

ADAMS COUNTY OPEN SPACE GRANT AGREEMENT

The Grant Agreement (“Agreement”) is made and entered into this 19th day of November 2024, between the City of Commerce City (“Applicant”) and the County of Adams, acting through the Board of County Commissioners (“Adams County”).

RECITALS

WHEREAS, in November 1999, the citizens of Adams County passed a county-wide one-fifth of one percent Open Space Sales Tax (the “Tax”); and

WHEREAS, in November 2004, the citizens of Adams County reauthorized the Tax and increased it to one-fourth of one percent; and

WHEREAS, in November 2020, the citizens of Adams County authorized the permanent extension of the existing county-wide sales tax of one-fourth of one percent for the continuing purpose of preserving open space and creating and maintaining parks and recreation facilities; and

WHEREAS, the majority of the revenues collected are distributed to qualifying jurisdictions through a competitive grant process; and

WHEREAS, on August 30, 2024, Applicant applied for an Adams County Open Space Grant to complete the “Eagle Pointe Pool Re-Plaster Project” (the “Project”); and

WHEREAS, on November 19, 2024, Adams County awarded Applicant an Adams County Open Space Grant to complete the Project; and

WHEREAS, Adams County awarded the Project 37.06% of the total Project costs, not to exceed \$80,000.00.

AGREEMENT

NOW, THEREFORE, the Parties hereto agree as follows:

1. Grant Award. Adams County hereby awards to Applicant a grant in the amount of 37.06% of the total Project costs, not to exceed \$80,000.00 (the “Grant”), subject to terms and conditions set forth in this Agreement.
2. Project Scope. Applicant shall complete the Project as described in the grant application, attached as Exhibit 1 (“Project Scope”), and incorporated herein by this reference. Exhibit 1 attachments include the grant application and all application attachments. Applicant shall not materially modify the Project Scope without the approval of Adams County. Applicant may request a modification to the Project Scope in compliance with the Modification Policy in the Open Space Policies and Procedures, attached as Exhibit 2 and incorporated herein by this reference, as may be amended from time to time by Adams County in its sole discretion. Adams

County may elect to terminate this Agreement and deauthorize its funding for the Project in the event it determines that the Project Scope has been materially modified without its approval and/or if Applicant fails to comply with the Modification Policy.

3. Completion Date. Applicant shall complete the Project no later than November 19, 2026, (“Completion Date”), which is two years after the date of Adams County’s approval of the Project. Project completion requires all necessary documentation be submitted to Open Space staff on or before the Completion Date. Applicant may request an extension of the Completion Date in compliance with the Extension Policy in the Open Space Policies and Procedures, exhibit 2, as may be amended from time to time by the Board of County Commissioners in its sole discretion. Adams County may elect to terminate this Agreement and deauthorize its funding for the Project in the event that this Completion Date is not met and/or if Applicant fails to comply with the Extension Policy.
4. Compliance with Open Space Sales Tax Resolution and Open Space Policies and Procedures. Applicant shall use the Grant in accordance with Resolution 2020-480, and the Open Space Policies and Procedures, collectively attached hereto as Exhibit 2.
5. Audits and Accounting Records. Applicant shall maintain standard financial accounts, documents, and records relating to the completion of the Project. The accounts, documents and records related to the completion of this Project shall be subject to examination and audit by Adams County staff (the “Staff”) prior to receiving the Grant. All such accounts, documents, and records shall be kept in accordance with generally accepted accounting principles and be subject to an annual independent audit as set forth in Exhibit 2.
6. Payment of Grant. Adams County agrees to make payments to the Applicant in the following manner:
 - a. Payments. Adams County agrees to disburse grant funds to Applicant to provide reimbursement for the payment of project costs upon successful completion of the Project, or on a quarterly basis. Itemized Reimbursement Requests, as set forth below, are required for reimbursements. Should the Project take two full years to complete, the Reimbursement Request for the final period of the project must be received by November 19, 2026 to remain compliant with the Project Completion Date, as set forth above. Reimbursements disbursed from Adams County shall not exceed 37.06% of project costs incurred during the previous period with cumulative reimbursements totaling no more than \$80,000.00.
 - b. Acceptable Expenditures. Applicant can request payment for 37.06% of all project costs incurred within the previous period with cumulative reimbursements totaling no more than \$80,000.00 that: (1) have already been paid by the Applicant, and (2) are listed in the approved budget attached as Exhibit 1, under Application Attachment A – Project Budget. Applicant may request disbursement of grant funds for costs that have been

incurred, but not paid by Applicant. However, Adams County will consider such requests on a case-by-case basis and distribution of grant funds for these purposes is not guaranteed.

- c. Reimbursement Request. Applicant shall submit via hand delivery, email, or regular mail, to Adams County an itemized Reimbursement Request for project costs that have been incurred as of the date of the request. Each Reimbursement Request shall contain the following: (1) copies of invoices and/or employee time sheets complete with a spreadsheet indicating hours worked, wages earned, and taxes and benefits paid for work related specifically to the Project; (2) documentation substantiating that the Applicant has paid for the costs for which it is requesting reimbursement, including but not limited to cancelled checks or proof of a wire transfer; and (3) a brief summary of the work completed to date.
 - d. Approval of Payment of Reimbursement Requests. The Adams County Open Space Program Manager shall approve or disapprove the amount of each Reimbursement Request within fifteen (15) days of receipt of a legible Reimbursement Request. Payment shall be made to Applicant by check or electronic fund transfer.
 - e. Disapproval of Reimbursement Request. If Adams County disapproves any amount or amounts in a Reimbursement Request, Adams County shall promptly notify Applicant of the reason, therefore. Upon receipt of disapproval, Applicant and Adams County shall meet within one week to discuss what, if anything, the Applicant can do to obtain payment of the requested amount that was denied.
7. Signage. Applicant shall erect and maintain an Adams County Open Space Sign, which shall be provided by Adams County, in a prominent place on the Project site, unless the Project will not be open to the public.
8. Publicity. In all press releases regarding this Project, Applicant shall include the following statement: "This Project was funded in part with proceeds from the Adams County Open Space Sales Tax. The Adams County Open Space Sales Tax was originally passed by the Adams County voters in 1999, and reauthorized and permanently extended in November 2020.
9. Miscellaneous Provisions.
- A. Good Faith. Both Parties have an obligation to act in good faith, including the obligation to make timely communication of information that may reasonably be believed to be of interest to the other party.
 - B. Applicable Law. Colorado law applies to the interpretation and enforcement of this Agreement. Venue for any dispute shall be in Adams County, Colorado.

- C. Time is of the essence. Time is of the essence in this Agreement.
- D. Authority. The undersigned represents and warrants that he or she is duly authorized and has legal capacity to execute this agreement on behalf of the Applicant, that the Applicant's obligations in this Grant Agreement have been authorized, and that the Grant Agreement is a valid and legal agreement binding on the Applicant in accordance with its terms.
- E. Survival. The terms and provisions of this Agreement and Applicant's obligations hereunder shall survive the funding of the Grant.
- F. Entire Agreement. Except as expressly provided herein, this Agreement constitutes the entire agreement of the parties. No changes to this Agreement shall be valid unless made in writing and signed by the parties to this Agreement.

The remainder of this page is left blank intentionally.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date set forth above.

Submission information

Applicant Organization Name:	Commerce City Parks, Recreation and Golf Department
Name of Project:	Eagle Pointe Pool Re-Plaster Project
Grant Request (this cycle only)	\$80,000
Previous Adco Grants (total for this project only)	\$00
Matching Funds (cash + in-kind)	\$135,880
Total Project Costs	\$215,880

Grant Request (% of Total Project Costs) 37%

Number of Acres

Cost Per Acre

Appraised Price Per Acre

If the owner is donating a portion of the value or the purchase price is more than the appraisal price, please explain:

Attach a copy of the appraisal summary page and label as Attachment M - Appraisal Summary Page.

Are there any known existing easements on the project site?

If yes, attach one set of copies of the easements and label as Attachment N - Easements.

Will the applicant be using any of its 30% distribution as part of the cash match for this project? No

If yes, please list the amount being used:

Briefly describe your project (

The Eagle Pointe Pool Re-Plaster Project aims to restore the lap pool at the Eagle Pointe Recreation Center by replacing the worn-out plaster, which was originally installed in the early 2000s. The project will enhance the pool's safety, sanitation, and longevity by adding a definition tile line in the deep end and applying new plaster. This maintenance is crucial for ensuring a high-quality recreational experience for the community and extending the pool's lifespan.

Pursuant to the Open Space Policies and Procedures, a project can be submitted for funding consideration up to three (3) times. Has this grant been submitted for funding consideration in a previous grant cycle?

No

Grant Cycle

Award Amount

Reason for Current Request:

Grant Cycle

Award Amount

Reason for Current Request:

Property site address:

6060 E. Parkway Drive, Commerce City, CO 80022

Nearest cross streets:

E. Parkway Dr. and Pontiac St.

Is this project located within Adams County?

Yes

Include a Location Map and label as Attachment G - Location Map. Location Map should clearly identify the location of the project (including the nearest cross streets) and should provide directions to the project site.

Attachment G - Location Map.pdf (1.16 MB)

Please provide GPS Coordinates, longitude and latitude.

Approximately 39.8132° N, 104.9124° W

a. Please describe each component of the project and scope of work in detail (

Plaster Surface Preparation: The first and most critical task in the project is the preparation of the pool surface for the new plaster application. This involves a thorough cleaning and stripping of the existing surface to remove any debris, algae, or contaminants that could hinder the adhesion of the new plaster. Proper surface preparation is crucial as it ensures that the new plaster will bond effectively with the pool structure, thereby preventing future peeling or flaking. This task is scheduled to take place in September of the first project year.

