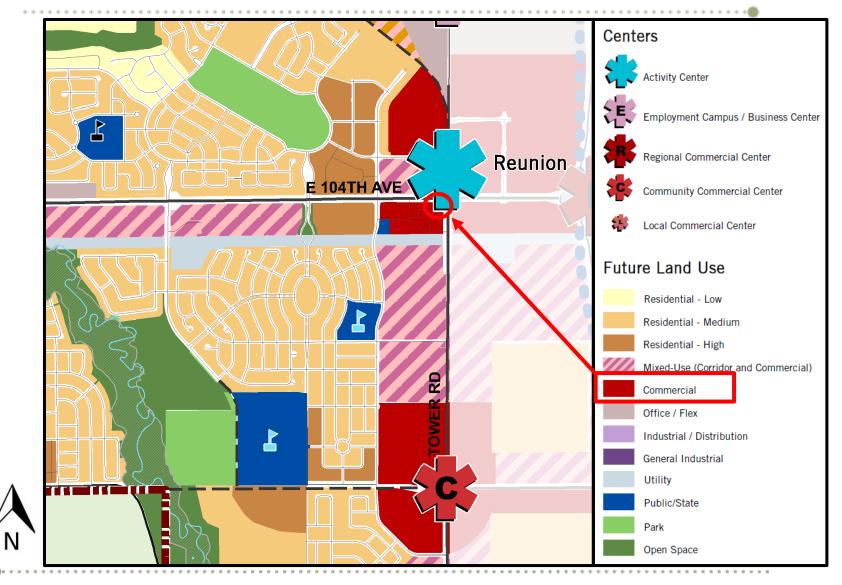

**Vicinity Map** 

### **Future Land Use Plan**

### **Aerial**

### **Current Conditions**

### **Current Conditions**

### **Current Conditions**

## Background

- Undeveloped property
- Currently part of Parcel 4-F of the Reunion PUD Amd. No. 1
- Parcel 4-F is designated as "Mixed-Use" allows for a variety of commercial and residential uses
- PUD Amd. No. 6 proposes to substantially reduce the number of allowed uses on the property:
  - Removing all residential uses
  - Removing several more intense commercial uses such as gas stations, car washes, and auto repair shops
- Fig. 5 in PUD Zone Document Report gives a side-by-side comparison of currently allowed vs. proposed allowed uses
- PUD Amd. 6, if approved, would only apply to this specific 1.48-acre site at the corner of E. 104th Ave. and Tower Rd.

## Proposed Marijuana Use

- Single tenant space, limited to 2,500 SF, proposed for a medical marijuana center and retail marijuana store
- Conditions currently prohibiting the proposed marijuana use:
  - Residential uses currently allowed on the property
  - Other properties zoned agricultural, residential, and mixeduse within 2,000 ft. LDC distancing requirement
- PUD Amd. 6 proposes a 500-ft. distancing requirement (for the proposed marijuana use) from existing residential uses
- No distancing requirement proposed from properties zoned agricultural, residential, or mixed-use that do not contain residential uses
- Complying with all other LDC setbacks for marijuana use

### **Additional Information**

- Proposed PUD Development Permit (PUDP23-0007) currently under review for this site:
  - One commercial building, approx. 12,000 sf.
  - Units for up to five individual tenants, including:
    - A restaurant (min. 2,000 sq. ft.)
    - A combined medical marijuana center and retail marijuana store (max. 2,500 sq. ft.)
  - Proposing 30% more parking than is required
- PUD Amd. 6 also proposes several development standards for the site that exceed LDC requirements:
  - Enhanced architectural standards
  - Enhanced site design standards
  - Sustainability standards

# **Neighborhood Meeting**

- Neighborhood meeting held January 24th from 6:00pm 7:30pm at the Bison Ridge Recreation Center
- Applicants mailed letters in a 2,500-foot radius to notify surrounding property owners of the meeting
- Approximately 32 individuals attended the open house style meeting
- Vast majority of attendees appeared to be either neutral or vocally in favor of the request general excitement around the marijuana dispensary itself and the guaranteed restaurant space on the site
- Two couples voiced opposition to the project, with concerns regarding property values, safety, and general opposition to the marijuana use.