Hydro Blast Removal of Old Plaster: Following surface preparation, the existing, worn-out plaster will be removed using a hydro blasting technique. Hydro blasting is a high-pressure water cleaning process that efficiently removes old plaster without damaging the underlying pool structure. This step is essential to provide a clean and smooth base for the new plaster application. The hydro blast removal is also scheduled for September of the first project year, aligning with the surface preparation to streamline the workflow and minimize pool downtime.

Bond Kote Application: Once the old plaster has been successfully removed, the next step involves applying Bond Kote, a specialized bonding agent that enhances the adhesion of the new plaster to the pool's surface. Bond Kote acts as a primer that creates a strong bond between the pool surface and the new plaster, ensuring durability and longevity. This application is a critical step in preventing future issues such as plaster delamination or cracking. The Bond Kote application is scheduled for September of the first project year, following the completion of the surface preparation and hydro blasting tasks.

Bond Kote Materials: Concurrent with the Bond Kote application, the necessary materials will be sourced and utilized. These materials are specifically

designed for use in swimming pool resurfacing and meet the industry standards for quality and performance. The acquisition and application of these materials are integral to the success of the Bond Kote process, and this task is also planned for September of the first project year.

Diamond Brite Plaster Labor: The application of Diamond Brite plaster marks the core of the replastering project. Diamond Brite is a premium, long-lasting plaster material known for its durability, aesthetic appeal, and resistance to chemical and environmental wear. Skilled labor will be employed to ensure the plaster is applied evenly and smoothly, covering the entire pool surface. The application process involves meticulous attention to detail to achieve a flawless finish that will enhance the pool's appearance and functionality. This task is scheduled for completion in September of the first project year, immediately following the Bond Kote application.

Diamond Brite Plaster Materials: Alongside the labor, the procurement and application of Diamond Brite materials are crucial. The selected plaster mix will be prepared and applied according to manufacturer specifications to ensure maximum performance and longevity. The quality of these materials directly impacts the overall success of the replastering project, making this a vital component of the scope of work. The acquisition and use of Diamond Brite materials are planned for September of the first project year, concurrent with the plaster application.

Trash Haul Off and Disposal Fee: After the completion of the replastering work, the final task involves the cleanup and disposal of all project-related debris, including the old plaster and any waste materials generated during the process. Proper disposal is important not only for maintaining the cleanliness of the worksite but also for complying with

environmental regulations. This task ensures that the pool area is left in a clean, safe condition, ready for use by the public. The trash haul-off and disposal are scheduled for September of the first project year, immediately following the completion of the plaster application.

The Eagle Pointe Pool Re-Plaster Project is carefully planned to minimize disruption to the recreation center's operations while ensuring the highest quality of work. The project is scheduled to take place across one month, with each task strategically timed to follow the completion of the previous one. The timeline is as follows:

September (Year One): Plaster surface preparation and hydro blast removal of old plaster.

September (Year One): Bond Kote application, sourcing and applying Bond Kote materials, Diamond Brite plaster labor, and application of Diamond Brite materials.

September (Year One): Trash haul-off and disposal, completing the project and preparing the pool for reopening.

This timeline reflects a well-coordinated effort to complete the project efficiently and effectively, ensuring that the pool is out of service for the shortest possible time while maintaining the highest standards of workmanship.

b. Attach a Project Site Plan that identifies all project components and label as Attachment F - Project Site Plan.

Attachment F - Project Site Plan.pdf (635.31 KB)

c. Does this project attempt to avoid conflicts between surrounding uses and park uses? Are there attempts to separate high use areas within the park to avoid user conflicts? If yes, clearly identify these areas on the Project Site Plan. (

This project does not involve creating new park uses or altering the existing layout of Eagle Pointe Recreation Center, so there are no conflicts between surrounding uses and park uses. The project focuses solely on the maintenance and improvement of the existing lap pool by replastering its surface. Since this is an internal renovation of an existing facility, it does not introduce any new high-use areas or create potential conflicts within a park. The lap pool's function and location remain unchanged, ensuring continuity with the current park layout and usage patterns. Therefore, there is no need to identify areas on the Project Site Plan as the project does not alter or affect park usage dynamics.

The Eagle Pointe Pool Re-Plaster Project directly addresses the health, safety, and recreational needs of the community. The lap pool is a key facility within the Eagle Pointe Recreation Center, serving as a hub for swimming lessons, fitness activities, and community gatherings. Over time, the pool's plaster has deteriorated, posing potential safety hazards, including rough surfaces that could cause injuries and compromised water sanitation due to cracks and wear.

a. Clearly describe how this project will fulfill needs of the community (i.e. the project provides recreation opportunities for underserved areas, addresses health and safety issues, etc.). (

By replastering the pool, this project ensures a safe, clean, and inviting environment for all users, particularly benefiting underserved populations who rely on public recreation facilities for affordable exercise and leisure activities. The project also adds a definition tile line in the deep end, enhancing safety by clearly marking depth changes, which is especially important for young swimmers and those with limited swimming skills.

Furthermore, maintaining this vital community resource supports public health by providing a space for low-impact exercise, which is crucial for individuals with mobility issues, seniors, and those managing chronic health conditions. The improved pool will continue to offer a safe and enjoyable environment for physical activity, helping to address obesity, cardiovascular health, and overall well-being in the community.

The urgency to complete the Eagle Pointe Pool Re-Plaster Project is driven by the pool's deteriorating condition, which poses significant safety and operational risks. The plaster, installed in the early 2000s, has exceeded its lifespan and is now showing signs of severe wear, including cracks and rough surfaces. These issues compromise the pool's safety, increasing the risk of injury to users and potentially leading to further structural damage if left unaddressed.

b. Explain the urgency to complete this project, including how the scope of the project will be affected if Adams County Open Space Grant funds go unsecured and what, if any, opportunities will be lost if the project does not receive grant funding this cycle. (

If Adams County Open Space Grant funds are not secured, the scope of the project may be severely affected. The \$80,000 requested from the grant is essential to cover the critical components of the replastering process, including surface preparation, hydro blast removal of old plaster, and the application of new Diamond Brite plaster. Without this funding, the project may need to be delayed or scaled back, which could lead to escalating repair costs as the pool's condition continues to deteriorate. Additionally, delaying the project could result in prolonged pool closures, depriving the community of a vital recreational resource.

Moreover, if the project does not receive grant funding this cycle, the opportunity to address these urgent repairs during the optimal construction period will be lost. This could extend the timeline for necessary repairs into less favorable weather conditions, further complicating the project and potentially increasing costs. The pool's prolonged closure would also negatively impact the community, particularly those who rely on it for affordable exercise and recreational activities. The loss of grant funding would therefore not only jeopardize the project but also diminish the recreational offerings and public health benefits provided by the Eagle Pointe Recreation Center.

a. Describe all current and anticipated future uses of the project, including all programmed and nonprogrammed activities.
(

The Eagle Pointe Swimming Pool is a central hub of recreational activity at the Eagle Pointe Recreation Center, providing a vital resource for the community through a variety of both programmed and non-programmed uses. Currently, the pool plays a crucial role in offering swimming lessons that cater to all age groups, from toddlers learning the basics of water safety to adults refining their swimming skills. These lessons are not only fundamental for building swimming proficiency but also for promoting physical fitness and ensuring the safety of residents around water.

Lap swimming is another significant use of the pool, providing an accessible and essential exercise option for individuals focused on improving their cardiovascular health and overall fitness. This activity is particularly popular among seniors and those seeking low-impact workouts that are easy on the joints, making it an integral part of many residents' fitness routines.

Additionally, the pool hosts a variety of aqua fitness classes, such as aqua aerobics and water therapy sessions. These classes are highly beneficial, especially for individuals with joint pain, arthritis, or those recovering from injuries, offering a safe and supportive environment for maintaining physical activity. Open swim sessions further expand the pool's utility, allowing families and individuals to enjoy recreational swimming in a safe, controlled setting. These sessions are particularly well-attended during weekends and school holidays, making the pool a key destination for community recreation.

Looking to the future, the replastering project is expected to enhance the pool's condition, allowing for an expansion of its offerings. The improved facility will support the growth of aqua fitness programs, with the potential to introduce specialized classes

tailored to different age groups and fitness levels. This expansion will address the increasing demand for low-impact exercise options within the community.

The upgraded pool will also be better equipped to host community events, such as swim meets, family fun days, and water safety demonstrations, further embedding the pool into the fabric of the community. In addition, there is potential to introduce therapeutic swimming programs for individuals with disabilities or chronic health conditions, leveraging the pool's improved safety and accessibility.

Finally, the pool will continue to be available for private rentals, serving as a valuable venue for community members to host special occasions such as birthday parties or group gatherings. Overall, the Eagle Pointe Swimming Pool is not just a recreational facility; it is a cornerstone of community life, providing diverse activities that promote health, safety, and social interaction. The anticipated improvements will ensure that the pool continues to meet these needs while expanding its capacity to serve the community well into the future.

b. Explain how this project will appeal to a broad diversity of users or address the needs of specific groups (i.e. the project will provide facilities specifically for youth, the elderly, those with a disability, or will serve a combination of many groups). (

The Eagle Pointe Swimming Pool serves a diverse community in Commerce City, a rapidly growing area with a mix of young families, seniors, and individuals from various socioeconomic backgrounds. This project, focused on replastering the lap pool, directly addresses the needs of multiple community groups by ensuring the pool remains a safe, accessible, and inviting facility for all.