## **PUD Zone Document Analysis**

The following slides will provide a summary and analysis of each sheet of the proposed PUD Zone Document.

# **Sheet 1 Summary & Analysis**

- Cover Sheet
- Discusses project intent, including:
  - Adding medical marijuana center & retail marijuana store as allowed uses
  - Removing all residential uses & large number of commercial uses in order to limit commercial development to highly-desirable uses
  - Improving site and building sustainability
  - Addition of site, building, and sustainability requirements above and beyond LDC requirements
- Clarifies site is currently vacant & zoned PUD (mixed-use)
- Confirms proposed development would be constructed in one phase

### Reunion PUD Amendment No. 6 – Sheet 2

# **Sheet 2 Summary & Analysis**

- Simple site map with potential access points
- Commercial development standards table, which includes standards for the following:
  - Min. lot size
  - Min. lot width
  - Min. floor area ratio (FAR)
  - Min. & max. building height
  - Building setbacks
  - Landscape requirements (confirms these will be per LDC)
  - Parking requirements (confirms these will be per LDC)

# **Sheet 3 Summary & Analysis**

- Sheet 3 provides the proposed use table, which lists all of the uses that would be allowed on this site should PUD Amd. 6 be approved
- PUD Amd. 6 would prohibit residential uses and several more intense commercial uses (e.g. gas stations, car washes & auto repair shops)
- Refer to Fig. 5 in PUD Zone Document Report for side-by-side comparison of this proposed use table vs. what is currently allowed
- Sheet 3 also lists the following notes:
  - This development shall have at least 2,000 sq. ft. allocated to a restaurant use.
  - A liquor store is only permitted if no marijuana use exists on site.
  - Only one combined medical/retail marijuana store is allowed on site, and that use is limited to a maximum of 2,500 sq. ft.
  - Uses not listed in the above table are prohibited.

### ADDITIONAL STANDARDS

ADDITIONAL SUSTAINABILITY, SITE, AND ARCHITECTURAL REQUIREMENTS HAVE BEEN ADDED TO THIS DOCUMENT THAT ARE ABOVE AND BEYONID THE COMMERCE CITY LAND DEVELOPMENT CODE (LDC). THE GOAL STO ADOPT PRACTICES AND STRATEGIES THAT MINIMAZE EMPRONMENTAL IMPACT, ENHANCE RESOURCE EFFICIENCY, AND CONTRIBUTE TO AN OVERALL HEALTHER, MORE PESILIENT, AND MORE ATTRACTIVE BUILT ENVIRONMENT

OTHER STANDARDS NOT IDENTIFIED IN THIS DOCUMENT WILL REVERT TO THE LDC

- BUILDING REQUIREMENTS: THE FOLLOWING IS A LIST OF SUSTAINABLE BUILDING ELEMENTS. THE DEVELOPER MUST SELECT AT LEAST FIVE (5) ELEMENTS FROM THE LIST TO INCORPORATE INTO THE BUILDING DESIGN:
  - ENSURE THAT ANY NEW EQUIPMENT PURCHASES ARE ENERGY
  - STAR-RATED WHEN AVAILABLE INSTALL WATER-EFFICIENT TOILETS
  - PROVIDE RECYCLING RECEPTACLES FOR EMPLOYEE AND CUSTOMER
  - PARTICIPATE IN XCEL ENERGY'S STRATEGIC ENERGY MANAGEMENT (SEM)
  - PROGRAM INSTALL LED LIGHTING
  - USE RESOURCE-EFFICIENT BUILDING MATERIALS
  - INCORPORATE SOLAR PANELS INTO THE BUILDING DESIGN USE ENERGY-EFFICIENT WINDOWS ON BUILDING FACADES
  - INSTALL LOW-FLOW RESTRICTORS IN RESTROOMS AND EMPLOYEE AREA
- 2. SITE REQUIREMENTS: THE FOLLOWING IS A LIST OF SUSTAINABLE SITE ELEMENTS. THE DEVELOPER MUST SELECT AT LEAST FIVE (S) ELEMENTS FROM THE UST TO INCORPORATE INTO THE SITE DESIGN:
- INSTALL AN ELECTRIC VEHICLE CHARGING STATION IN THE PARKING LOT PROVIDE BIKE RACKS FOR EMPLOYEES AND CUSTOMER
- USE XERIC, WATERWISE, AND/OR NATIVE PLANT SPECIES IN PLANTING
- SELECT PLANT SPECIES THAT PROMOTE POLLINATION AND BIODIVERSITY INCORPORATE PERVIOUS PAVEMENT FOR AT LEAST 25% OF THE SITE'S HARDSCAPE AREA
  PROMOTE WALKABILITY & MULTI-MODAL TRANSIT NETWORKS BY
  - PROVIDING AT LEAST TWO (2) CONNECTIONS TO CITY SIDEWALKS

- PROVIDE WATER QUALITY TREATMENT ON SITE
- PROMOTE SITE DESIGN THAT IS ORIENTED TO PROVIDE THE MAXIMUM ADVANTAGE OF SUNLIGHT INCREASE TREES IN PARKING LOT TO REDUCE HEAT ISLAND EFFECT
- REDUCE WATER USE FOR LANDSCAPE IRRIGATION
  USE RENEWABLE SOURCES FOR LANDSCAPE ELECTRICITY NEEDS
- B. SITE DESIGN

- THE DEVELOPER SHALL PROVIDE AT LEAST 1,000 SQ. FT. OF COMMON GATHERING SPACE ON THE SITE.
- SYNTHETIC AND/OR ARTIFICIAL TURF IS ALLOWED IN THE COMMON
- THE COMMON GATHERING SPACE SHALL INCLUDE AT LEAST FIVE (5) DETHE
- SEASONAL PLANTING AREAS PEDESTRIAN-SCALE LIGHTING
- PUBLIC ART
- BENCHES AND/OR OTHER SEATING SYNTHETIC TURE ENHANCED PAVING

- OUTDOOR DINING PLAZA
  - WATER FEATURE WAYFINDING SIGNAGE

- EACH BUILDING OF ANY SIZE, WHETHER FREE-STANDING OR PART OF A SHOPPING CENTER, SHALL HAVE A HIGHLY VISIBLE CUSTOMER ENTRANCE FEATURING A COMBINATION OF AT LEAST FIVE (5) OF THE FOLLOWING
- ROOF OVERHANGS, RAISED CORNICE PARAPETS OR PEAKED ROOF
- FORMS
  RECESSED OR PROJECTING WALL SECTIONS
- ARCADES OR ARCHES OUTDOOR PATIOS

- DISPLAY WINDOWS
  ARCHITECTURAL DETAILS SUCH AS TILE WORK AND MOLDINGS.
- INTEGRATED INTO THE BUILDING STRUCTURE INTEGRAL PLANTERS OF WING WALLS THAT INCOPPORATE LANDSCAPED AREAS AND/OR SEATING AREAS
- PRIMARY STRUCTURES HAVING SINGLE WALLS OR PORTIONS OF WALLS EXCEEDING AS FEET IN LENGTH SHALL HAVE ARCHITECTURAL TREATMENT WHEREVER THEY FACE ADJACENT STREETS, AT LEAST FIVE (5) OF THE FOLLOWING ELEMENTS SHALL BE INCORPORATED INTO THESE WALLS, FOR
- WALLS NOT FRONTING ADJACENT STREETS, A MINIMUM OF FOUR 14LOF THE FOLLOWING ELEMENTS SHALL BE INCORPORATED. CONCRETE OR MASONRY PLINTH AT THE BASE OF THE WALL
- PECESSES AND REVEALS AT LEAST 12 INCHES IN DEPTH
- WINDOWS AND FENESTRATION ARCADES AND PERGOLAS
- LOWERS
- TOWERS