For youth, the pool is a crucial resource for swimming lessons and recreational activities, helping them develop water safety skills and providing a safe environment for physical activity. The replastering will ensure the pool surface is smooth and free from hazards, which is essential for young swimmers who are still developing their swimming abilities.

Seniors in the community rely on the pool for low-impact exercise options, such as lap swimming and aqua aerobics. These activities are vital for maintaining mobility, improving cardiovascular health, and offering social interaction in a supportive environment. The updated pool will continue to provide a safe and accessible space for these activities, supporting the health and well-being of older adults.

For individuals with disabilities, the pool offers therapeutic benefits, including water therapy programs that are gentle on joints and muscles. The renovation ensures the pool remains a key asset for those who require adaptive physical activities, maintaining its role as an inclusive community resource.

The project also addresses health and safety issues by enhancing the pool's sanitary conditions and structural integrity. The addition of a definition tile line in the deep end further improves safety by clearly marking depth changes, benefiting all

swimmers but especially those with limited swimming skills or confidence.

a. Explain how this project fits into a regional or master plan. (

The Parks, Recreation and Golf Department has recently completed its department master plan, which emphasizes the importance of maintaining and enhancing public recreational facilities to serve the diverse needs of the community. One of the highlighted areas is the ongoing maintenance and repair of existing infrastructure, such as the Eagle Pointe Swimming Pool.

The Eagle Pointe Pool Re-Plaster Project also aligns closely with the goals and objectives outlined in the Commerce City Strategic Plan, particularly in the areas of community health, recreation, and infrastructure maintenance. By ensuring that the Eagle Pointe Swimming Pool remains a safe, clean, and functional space, the project supports the plan's goals of promoting community health and well-being. The pool is a key asset for physical activity, offering programs for youth, seniors, and individuals with disabilities, which are essential for fostering a healthy, active community.

The Strategic Plan also underscores the importance of maintaining existing infrastructure to avoid costly repairs in the future. The replastering project is a proactive measure that aligns with this principle, addressing the wear and tear on the pool's surface before it becomes a more significant problem. By maintaining this important community asset, the project helps to ensure that the pool can continue to serve the community effectively for years to come.

Additionally, the plan emphasizes equitable access to recreational facilities across all neighborhoods in Commerce City. The Eagle Pointe Swimming Pool serves a diverse community, including underserved populations who rely on affordable public facilities for exercise and recreation. The project ensures that the pool remains accessible and safe for all users,

supporting the plan's goals of inclusivity and equity in public services.

Attach relevant portions of the plan(s) and label as Attachment I - Plans (limit 3 pages).

Attachment I - PRG Master Plan.pdf (225.73 KB)

This project does not directly link to other trails, parks, or open space properties in Commerce City or in another jurisdiction. The Eagle Pointe Pool Re-Plaster Project is focused on the maintenance and enhancement of an existing recreational facility within the Eagle Pointe Recreation Center. However, the significance of this project lies in its location within a central and highly accessible community hub.

b. Will this project link to other trails, parks, or open space properties in the applicant's jurisdiction or in another jurisdiction, now or in the future? If not, explain the significance of the project location. (

The Eagle Pointe Recreation Center is a key gathering place for residents of Commerce City, offering a wide range of recreational amenities that serve diverse populations, including youth, seniors, and individuals with disabilities. While it does not physically connect to external trails or parks, the recreation center itself acts as a vital component of the city's broader network of recreational resources. It provides essential services and programs that complement outdoor activities available in nearby parks and open spaces.

The pool is particularly significant because it offers indoor, year-round aquatic activities, filling a critical gap in the community's recreational offerings, especially during colder months when outdoor spaces are less usable. By maintaining and improving this facility, the project ensures that residents continue to have access to safe and high-quality recreational opportunities, regardless of the season.

The Eagle Pointe Pool Re-Plaster Project complies with the guidelines set forth by the Open Space Sales Tax under Resolution 2020-480 by directly contributing to the enhancement and maintenance of a key recreational facility in Commerce City. The primary objective of the Open Space Sales Tax is to preserve and improve parks, recreational areas, and open spaces to ensure they continue to serve the public effectively.

a. Open Space Sales Tax dollars are to be used in accordance with Resolution 2020-480. Please describe how the project complies with the Tax. (

This project aligns with these goals by addressing the critical need to maintain and upgrade the pool, which is a vital part of the Eagle Pointe Recreation Center. The replastering of the pool is essential to ensure the facility remains safe, functional, and inviting for all users. By doing so, the project supports the broader mission of the Open Space Sales Tax to provide high-quality recreational opportunities that promote community health and well-being.

Furthermore, the project ensures that the pool remains accessible to all community members, including youth, seniors, and individuals with disabilities. This accessibility aligns with the inclusivity objectives of the Open Space Sales Tax, which seeks to ensure that all residents of Adams County have access to safe and well-maintained recreational spaces.

Provide any additional information needed to understand the project budget - Attachment A (i.e., how land value was estimated without an appraisal, how costs were estimated on equipment or staff time, etc.). Please DO NOT write any dollar amounts below. (

The project budget for the Eagle Pointe Pool Re-Plaster Project has been meticulously developed to ensure that all necessary costs are accounted for, while also maximizing the efficient use of resources. The budget includes costs for specific tasks such as plaster surface preparation, hydro blasting the removal of old plaster, and the application of Bond Kote and Diamond Brite plaster materials. These costs have been estimated based on the current market rates for labor and materials, as well as past project experiences.

The general fund of the applicant is providing the cash match, ensuring that a significant portion of the project's costs are covered without relying solely on grant funding. This demonstrates the applicant's commitment to the project and their ability to manage the necessary financial resources. In-kind contributions, though not specifically detailed in the budget, are anticipated to include project management and oversight by internal staff, which further helps to reduce overall costs and leverage existing resources.

All costs have been carefully itemized and validated to ensure accuracy, reflecting both the direct expenses related to the replastering work and the ancillary costs such as trash haul-off and disposal fees. These estimates were developed in consultation with industry professionals and through the review of similar past projects, ensuring that the budget is both realistic and comprehensive.

Please list partners and describe how each partner is contributing to the project. Please DO NOT write any dollar amounts below. (

The Eagle Pointe Pool Re-Plaster Project benefits from several key partnerships that are essential to its success. Commerce City is providing substantial financial support through its General Fund, which is critical for covering a significant portion of the project's costs. This contribution underscores the city's commitment to maintaining and enhancing public recreational facilities, ensuring the project can be completed efficiently and at a high standard.

Adams County Open Space is also a crucial partner, offering grant funding that will cover specific components of the replastering work, including surface preparation and the application of new plaster materials. The support from Adams County Open Space is vital to the project's financial viability and overall success.

In addition to financial contributions, city staff are providing in-kind services, including project management, oversight, and coordination. These in-kind contributions help reduce the overall cost of the project by utilizing existing resources. The involvement of city staff ensures that the project adheres to the established timeline, meets quality standards, and complies with all regulatory requirements.

The collaboration among these partners is fundamental to the project's success, combining financial resources, technical expertise, and in-kind services to ensure the Eagle Pointe Swimming Pool continues to serve the community as a safe and welcoming facility. Each partner plays a critical role in supporting the project's goals and ensuring its timely completion.

If applying as an organization other than a qualified jurisdiction, please attach a letter of sponsorship from a qualified jurisdiction and label as Attachment J - Letter of Sponsorship.

Please provide a letter of commitment from each partner that is providing cash or in-kind contributions for this project and label as Attachment K - Letters of Commitment. Letters of commitment should include dollar amounts.

Briefly describe any effort made on the part of the applicant to gain support for this project (i.e., community surveys completed, neighborhood meetings, solicited comments, etc.). (

The Eagle Pointe Pool Re-Plaster Project has been developed with a clear understanding of the community's ongoing use of the recreation center and the need to maintain safe, high-quality facilities. While specific community outreach efforts, such as surveys or neighborhood meetings, are not detailed, the project's alignment with the city's commitment to providing essential recreational amenities suggests that it has broad support. The project's development likely stems from regular assessments of the facility's condition and an understanding of the community's reliance on the pool for a variety of programs and activities. City staff, in coordination with municipal leadership, have prioritized this project to address the identified needs, ensuring that the facility continues to serve the community effectively. This proactive approach reflects the city's dedication to maintaining key public assets and responding to the needs of its residents.

Letters of Support

Attachment L - Letter of Support_0.pdf (2.12 MB)

a. Describe how this project will be managed to ensure safety of users and for long-term sustainability. Include in your answer the entity responsible for maintenance, the available resources, and the typical maintenance schedule. (

Commerce City's Parks Maintenance Division maintains Eagle Pointe Pool. Staff is dedicated to maintaining all park amenities to ensure they can be enjoyed for many years to come. Over the last 20 years, staff has carefully followed all necessary performance maintenance steps, which contributed to the long life of the existing plaster. For the first two weeks following plaster replacement, staff brushed the pool service daily to remove plaster dust and help the plaster cure evenly.

Following the plaster curing, parks maintenance staff provided regular performance maintenance, including the following steps: monitoring and maintaining regular water chemistry to prevent algae and stains, cleaning the pool regularly and performing seasonal maintenance, cleaning the waterline tile, and ensuring proper circulation by operating the pump and filter correctly. Staff avoids harsh chemicals and abrasives in order to extend the life of the pool plaster.

Staff will continue to follow these long-term maintenance steps to ensure the longevity and quality of the new pool plaster.

b. Is there a written agreement or Intergovernmental Agreement for things such as access or maintenance?

No

If yes, please provide a copy of this agreement and label as Attachment H - Agreement.