  GASILE PROJECTIONS

  HORIZONTAL/VERTICAL BREAKS

  BELT COURSES OF A DIFFERENT TEXTURE AND COLOR

  PROJECTING CORNICE
- PROJECTING METAL CANOPY DECORATIVE TILE WORK TRELIS CONTAINING PLANTING
- ARTWORK
- OTHER SIMILAR TECHNIQUES APPROVED BY THE CITY
- AT LEAST 49% OF THE WALL AREA OF THE BUILDING FACADE(S) SHALL BE FENESTRATION (I.E. WINDOWS, DOORS, OR FAUX WINDOWS), WALL AREA OF THE BUILDING FACADE(S), IS MEASURED FROM EXTERIOR GRADE TO THE INTERIOR CEILING HEIGHT, FENESTRATION IS NOT REQUIRED TO BE OPERABLE. OR TRANSPARENT.
- IF THERE ARE WULTIPLE BUILDINGS LOCATED ON SITE, ALL BUILDINGS SHALL UTILIZE SIMILAR ARCHITECTURAL FEATURES, MATERIALS, COLORS, ETC.
- ALL OTHER ARCHITECTURAL STANDARDS NOT SPECIFICALLY MENTIONED HEREIN WILL FOLLOW THE REQUIREMENTS OF THE COMMERCE CITY LAND DEVELOPMENT CODE.

# **Sheet 4 Summary & Analysis**

### Marijuana Use Standards

- Locational restrictions (as previously mentioned):
  - Min. of 500 ft. from any existing residential use
  - Proposing no location restrictions for distancing from agricultural, residential, or mixed-use zoning, and no locational restrictions from agricultural or mixed-use uses
  - All other location restrictions are per LDC requirements
- All advertising, signage, and design standards related to the marijuana use listed on Sheet 4 comply with the LDC
- All prohibitions related to the marijuana use listed on Sheet 4 comply with the LDC

# **Sheet 4 Summary & Analysis**

### Additional Standards

- Sustainability
  - Developer required to select a minimum of 5 elements (from a list of 9) to incorporate into the proposed building
- Site requirements
  - Developer required to select a minimum of 5 elements (from a list of 11) to incorporate into the site design
- Gathering space (site design)
  - Developer required to provide a gathering space on the site,
     incorporating a minimum of 5 elements (from a list of 11)

## **Sheet 4 Summary & Analysis**

### Additional Standards (continued)

- Architecture
  - Developer required to comply with several architectural design standards in excess of LDC requirements, including:
    - A "highly visible customer entrance", incorporating a minimum of 5 elements (from a list of 8)
    - Enhanced architectural treatments for walls exceeding 65 ft. in length, incorporating a minimum of 5 elements (from a list of 14) when facing adjacent streets, or 4 elements when not facing adjacent streets
    - A fenestration requirement of at least 45% of the wall area of building facades (e.g. windows, doors, or faux windows)
    - All other architectural standards will comply with the LDC

## **Road Network Impact**

- Located at intersection of two principal arterial roadways (E. 104th Ave. and Tower Rd.)
- Per the City's Transportation Master Plan:
  - Principal arterials are for high speed, unimpeded, citywide connections
  - Developments should provide internal street systems and limit or prohibit individual direct access to arterials
- Proposed development will comply with the Master Plan by not providing any new connections to E. 104th Ave. or Tower Rd.
- Access to the subject property will be via an existing private drive, which connects to Yampa St. and Tower Rd.
- The City's Development Review Engineering division has reviewed this PUD Amendment request and had no concerns

# Overall Analysis

- Proposed zone change has been reviewed by all relevant Development Review Team agencies, and there are no outstanding issues
- There is sufficient evidence in the record to demonstrate that the proposal meets the PUD Zone Document approval criteria in Municipal Code Sec. 21-3251(3)

### **Considerations for Discussion**

### The PUD Amendment:

- Would bring the site into greater consistency with the Comprehensive Plan by removing all residential uses.
- Proposes many site design, architectural, and sustainability standards which go above and beyond anything required by the LDC for similar development.
- Proposes a pared-down list of allowed uses, consisting of a small number of highly desirable commercial uses.
- Would prohibit several more intensive commercial uses, such as gas stations, car washes, and auto repair shops that are approvable per the existing Reunion PUD Amendment No. 1 that currently governs this site.
- Would guarantee a min. 2,000 sq. ft. restaurant space on the site.
- Would allow a single medical marijuana center and retail marijuana store to be developed on this site, occupying a maximum of 2,500 sq. ft. Currently the City only has marijuana retail facilities located south of E. 72nd Avenue.
- Would result in the development of this site, which has remained vacant.

# Planning Commission Summary

- This case went to Planning Commission on March 5<sup>th</sup>
- There were two individuals who gave public comment One in favor of the proposed marijuana use, and one opposed
- Planning Commission voted 3 to 1, with 1 abstaining, to recommend denial

Sec. 21-3251(3) – PUD Zone Document Approval Criteria.

A decision for this case must be based on the following criteria from Sec. 21-3251(3) of the LDC. A PUD zone document may be approved only if:

- a) The PUD zone document is consistent with the policies and goals of the comprehensive plan, any applicable adopted area plan, or community plan of the city, or reflects conditions that have changed since the adoption of the comprehensive plan;
- b) The PUD zone document is consistent with any previously reviewed PUD concept schematic;
- c) The PUD:
  - i. Addresses a unique situation, confers a substantial benefit to the city, or incorporates creative site design such that it achieves the purposes set out in section 21-4370 (PUD Zone District) and represents an improvement in quality over what could have been accomplished through strict applications of the otherwise applicable district or development standards. This may include but is not limited to improvements in open space; environmental protection; tree/vegetation preservation; efficient provision of streets, roads, and other utilities and services; unique architecture or design, or increased choice of living and housing environments; or
  - ii. The PUD is required to avoid completely prohibiting a legal, permitted business use within the city;

- d) The PUD complies with all applicable city standards not otherwise modified or waived by the city;
- e) The PUD is integrated and connected with adjacent development through street connections, sidewalks, trails, and similar features;
- f) To the maximum extent feasible, the proposal mitigates any potential significant adverse impacts on adjacent properties or on the general community;
- g) Sufficient public safety, transportation, and utility facilities and services are available to serve the subject property, while maintaining sufficient levels of service to existing development;
- h) As applicable, the proposed phasing plan for development of the PUD is rational in terms of available infrastructure, capacity, and financing; and
- i) The same development could not be accomplished through the use of other techniques, such as height exceptions, variances, or minor modifications.

The applicant is present to speak on behalf of this request and to answer any questions.

Staff is also available to answer any questions after the applicant's presentation.

Sec. 21-3251(3) – PUD Zone Document Approval Criteria.

A decision for this case must be based on the following criteria from Sec. 21-3251(3) of the LDC. A PUD zone document may be approved only if:

a) The PUD zone document is consistent with the policies and goals of the comprehensive plan, any applicable adopted area plan, or community plan of the city, or reflects conditions that have changed since the adoption of the comprehensive plan;

<u>Analysis</u>: The proposed PUD Amendment would eliminate all currently allowed residential uses on the property, meaning that if the PUD Amendment were approved, the lot would be in even greater compliance with the Comprehensive Plan, which designates this area as "Commercial". Furthermore, this case is supported by Fiscal Stability Goal (Goal FS 2) in the Comprehensive Plan, which strives to retain/increase the employment base. For a more detailed description of how this criterion is met, please refer to the "Comprehensive Plan Consistency" Section on Page 2 of the Zone Change Report. Therefore, it can be found that this application meets Criteria (a).

b) The PUD zone document is consistent with any previously reviewed PUD concept schematic;

Analysis: N/A

### c) The PUD:

i. Addresses a unique situation, confers a substantial benefit to the city, or incorporates creative site design such that it achieves the purposes set out in section 21-4370 (PUD Zone District) and represents an improvement in quality over what could have been accomplished through strict applications of the otherwise applicable district or development standards. This may include but is not limited to improvements in open space; environmental protection; tree/vegetation preservation; efficient provision of streets, roads, and other utilities and services; unique architecture or design, or increased choice of living and housing environments; or

Analysis: The proposed PUD Amendment addresses the unique situation of allowing a marijuana business to exist in closer proximity to existing agricultural, residential, and mixed-use zoning, even though the actual existing residential uses are well over 500 feet from the subject property. This is accomplished by proposing a 500-foot distancing requirement from existing residential uses, instead of having a requirement from properties that are simply zoned agricultural, residential, or mixed-use, but do not contain residential uses. Furthermore, the proposed PUD Amendment also proposes several development standards for the site that exceed Land Development Code (LDC) requirements. For a more detailed description of how this proposal represents an improvement in quality over what could be accomplished by applying LDC standards, please refer to Paragraph 2 of the "Additional Information" Section on Page 2 of the Zone Change Report.