Action Plan Goals

The following section identifies the summary Goals from Section 6 and adds potential timing and financial implications as currently known to provide a summary Action Plan.

This plan is intended to cover immediate actions, operational and programming changes in years one to five, and capital recommendations for a longer timeframe (planning can start sooner, but implementation and completion typically take at least five years or longer).

Timing implications in the chart below include:

- Ongoing – Immediate and as needed
- Annually – Once per year on a scheduled basis
- Short-Term – One to three years
- Mid-Term – Three to five years
- Long Term – Five to ten years or longer (Master Plan should be updated in Five Years).

THEME ONE

Deliver a Full and Diverse Range of Parks and Recreation Services

Themes and Summary Recommendations	Timing	Funding Implications
1.1 Use the analysis provided to add services where possible over the next ten years.	Ongoing	As determined
1.2 Add program focus and additional spaces as outlined.	Ongoing	As determined
1.3 Add two additional bilingual Park Rangers, and likely additional Rangers as parklands increase.	Short-Term	Staffing
1.4 Assign dedicated City resources for partnering with PRG, working with unhoused populations.	Short-Term	Staffing
1.5 Continue including CPTED principles for safety enhancements in all design and renovations.	Ongoing	Included
1.6 Convey a culture of working with an “Equity Lens” and cultural awareness to include diversity, equity, and inclusion for all.	Ongoing	Included

THEME TWO

Focus on Ongoing Financial Sustainability and Community Benefits

Themes and Summary Recommendations	Timing	Funding Implications
2.1 Annually review fees, fee-reduction program, and allocations for continued growth.	Annually	Staffing
2.2 Finalize Sponsorship and Grants Procedures and create Partnership Procedures documents for PRG with City centralized support.	Short-Term	Staffing
2.3 Annually review the sustainability model and subsidy target goals relative to Program Plans for each area.	Annually	Staffing
2.4 Create more detailed public guidelines and marketing to convey availability of equity assistance PRG offerings for those in need.	Short-Term	Staffing

THEME THREE

Add Additional Programs and Spaces to Hold Them

Themes and Summary Recommendations	Timing	Funding Implications
3.1 Expand aquatics in North - indoor pool at Bison Ridge, add outdoor pool in north, and add splash pads.	Mid-Term	Capital Funding
3.2 Expand Bison Ridge, and when population tops ~100K evaluate plan to add additional center to NE areas.	Mid to Longer-Term	Capital Funding
3.3 Add a Coordinator to expand cultural events offerings and/or work with Community Relations to expand.	Short-Term	Staffing
3.4 Include focus on Latino and Indigenous history in new programming offerings and any design project.	Ongoing	Staffing

THEME THREE

Add Additional Programs and Spaces to Hold Them

Themes and Summary Recommendations	Timing	Funding Implications
3.5 Expand Bison Ridge for future programming space and senior space.	Short to Mid Term	Staffing
3.6 Add pickleball wherever possible and appropriate - evaluate all spaces.	Mid-term	Capital
3.7 Add indoor aquatics at Bison Ridge, outdoor at another location in north.	Mid to Long-Term	Capital
3.8 Continue to partner with Rocky Mountain Arsenal NWR.	Ongoing	Staffing
3.9 Add and market additional classes - potentially in partnered spaces if space is an issue.	Short-term and Ongoing	Staffing
3.10 Continue to partner with library district and Community Relations.	Ongoing	Staffing
3.11 Evaluate adding after school programs in centers and/or in partnership with schools.	Short-Term	Staffing
3.12 Add introductory programs at other locations around the City, like intro to golf for all ages.	Ongoing	Staffing

Adams County Open Space Grant Program
Adams County Parks and Recreation Department
4430 South Adams County Parkway, Suite W2000B
Brighton, CO 80601

To Whom It May Concern,

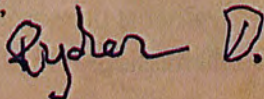

I am writing to express my strong support for the Pool Replastering Project at Eagle Point Recreation Center, proposed by the Commerce City Parks, Recreation and Golf Department. I have seen firsthand the value and impact that Eagle Point Recreation Center brings to our community.

The Pool Replastering project is important for many different reasons. First, the Eagle Pointe pool is used by a wide variety of community members, including youth, seniors and families, for many different activities, such as exercise, leisure and swim lessons. By completing the upgrade project, it will allow the pool to continue to be a safe and high-quality space for residents of all different backgrounds to use. Additionally, this project would result in a safer swimming experience for users due to the addition of a tile line for improved safety and will address deferred wear and tear to improve sanitary conditions and extend the life of the pool.

The pool is a critical amenity at Eagle Pointe Recreation Center, and I believe that the proposed improvements would greatly benefit our community.

Thank you for your time and consideration of the Commerce City Parks Recreation and Golf Department's application.

Best,

A handwritten signature in black ink, appearing to read "Ryder D.", is written over the "Best," text.

To Whom It May Concern,

I am writing to express my strong support for the Pool Replastering project at Eagle Point Recreation Center, proposed by Commerce City Parks and Recreation Department. I have seen firsthand the immense value and impact that Eagle Point Recreation Center brings to our community.

The Pool Replastering project is crucial for several reasons:

1. **Enhanced Safety:** Replastering the pool will ensure a safer swimming experience for all users, including the addition of a definition tile line for improved safety.
2. **Maintenance and Sanitation:** The new plaster will address wear and tear, improving the sanitary conditions and extending the life of the pool.
3. **Community Engagement:** The upgraded pool will cater to the diverse needs of our community members, providing a vital resource for exercise, leisure, and swim lessons.

We are an advocate for community enhancement projects, and we believe that the success of the Pool Replastering will serve as a model for future initiatives. This project has our full endorsement, and we are committed to supporting its implementation in any way possible.

Thank you for considering this application. We are confident that the improvements proposed will bring substantial benefits to our community and contribute to the overall mission of the Adams County Open Space Grant Program.

Sincerely,

A handwritten signature in blue ink, appearing to read "Timothy", with a long, sweeping horizontal line extending to the right.

Brighton, CO 80601

To Whom It May Concern,

I am writing to express my strong support for the Pool Replastering project at Eagle Point Recreation Center, proposed by Commerce City Parks and Recreation Department. I have seen firsthand the immense value and impact that Eagle Point Recreation Center brings to our community.

The Pool Replastering project is crucial for several reasons:

1. **Enhanced Safety:** Replastering the pool will ensure a safer swimming experience for all users, including the addition of a definition tile line for improved safety.
2. **Maintenance and Sanitation:** The new plaster will address wear and tear, improving the sanitary conditions and extending the life of the pool.
3. **Community Engagement:** The upgraded pool will cater to the diverse needs of our community members, providing a vital resource for exercise, leisure, and swim lessons.

We are an advocate for community enhancement projects, and we believe that the success of the Pool Replastering will serve as a model for future initiatives. This project has our full endorsement, and we are committed to supporting its implementation in any way possible.

Thank you for considering this application. We are confident that the improvements proposed will bring substantial benefits to our community and contribute to the overall mission of the Adams County Open Space Grant Program.

Sincerely,

August 8, 2024

To Whom It May Concern,

I am writing to express my strong support for the Pool Replastering Project at Eagle Point Recreation Center, proposed by the Commerce City Parks, Recreation and Golf Department. I have seen firsthand the value and impact that Eagle Point Recreation Center brings to our community.

The Pool Replastering project is important for many different reasons. First, the Eagle Pointe pool is used by a wide variety of community members, including youth, seniors and families, for many different activities, such as exercise, leisure and swim lessons. By completing the upgrade project, it will allow the pool to continue to be a safe and high-quality space for residents of all different backgrounds to use. Additionally, this project would result in a safer swimming experience for users due to the addition of a tile line for improved safety and will address deferred wear and tear to improve sanitary conditions and extend the life of the pool.

The pool is a critical amenity at Eagle Pointe Recreation Center, and I believe that the proposed improvements would greatly benefit our community.

Thank you for your time and consideration of the Commerce City Parks Recreation and Golf Department's application.

Best,

Amber Walsh

Autumn Walsh

Pending Projects

Sand Creek Regional Greenway Flood Repairs

\$345,500

Original Due Date: 11/10/17 (extension is current)

Status: This project is complete but has received FEMA funding. All documentation has been submitted to FEMA and we are waiting for them to process it. FEMA closeout must occur before ACOS closeout to verify the amount of funds received. In the last 3 months we have received notification from the state that they have all necessary information to close out the project, but we are still waiting on that final closeout and payment.

Commerce City Master Planning Efforts

\$100,000

Original Due Date: 11/19/21 (extension is current)

Status: The Bison Ridge Master Plan is complete and preliminary work has been completed for the Parks, Recreation and Golf Master Plan. Work continues on the PRG plan through 2023 and early 2024 with the plan scheduled to be adopted by City Council in Q2 of 2024.

Second Creek Farm Park

\$1,895,515.24

Original Due Date: 08/09/2024

Status: Design is being finalized and construction documents will begin soon. Estimated completion is Q3 2024.

Fairfax Park Improvements

\$700,000

Original Due Date: 11/29/2024

Status: Playground has been ordered and will be installed before the end of 2024. Civil engineering is in process for the addition of the flush restroom.

Stampede Park Improvements

\$375,000

Original Due Date: 11/29/2024

Status: Playground has been installed and civil engineering is in process for the restroom and the basketball court.

Open Space Restoration

\$260,000

Original Due Date: 06/27/2025

Status: Some equipment has been purchased and restoration activity completed. Additional work will occur in 2025.

Pioneer Park Spray Ground Refurbishment

\$750,000

Original Due Date: 12/12/2025

Status: Project has gone out to bid and a contractor has been chosen that will design and build the spray ground. Work is planned to begin after the spray ground closes for the season in October 2024.

Pioneer Park Scoreboard Replacement

\$25,000

Original Due Date: 07/09/2026

Status: Bids have been received and work will commence in late 2024/early 2025.

Paradise Island Aquatics Park Leak Repair and Re-Plaster

\$1,000,000

Original Due Date: 07/09/2026

Status: Project has gone out to bid and work is planned to begin after the park closes for the season in October 2024.

Ragweed Draw Open Space and River Run Park Improvements

\$500,000

Original Due Date: 07/09/2026

Status: Ragweed Draw Open Space irrigation design is complete and preparing to go out to bid.

Outreach for the playground at River Run will occur this fall and then the playground will be ordered.

Design for the irrigation at the River Run Park ball field is starting this fall.

Introduction

Adams County citizens passed an Open Space Tax on November 2, 1999, and reauthorized it on November 2, 2004, to be extended until December 31, 2026. The voter approved issue called for 68% of the proceeds from the tax to be distributed to eligible jurisdictions by a grant process. The Open Space “Tax Issue” also provides for 30% of the funds to be returned to the Cities and County based on a formula of where the tax is collected. Two percent may be used for administrative purposes. Adams County Open Space Sales Tax funds are subject to an annual independent audit.

At an election on November 3, 2020, Adams County citizens then approved permanently extending the existing county wide sales tax of one-fourth of one percent (one-fourth penny per dollar) for the continued purpose of preserving open space and creating and maintaining parks and recreation facilities.

This document is meant to provide a brief overview of each component of the Sales Tax program and provide specific guidance for use of 30% Share back funds and the administration of the 68% Grant Fund.

2% Administration Fund

The 2% Administration Fund is the first set of funds removed from the Sales Tax revenues. These monies are used annually to fund the salaries and benefits of Open Space staff who administer the program. In addition, these funds are used for the day-to-day administration of the entire Sales Tax revenue. Major costs from this fund include public relations costs (such as promotional materials, attending local community days, and publishing an annual report), and all costs associated with coordinating two grant

cycles per year. The budget for these funds is developed annually by Open Space staff and is approved by the Adams County Parks and Open Space Director, the Adams County

Finance Department staff, and ultimately the Adams County Board of County Commissioners (BoCC) as part of the overall County budget.

Annual Report

An annual report describing projects funded with the open space funds will be made available to the residents of Adams County annually. The County will compile information based upon reporting they receive from each jurisdiction describing how 30% Share back funds were used. The County will also compile a list of projects funded in the past year, including a brief description of each project and the amount of funding awarded.

Annual Audits

All expenditures of Open Space Sales Tax funds are subject to an annual audit. This includes projects awarded grant funds as well as funds disbursed from the 30% portion of the Sales Tax Fund.

30% Share back Program

Purpose

The Share back Program distributes a portion of Open Space Sales Tax revenues directly back to the taxing jurisdiction for use on either passive or active projects. The share back is distributed as described in Section 8, b (iii) of Resolution 2020-480: “After payment of the administrative fee, thirty percent (30%) of the remaining Open Space Sales Tax collected shall be automatically returned to the cities, towns and unincorporated area of Adams County in the same proportion as is the ratio of Open Space Sales Tax collected within the city, town or unincorporated area to the total County sales tax collections, as computed from information provided by the Colorado Department of Revenue. This money may be used by the jurisdiction for either active or passive uses but shall not be used to augment existing parks and open space budgets”.

Distributions of these funds are made twice yearly to all qualified jurisdictions. Payments are distributed as electronic fund transfers or check to the qualified jurisdiction, or in the case of Adams County, as an internal transfer of funds.

Eligible Expenses

Share back funds received by the qualified jurisdiction may be used for passive or active uses. However, there are some limitations to use of the share back funds, including but not limited to:

- As stated in Resolution 2020-480 Section 7 (c) (iv), “no land or interests acquired with revenues of the Open Space Sales Tax may be sold, leased, traded, or otherwise conveyed, nor may an exclusive license or permit on such land or interests be given, without the approval of such action by the Board [of County Commissioners]”.

- Funds from the 30% distribution can be used to maintain active and passive projects previously funded through the Open Space Sales Tax but may not otherwise augment existing budgets.

Annual Reporting

In approximately January of each year, Open Space staff will distribute an annual reporting form to qualified jurisdictions. The purpose of this form is to detail how each qualified jurisdiction allocated the previous year's 30% distribution. Forms from all qualified jurisdictions must be returned to Adams County Open Space staff prior to any spring distributions being processed. The information acquired through this process will be included in the annual report.

68% Grant Fund

Purpose

The 68% Grant Fund is a competitive grant process where parks and open space projects compete for limited funds available through the Sales Tax program. Applications are reviewed by the Open Space Advisory Board (OSAB), comprised of seven (7) volunteer members appointed by the BoCC. The OSAB makes funding recommendations to the BoCC based on funds available and project merits. All final funding decisions are made by the BoCC.

Available Funding

The funding available in each grant cycle is comprised of the grant fund share of Open Space Sales Tax revenues for the last six months of the previous year (Spring grant cycle) or the first six months of the year (Fall grant cycle), all interest earnings on Open Space Sales Tax revenues, any unallocated monies remaining from previous revenues, and monies returned to the fund due to projects coming in under budget or projects that were unable to be completed.

Funding is limited for each grant cycle. The OSAB can elect to recommend a project be funded in full, part, or may choose not to recommend funding for the project. The BoCC will review the recommendations of the OSAB and award in full, modify the amount, or deny grant funds to specific projects.

Applicants for projects or phases of projects that were not awarded Open Space Sales Tax funds in the full amount requested in the initial grant proposal are encouraged to reapply for up to two additional grant cycles following the initial submittal, in the event the applicant deems the project worthwhile of additional funding.

Grant Cycle Timeline

Grant cycles occur twice each year in March and September. For a more detailed grant cycle schedule, visit www.adcogov.org/open-space-grant-information or contact Open Space Sales Tax Grant Program staff.

Applicant Eligibility

Applicants must not have any unresolved compliance issues. The applicant must be in compliance on projects previously funded with Adams County Open Space Sales Tax Funds, including funds received from the 30% Open Space Sales Tax distributions. Compliance includes but is not limited to completion of projects as funded and provision of information when requested or due.

Qualified Jurisdictions

The Qualified Jurisdictions are defined as the sales tax collecting entities in the County and special districts that solely provide parks or recreational facilities or programs currently include: City of Arvada, City of Aurora, Town of Bennett, Bennett Park and Recreation District, City of Brighton, City of Commerce City, City of Federal Heights, Hyland Hills Park and Recreation District, City of Northglenn, Strasburg Parks and Recreation District, City of Thornton, City of Westminster, and Adams County.

Qualified jurisdictions must have an adopted Parks and/or Open Space Plan. Metropolitan Districts that provide park and recreation services among other services shall not be considered park and recreation districts for the purposes of these policies and procedures. Homeowner's Associations (HOA's) are not eligible to apply for and/or receive open space grants.

Sponsored Organizations

Any organization, including, but not limited to Metropolitan Districts providing services in addition to parks and recreation, other governmental entities and non-profit organizations are eligible to apply, provided they are sponsored by a qualified jurisdiction. These organizations must receive sponsorship from one of the qualified jurisdictions, as evidenced by documentation from the sponsoring qualified jurisdiction indicating their sponsorship of and support for the project. These organizations should contact the most appropriate qualified jurisdiction well ahead of the grant application due date to allow for enough time to navigate that jurisdiction's process. If seeking sponsorship from Adams County, please contact Open Space staff at least 6 weeks ahead of the grant application due date for additional information. If a qualified jurisdiction agrees to sponsor an application, the sponsored application does not count against the qualified jurisdiction's allowed number of applications per grant cycle. Homeowner's Associations (HOA's) are not eligible to apply for and/or receive open space grants, (Resolution 2020-402).

The role of the sponsoring qualified jurisdiction is flexible, but at minimum consists of providing approval for the requesting organization to apply for the program. A more significant relationship between sponsoring qualified jurisdiction and sponsored organization is encouraged, especially for organizations new to the Open Space program, but is not required. Any additional contact between the sponsoring qualified jurisdiction and sponsored organization is optional at the will of either party.

Eligible Projects

Staff will review the application and project for conformance with the voter-approved “Tax” and the Open Space Policy and Procedures.

Facilities, including but not limited to parks, sports fields, golf courses, and recreation centers, or land must be accessible to the public, inclusive of those with disabilities, except for land acquisitions and conservation easements for agricultural preservation and habitat preservation.

Eligible Project Types

The following is a list of eligible projects for the Adams County Open Space Sales Tax Grant Program. This list comes from Resolution 2020-480 7-(c). If a prospective project is not directly related to one of these items, please contact Open Space staff for further discussion. Adams County Open Space Sales Tax funds in the grant program can be used for:

Purchase, construction, maintenance of the following:

- Horse, bike, running trails
- Natural areas with limited development for fishing, hiking, walking, or biking
- Wildlife preserves
- Lakes for fishing with accessible walks, docks, picnic areas, and restrooms
- Conservation easements on agricultural land
- Environmental education programs
- Lands and waterways as community buffers
- River and stream corridor land
- Unimproved flood plains
- Wetlands
- Preservation of cemeteries
- Picnic facilities

Acquisition of:

- Fee title interest and less than fee title interest(s) in real property for open space, natural areas, wildlife habitat, agricultural and ranch lands, historical amenities, parks, and trails. Less than fee title interests include easements (including conservation and agricultural), leases, options, future interests, covenants, development rights, subsurface rights and contractual rights, either on an exclusive or nonexclusive basis.
- Water rights and water storage rights for use in connection with aforementioned purposes
- Rights-of-way and easements for trails and access to public lands and to build and improve such trails and accessways.
- Joint projects between counties and municipalities, recreation districts, or other governmental entities in the County.