### [Criteria (c)(i) Analysis Continued]:

In addition to addressing a unique situation and proposing an improved quality of development, this PUD Amendment also achieves the purposes set out in Code Sec. 21-4370. Per that code section, the PUD district is further intended to:

(a) Promote more economical and efficient use of land while providing a harmonious grouping of a variety of land uses;

<u>Analysis:</u> The proposal meets this criterion by, through the proposed PUD Development Permit that is dependent on this PUD Amendment, proposing a single structure to house multiple proposed uses, and then activating the area saved with a well-programed gathering space.

(b) Promote innovative design of residential areas and allow for greater densities when additional site amenities are included in the development;

### Analysis: N/A

(c) Create physical connections between existing and proposed developments in order to achieve an integrated community with common open space, transportation, transit, and public service networks; and

Analysis: The proposal meets this criterion by, again through the proposed PUD Development Permit, proposing vehicular and pedestrian connections to the surrounding commercial developments that already exist.

### [Criteria (c)(i) Analysis Continued]:

(d) Allow for innovative development projects that assist in the implementation of the comprehensive plan and not as a device to circumvent development regulations, standards, and good planning practice.

<u>Analysis:</u> The proposal meets this criterion by proposing innovative and enhanced design requirements in excess of what is required by the LDC. The PUD Amendment also proposes to eliminate residential uses, which are currently allowed, from the property which will bring the site into greater compliance with the "Commercial" designation that is assigned to the property by the City's Comprehensive Plan.

Therefore, it can be found that this application meets Criteria (c), by way of meeting Criteria (c)(i).

ii. [Criteria (c)(ii)] The PUD is required to avoid completely prohibiting a legal, permitted business use within the city;

**Analysis:** N/A

- d) The PUD complies with all applicable city standards not otherwise modified or waived by the city;
  - <u>Analysis</u>: The proposed PUD Amendment complies with all applicable city standards not otherwise modified or waived by the city. Therefore, it can be found that this application meets Criteria (d).
- e) The PUD is integrated and connected with adjacent development through street connections, sidewalks, trails, and similar features;
  - Analysis: Through the proposed PUD Development Permit, which is dependent on this PUD Amendment, the site will provide vehicular and pedestrian connections to the surrounding commercial developments that already exist. Therefore, it can be found that this application meets Criteria (e).

- f) To the maximum extent feasible, the proposal mitigates any potential significant adverse impacts on adjacent properties or on the general community;
  - <u>Analysis</u>: As discussed in greater detail in Paragraph 2 of the "Additional Information" Section on Page 2 of the Zone Change Report, the proposed PUD Amendment also proposes several development standards for the site that exceed Land Development Code (LDC) requirements. These development standard improvements cover the areas of site design, architecture, and sustainability, and should all work together to mitigate, to the maximum extent feasible, any potential significant adverse impacts on adjacent properties or on the general community. Therefore, it can be found that this application meets Criteria (f).
- g) Sufficient public safety, transportation, and utility facilities and services are available to serve the subject property, while maintaining sufficient levels of service to existing development;
  - Analysis: Through their review of this proposal, the City's Development Review Engineering Division, South Adams County Fire Department, and South Adams County Water and Sanitation District, did not identify any issues with the proposed PUD Amendment in relation to the subject property's ability to provide sufficient public safety, transportation, and utility facilities and services. Therefore, it can be found that this application meets Criteria (g).

h) As applicable, the proposed phasing plan for development of the PUD is rational in terms of available infrastructure, capacity, and financing; and

**Analysis:** N/A

i) The same development could not be accomplished through the use of other techniques, such as height exceptions, variances, or minor modifications.

<u>Analysis</u>: This proposal could not be accomplished through the use of other techniques, such as height exceptions, variances, or minor modifications. Therefore, it can be found that this application meets Criteria (i).