To improve, protect, manage, patrol, and maintain:

- Open space
- Natural areas
- Wildlife habitats
- Agricultural and ranch lands
- Historical amenities
- Parks
- Trails

To pay for related acquisition, construction, equipment, operation, and maintenance costs

To implement and effectuate the purposes of the Open Space Program

Acquisition and maintenance of:

- Lands with significant natural resource, scenic, and wildlife habitat values
- Lands that are buffers maintaining community identity
- Lands that are to be used for trails and/or wildlife migration routes
- Lands that will be preserved for agricultural or ranch purposes
- Lands for outdoor recreation purposes limited to passive recreational use, including but not limited to hiking, hunting, fishing, photography, nature studies, and if specifically designated, bicycling or horseback riding
- Lands with other important values such as scenic and historic sites that contribute to the County's and County municipalities' natural and cultural heritage

Purchase, construction, equipping, and maintenance of:

- Sports fields
- Golf courses
- Recreation centers
- Lands for park purposes
- Park and recreational improvements and facilities

In addition to eligible project types, the following list indicates Eligible Project Expenses. This list is meant to clarify eligible expenses but is not a comprehensive list of eligible expenses. Please contact Open Space staff regarding expenses not otherwise included on this list. These items can appear in the project budget and be reimbursed for as a part of the project. They can be grant request, applicant / partner match, or in-kind contribution or any combination thereof. The following items are Eligible Project Expenses:

- Consultant costs for acquisition, planning, design, and/or construction of parks, trails, or open space (including natural areas, wildlife habitats, agricultural lands, ranch lands, and historical amenities)
- General volunteer time or Board member time (see Salary below)
- Organization fees including certification and accreditation fees (directly relating to project or program, or a requirement thereof)
- Training tuition for programs/certifications directly related to the project
- Staff time and expenses that are related to a specific project (see Salary below)

- Costs that directly relate to the planning activities (inventories, design, GIS/mapping, printing, etc.)
- Existing operations and maintenance
- Public input costs (meeting rooms, mailings or other advertising, facilitation, surveys and web-based outreach)
- Acquisition of conservation easement or land for open space, park, or trail purposes:
 - Purchase price
 - Water rights
 - Mineral rights
 - Associated closing costs
 - Appraisal
 - Survey
 - Environmental assessment and cleanup
 - Baseline report
 - Mineral remoteness report, etc.
- Conservation easement stewardship endowments for passive use land acquisitions (see Conservation easement stewardship endowment below)
- Park amenities, including but not limited to:
 - Athletic fields/courts
 - Track and field facilities (including projects involving artificial turf)
 - Playgrounds
 - Swings
 - Climbing structures
 - Skateparks/rinks
 - Swimming pools (indoor or outdoor)
 - Splashpads
 - Water slides
 - Water slides
- Trails, including:
 - Bridges
 - Underpasses
 - Overpasses
- Construction and/or redevelopment of golf courses
- Development and/or redevelopment of environmental education facilities, outdoor classrooms, and natural areas intended for environmental education purposes
- Programmatic funding for environmental education
- Disc golf courses
- Whitewater parks
- Fishing piers and boat docks
- Sculptures and artwork in a park or open space, including memorials
- Outdoor amenities located at fairgrounds
- Concession stands and storage buildings located in a park or open space and used in association with activities conducted at the park or open space
- Indoor facilities, including:

- Recreation centers
 - Buildings at fairgrounds
 - Nature Centers
- Infrastructure, including:
 - Irrigation
 - Drainage
 - Parking lot
 - Lighting
 - Utilities, etc.
- Amenities, including:
 - Restrooms
 - Drinking fountains
 - Benches
 - Landscaping
 - Picnic tables
 - Grills
 - Pavilions
 - Amphitheaters or outdoor performing arts centers when located in a park or open space
 - Signage
 - Fencing
 - Lighting
 - Historical facilities when located in a park or open space, etc.
- Eligible work completed prior to application (see Prior Completed Work below)
 - Land acquisition and design work within three (3) years of application
 - All other eligible work within one (1) year of application.
- Expenses associated with on-the-ground project management
- Printing and development of parks, trails and open space related publications
- Promotional items (all to include Open Space logo, see Open Space Signage and Logo Use policy)
- Indirect costs (see Indirect Costs below)
- Non-fixed assets, including:
 - Lawnmowers
 - Snow blowers
 - Gloves
 - Shovels
 - Rakes
 - Weed eaters
 - Staff uniforms
 - Wildlife cameras, etc.
- Costs associated with volunteer programs, including:
 - Food and drink
 - Training
 - Clothing
 - Appreciation items
- Donations of the items above can be counted as in-kind match

The following are ineligible project expenses and may not appear in any form on the project budget:

- Fundraising costs
- Any meeting costs not associated with the project
- Grant writing
- Events, publications, advertising, and/or similar event items for fundraising
- Amusement parks
- Recreational program costs, including:
 - Staffing
 - T-shirts or uniforms
 - Trophies

Medals, etc.

Salary

Salary is an eligible project expense if it is project and/or program specific. The salary being funded must be time-limited and for specific project-related job duties, not general job duties of the position. At the time of project completion, documentation of hours spent working on the project must be provided either through timesheets or other tracking mechanism. Please speak with Open Space staff for specific questions related to salary and the documentation required.

Conservation easement stewardship endowment

A conservation easement stewardship endowment is meant to be the principle investment into a dedicated fund for use by the easement Grantee for annual stewardship and monitoring costs. The amount of the endowment allowance is determined by multiple factors that have been agreed upon by the qualifying jurisdictions. To reflect the perpetual nature of these obligations, the amount allowed as part of a grant request may fluctuate over time to reflect current costs in staffing, etc. and current interest rates. Please contact Open Space staff regarding current conservation easement stewardship endowment practices and allowance.

Indirect Costs

Up to 10% of a project's direct costs may be requested as part of the grant request. Additional indirect costs can be included as part of the applicant match. The Open Space program strongly encourages applicants to request reasonable amounts of funding for indirect costs to ensure that the application is competitive.

Indirect costs include costs which are frequently referred to as overhead expenses (e.g., rent and utilities) and general and administrative expenses (e.g., officers' salaries, accounting department costs and personnel department costs).

Prior Completed Work

Acquisition of property and design work previously completed and related to a specific project are eligible expenses, as long as the work is completed within three years of the application date. All other expenses, as listed in the Eligible Project Expenses section, are eligible as long as the work is completed within one year of the application date. Individual expenses may be older than the deadline only if the final work is completed within the deadline timeframe. All previously incurred expenses will be expected to submit the same documentation at project closeout as work completed directly as a part of the grant project (including invoices and proof of payment).

Specific Requirements of Land Acquisitions

To meet the intent of Resolution 2020-480 7-(c), land purchased with Open Space sales tax dollars with passive funds will be encumbered to perpetually protect the passive uses of the property.

Primarily, this encumbrance will take the form of a conservation easement. In some instances, a conservation easement may not be the best tool for land preservation and a declaration of covenants, conditions and restrictions may be placed on the land in lieu of the conservation easement. These situations may include but are not limited to property where there is less than five acres of habitat or preservable land, sites where there are no easily identified conservation values, a redevelopment site or site where significant changes to the property are anticipated, or land purchased solely for use as a trail corridor. In all situations, it is at Open Space staff's sole discretion whether a conservation easement or declaration of covenants, conditions and restrictions will be used to protect the land's passive uses.

The negotiation, approval, and full execution of a conservation easement or a declaration of covenants, conditions and restrictions are required before such a project will be closed out. Additional information on project closeout can be found in subsequent sections. Land purchased using active funds will not be required to have an encumbrance on the property. If the acquiring organization desires to place a conservation easement on a portion of a property purchased with active funds, please contact Open Space staff for additional information.

Applying to the Program

Application Types

- The terms Passive and Active are only used for internal purposes.
- Mini Grant applications are for uses defined in either of the above sections but are geared towards smaller scale projects. A project is determined to be a Mini-Grant if the total amount of the grant request does not exceed \$25,000. Funding for mini grants is limited to a total of \$50,000 per year, per applicant. The Mini Grant is also limited to one application per applicant, per grant cycle. Mini grant funding is capped to 2% of the available funds per cycle. For example, if \$12,000,000.00 is the funding available for the cycle, mini grant awards would be capped at \$240,000.00. Mini grants are to be subject to the same ranking process as full project applications.

Submission Requirements

Each qualified jurisdiction or sponsored organization applying to the Open Space Program may only submit up to three (3) grants per grant cycle, up to two (2) of which may be full project applications (i.e., not mini grants). For sponsored organizations, each project in a single grant cycle must be sponsored by a different qualified jurisdiction. Each qualified jurisdiction may only sponsor one project per grant cycle from any given sponsored organization, but there is no limit on the total number of applications a qualified jurisdiction may sponsor in any grant cycle. Sponsored applications do not count against a qualified jurisdiction's allowed number of applications per grant cycle.

Applications must be submitted online during the spring and fall grant cycles. Applications are submitted online at www.adcogov.org/open-space-grant-information. No applications will be accepted after the deadline date, with the exception of additional documentation requested by the Parks, Open Space and Cultural Arts Staff, the OSAB, or the BoCC.

The primary contact person(s) identified in the Open Space Application will be used for all official correspondence for each submitted project, including all correspondence regarding project status reports and closeout information. Please contact Parks, Open Space and Cultural Arts staff as soon as it becomes necessary to change the primary contact person.

Matching Funds

In-kind sources of funds, such as donations of goods or services or volunteer hours are acceptable forms of match. All donations of goods or services must be documented in the application with a letter from the donor describing the donation and its estimated value. The use of volunteer hours is acceptable.

Applicants must estimate the number of volunteer hours anticipated for completion of the project and include in the project narrative a description of the work to be completed by those volunteers.

Volunteer time should be valued at the standard rate for the state of Colorado as found at http://www.independentsector.org/volunteer_time. Please see the Glossary of Terms for additional information about what constitutes in-kind contributions.

All projects must leverage the funds being requested of the Open Space Grant Program. Applicants must provide a minimum of 30% of the total project costs toward the project. Any additional funds brought toward the project will be considered favorably by the OSAB during their evaluation.

Application Components Specific to Real Estate Transactions

For real estate transactions, applicants should obtain a qualified buyer's appraisal, see Glossary of Terms, page 20. When a qualified appraisal is not available at the time of application, applicants should provide additional information with their application verifying the purchase price they are estimating. Additional information can include, but is not limited to, recent purchases by the organization of similar land, comparable listings or sales in the area, and other information used by the applicant to determine

the cost included in the application. A qualified appraisal will be required prior to project closeout, or prior to closing if funds are to be wired at the time of closing. When the applicant is seeking to buy property for a price that exceeds the qualified appraisal value, the OSAB will make recommendations on a case-by-case basis to the BoCC for final approval. If no appraisal was available to the OSAB and more is paid for the property than the appraised value, unless specifically requested by the grantee from the BoCC, no reimbursement will be made for a purchase price exceeding the appraised value. If the grantee wishes to be reimbursed for that additional amount, a request will be sent to the BoCC for approval prior to reimbursement.

Application Criteria and Scoring

OSAB will request presentations by applicants for all applications. Presentations for mini-grant applications are welcomed but not required. Presentations will not be scored and are for informational purposes only. The OSAB will review projects and make funding recommendations to the BoCC based on criteria and information provided by the applicant in the following categories:

- Grant Fund Use
- Project Funding
- Project Support
- Project Management and Applicant's Past Performance of Awarded Projects
- Project Location within Adams County

Other factors favorably considered by the OSAB when included in an applicant's answers to the existing questions on the grant application:

- Inclusivity of projects for people of all abilities
- Measured water efficiency
- Measured energy conservation
- Facility maintenance
- Use of recycled material
- Use of sustainable materials in construction, when possible
- Use of native/Colorado appropriate species

The OSAB utilizes standard score sheets while reviewing projects. Examples of the most recent score sheets can be requested from Open Space staff at any time. Each OSAB member ranks the projects based on their impressions of the project. Each project receives a unique ranking from each OSAB member. For example, if there are ten projects in a particular cycle, the OSAB members assign a one (1) to their highest priority project and a ten (10) to their least priority project. The rankings for each project are then totaled and projects are organized from highest ranking (lowest number of points) to lowest ranking (highest number of points). The projects are then discussed by the OSAB in rank order and funding recommendations are made. Mini grant applications are scored separate from full applications using the same criteria.

Note: Current scoring practice is described. This process may be changed as the OSAB changes and as projects change. Any changes to OSAB scoring of projects will be shared with applicants prior to the grant cycle in which the changes will be instituted.

After Grant Award

If a press release is issued, include the following statement:

“Funds were awarded from proceeds of the Adams County Open Space Sales Tax, which was passed by Adams County voters in 1999, and reauthorized in November 2004 to be extended until December 31, 2026 and reauthorized for a permanent extension on November 3, 2020”.

Grant Agreement

The BoCC will publicly award the grants at a public hearing. At the public hearing, Open Space staff will distribute copies of the grant agreement to each successful applicant. Signed grant agreements are due back to Open Space staff within 45 days of the public hearing. Once they are received back, Open Space staff will have the agreements signed by the BoCC and will return one fully executed copy to the applicant in either electronic or paper form. The BoCC reserves the right to add specific conditions as part of the Grant Agreement and/or Conservation Easement. A revised budget sheet shall be requested if awarded funds differ from the original grant request.

Project Due Date

All projects must be completed within two years of the grant award date. All documentation necessary to close out the project must be submitted to Open Space staff or an extension must be requested by this date. If no documentation is received by Open Space staff by the project due date, this may result in non-compliance. Please see the Grant Non-compliance section below.

Project Extension Policy

Requests for extension must be received prior to the project due date, preferably one month prior to the project due date. A sample Extension Request form is available on the website at <https://www.adcogov.org/open-space-grant-information> under “Required Forms”. Forms may be updated at any time.

As such, Grantee should confirm with Open Space staff the correct form to submit for their request. Project extension requests may be approved for up to 12 months at a time by Open Space staff. Grantee should include in their request progress made to date on the project, barriers to completion of the project and plans to overcome said barriers, and a timeline for project completion. If, at Open Space staff’s discretion, no significant progress towards completion has been made, the extension request may

be denied. Extension requests for projects not closed within 5 years of the award date will require approval from the Board of County Commissioners.

If a request for an extension is denied, Grantee will be promptly notified by Open Space staff. Upon receiving this notification, the Grantee must notify Adams County Open Space in writing as to whether or not they will complete the project as originally funded. If the Grantee is unable to complete the project as originally funded, a termination of Grant Agreement will be executed by Adams County and the Grantee will be required to deauthorize awarded funds or return all previously awarded funds for that project along with accrued interest and applicable market value adjustment within 30 days of receiving the Termination of Grant Agreement. Failure to respond to such a notification will result in an automatic de-authorization of the grant and may result in non-compliance. Please see Grant Non-compliance section below.

Project Modification Policy

If a change to an awarded project is anticipated, Grantee should contact Open Space staff to discuss the proposed change. At that time, Open Space staff will determine whether a formal project modification should be requested. Most change requests will likely fall into one of three categories: 1) minor material change, no request necessary; 2) more significant change to project described in the application, but no change to the budget, staff approval possible, and 3) significant change that impacts the intent of the project and/or the project budget, BoCC approval necessary. If there is any question of which category the request falls into, it will be elevated to the next level for approval.

If it is deemed necessary, the Grantee must submit a Modification Request form to Adams County Open Space staff. A sample Modification form is available on the website at <https://www.adcogov.org/open-space-grant-information> under "Required Forms". Forms may be updated at any time.

If necessary, this information will be forwarded to the BoCC along with a full staff report for the BoCC's consideration. If the modification request is rejected and the project cannot be completed as originally approved, the Grantee may request deauthorization of the grant award and submit a new application for the revised project for consideration in future grant cycles.

Failure to notify Adams County Open Space staff of changes to an awarded project may result in non-compliance. Please see Grant Non-compliance section below.

Grant Non-compliance

A non-compliance issue may arise due to a failure to adhere to the project due date policy, extension policy, modification policy, or at Open Space staff's discretion. At such time that Open Space staff feels a non-compliance issue has arisen, staff will forward the information and a full staff summary to the BoCC. The BoCC will review the issue and determine what if any remedy will be required. Potential consequences of non-compliance include 1) deauthorization of the current grant award, with a request to repay any funds plus interest already disbursed for the award, 2) suspension of the Grantee from participating in the Open Space Grant program as an applicant, partner, or sponsor, or 3) any other consequence deemed appropriate by the BoCC.

Open Space Signage and Logo Use

An Adams County Open Space Sign provided or approved by Open Space staff will be posted in a prominent place at the project site once the project is completed. This does not apply to projects that will not have public access (i.e., conservation easement projects or planning projects). Signs provided by the County must remain up at the project site through the reporting period (i.e., 10 years). For acquisitions funded through the Open Space program, signs must remain up on the property through the life of the sales tax. Open Space staff will periodically do audits of signs at project locations and will offer replacement signs when needed. Grantee may also ask for replacement signs at any time when a sign becomes damaged or otherwise in poor condition. Following the expiration of the Open Space Sales Tax, signs shall remain in place until damaged or otherwise in poor condition at which time the sign may be removed and not replaced.

If the Grantee wishes not to place a separate Adams County Open Space sign, but rather to use the logo as a part of new signage to be produced for the project, a high-quality digital design file of the Adams County Open Space logo can be provided by Open Space staff. Use of the Adams County Open Space logo on other permanent signage must be approved by Open Space staff prior to final production of said signage. The program logo can also be provided for other uses via digital image files at the sole discretion of Open Space staff. Any additional usage of the program logo must be approved by Open Space staff.

School playgrounds funded by the Open Space Tax must post the hours that the play areas are open to the public. Example: Playground is closed while school is in session from 8 am to 2pm. Playground is open to the public from 3:30 p.m. time to 8:00 p.m.

Reimbursement and Closeout Process

Funds will be disbursed:

- Once the project has been both physically and contractually completed as funded, or at a specified periodic reimbursement date as described in the grant agreement (subject to documentation described below).
- The documentation requested in the reimbursement process has been received and verified by staff. Documentation should indicate that all work has been completed, invoiced, and paid on the project contract, including payment of retainage, as necessary.
- If the final product of a project is a document, including but not limited to a plan, design, or construction documents, those documents must be sent to Open Space staff for inclusion in the project file and for project closeout. In addition, if a document is being developed in association with a land purchase including but not limited to surveys, baseline assessments, or environmental analysis, those documents must be forwarded to Open Space staff for project closeout.

The amount of funds disbursed will correspond to the submitted project budget. The amount of disbursement will be adjusted as necessary to maintain the level of funding originally awarded and

specified in the Grant Agreement. All reimbursements will be based on the award percentage of the total project costs, up to the full award amount. At no time will the amount of reimbursement, whether periodic or final, exceed the project expenditures when in-kind contributions are used as match.

Unused grant funds will be returned to the grant fund. For example, if a project is under budget the leverage amount will be based on the final cost of the awarded project and the remaining award amount will be returned to the grant fund for future reallocation. Under no circumstances will the amount of funds reimbursed by Adams County Open Space Sales Tax increase over the awarded amount represented in the Grant Agreement. An increased percentage of project costs will only be allowed if approved by the BoCC in a modification requesting such a change (see Project Modification Policy).

In the case of periodic reimbursements, all procedures for reimbursement remain the same, see All Other Projects Reimbursement Process section below. The reimbursement will be for the awarded percentage for the project for that time period. Open Space staff will keep records of all periodic reimbursements to ensure that the total never exceeds the maximum award stated in the grant agreement.

Failure to provide requested documents may result in non-compliance. Examples of all forms can be found at www.adcogov.org/open-space-grant-information under required forms.

Land Acquisition/Conservation Easement Reimbursement Process

The awarded funds can be disbursed to the Grantee after closing or directly to the title company at the time of closing. The Grantee will need to provide Adams County Open Space with copies of the following documents to receive the grant award:

- Copies of All Easements/Encumbrances
- Final Contract
- Full Qualified Appraisal
- Preliminary Buyers Settlement Agreement
- Title Commitment

It is the applicant's responsibility to ensure that Open Space staff is kept informed of any changes to the date, time or location of the closing. Adams County Open Space must have the wiring instructions at least five (5) business days ahead of the scheduled closing to forward to the Adams County Treasurer's Office to set up the wire transfer. All other documents should be to Open Space staff a minimum of two (2) business days before closing to have funds wired to closing. After closing, copies of the following documents must be forwarded to the Open Space Office prior to the project being closed out:

- Grant Closeout Request Form
- Recorded Deeds specific to this transaction
- Signed Settlement Statement
- Title Policy
- Fully executed Conservation Easement must be on file with Open Space staff (for passive acquisitions)
- Associated invoices and checks

- Other applicable items

All Other Projects Reimbursement Process

For all other projects, to close out a project the applicant must submit to the Open Space Office copies of the following documentation:

- Grant Closeout Request Form
- Completed Grant Closeout Worksheet
- Copies of ALL invoices listed on Grant Closeout Worksheet
- Copies of cancelled checks (front and back) for all costs indicated on Grant Closeout Worksheet
OR
- Signature of authorized Financial Officer on Grant Closeout Worksheet certifying all payments have been made
- Documentation for all in-kind donations (e.g., letter from donor stating value, invoice from business indicating value)
- Examples of all forms can be found at www.adcogov.org/open-space-grant-information under “Required Forms”.

Reporting Following Closeout

As stated in Resolution 2020-480, “no land or interests acquired with revenues of the Open Space Sales Tax may be sold, leased, traded, or otherwise conveyed, nor may an exclusive license or permit on such land or interests be given, without the approval of such action by the Board [of County Commissioners]”.

At the 5- and 10-year anniversaries of project closeout, Open Space staff will send Grantee a reporting form for all projects closed out during that timeframe, not including planning projects or environmental education programs. This form will request basic information about all closed out projects specifically what, how and why anything has changed on the project. Grantee will include dated photos of the project for Open Space staff review. If in Open Space staff’s opinion, the intent of the original project has been changed, a full report will be forwarded to the BoCC. At that time, the BoCC will review the information and determine what, if any, action will be taken, including but not limited to the return of all grant funds plus interest.

Code of Ethics

The Code of Ethics applies to all employees and officials of Adams County, including the Open Space Advisory Board. The Code of Ethics can be found on the Adams County website: www.adcogov.org

Glossary of Terms

ACTIVE USE: Lands for park purposes and other recreational uses such as sports fields, golf courses and recreation centers. Park purposes shall be defined as the construction, equipping, acquisition and maintenance of park and recreational improvements and facilities for the use and benefit of the public. (Source: Resolution 2020-480, Section 7 (b)(iv)(2)(B), item iii)

PASSIVE USE: Passive uses shall include, but not be limited to the purchase, construction and maintenance of: horse, bike or running trails; natural areas with limited development for fishing, hiking, walking or biking; wildlife preserves; lakes for fishing with accessible walks, docks, picnic areas and restrooms; conservation easements on agricultural land; environmental education programs; lands and waterways as community buffers; river and stream corridor land; unimproved flood plains; wetlands; preservation of cemeteries; and picnic facilities. (Source: Resolution 2020-480, Section 7 (b)(iv)(2)(A))

Deauthorization of Funds

In cases where funds are deauthorized (i.e., non-compliance, project completed under budget) remaining funds are returned to the grant fund for future allocation to projects. When funds have been paid, either for a completed project or for periodic reimbursements, and the BoCC requests those funds be returned to the grant fund, it is at the BOCC's discretion to also request payment of interest on those funds being returned.

In-kind Sources of Funds

In-kind sources of funds are donations of time, services, or goods. At no time is the applicant paying for this contribution to the project, whether directly from the project proceeds or indirectly from other funding. These sources must be documented through timesheets, invoices, or other means for project closeout purposes.

Qualified Appraisal

- Commissioned by the purchaser, another project partner that does not have an ownership interest in the property being acquired, or jointly by the seller and the purchaser;
- Prepared by an experienced independent appraiser and in accordance with the IRS definitions of a qualified appraisal and of highest and best use, as defined in Treas. Reg. 1.170A-13(c)(3); and
- Based upon the sales comparison method, which determines the value of the subject property by comparing sale prices of comparative properties. Adjustments are made to the sale price of each comparative property to reflect the differences between the comparison property and the subject property.
- Specific about the easement value of the property, and the value of the property before and after an easement is placed on it. Information about these values is necessary to determine ability to fund the project. (If funding is for a fee acquisition, only the full fee fair market value is needed; the before and after easement values are not required.)
- Effective within one year prior to closing, the grantee will be required to have an appraiser update the appraisal.

BOARD OF COUNTY COMMISSIONERS FOR
ADAMS COUNTY, STATE OF COLORADO

A RESOLUTION CALLING AN ELECTION ON NOVEMBER 3, 2020 TO AUTHORIZE
THE PERMANENT EXTENSION OF AN EXISTING COUNTYWIDE SALES TAX OF
ONE-FOURTH OF ONE PERCENT (ONE-FOURTH PENNY PER DOLLAR) FOR THE
CONTINUED PURPOSE OF PRESERVING OPEN SPACE AND CREATING AND
MAINTAINING PARKS AND RECREATION FACILITIES; SETTING THE BALLOT TITLE
AND TEXT FOR THE ELECTION; AND PROVIDING THE EFFECTIVE DATE OF SUCH
RESOLUTION

Resolution 2020-480

WHEREAS, the Board of County Commissioners (the “Board”) of Adams County, Colorado (the “County”), has determined that it is in the public interest and a priority of the residents of Adams County to protect water quality, wildlife areas, and wetlands; preserve farmland; protect open space to limit sprawl; and to create, improve and maintain parks, trails, and recreational facilities in Adams County; and,

WHEREAS, the Board has determined that there is and will be a deficiency in available funds to protect water quality, wildlife areas, and wetlands; preserve farmland; protect open space to limit sprawl; and to create, improve, and maintain parks, trails, and recreational facilities in Adams County for the foreseeable future; and,

WHEREAS, the County is authorized by law to impose a sales tax on the sale of tangible personal property at retail and the furnishing of services, subject to the approval of the registered electors of the County; and,

WHEREAS, in 1999, the voters of Adams County approved a one-fifth of one percent (one-fifth penny per dollar) countywide sales tax to preserve open space in order to limit sprawl, to preserve farmland, to protect wildlife areas, wetlands, rivers and streams, and for creating, improving, and maintaining parks and recreational facilities through 2006; and,

WHEREAS, in 2004 the voters of Adams County voted to increase the tax to one-fourth of one percent (one-fourth penny per dollar) to preserve land that protects water quality; protect wildlife areas, wetlands, rivers, and streams; preserve farmland; protect open space to limit sprawl; and for creating, improving, and maintaining parks, trails, and recreation facilities; and to extend the tax through 2026; and,

WHEREAS, the Board has determined that, as a result of the increase in growth in the County, the need to preserve open space has become increasingly urgent; and,

WHEREAS, the Board has therefore concluded that it is in the best interest of the residents of, and quality of life in, Adams County to permanently extend the existing one-fourth of one percent countywide sales tax (the “Open Space Sales Tax”), the receipts from which shall be restricted in application to the Open Space Program, as enumerated herein and in Resolutions 99-1 and 2004-01; and,

WHEREAS, the Board has determined that a ballot issue regarding a permanent extension of the Open Space Sales Tax for the purposes enunciated herein and in Resolutions 99-1 and 2004-01 should be submitted to the eligible electors of the County at the November 3, 2020 general election; and,

WHEREAS, the Board has determined to set the ballot title and text for the ballot issue to be submitted at the election called by this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF ADAMS, STATE OF COLORADO:

1. An election shall be held on Tuesday, November 3, 2020, at which there shall be submitted to the eligible electors of the County a ballot issue authorizing a permanent extension of the Open Space Sales Tax originally imposed pursuant to Resolution No. 99-

1, and increased and extended pursuant to Resolution No. 2004-01 (the “Open Space Sales Tax”), the title of which issue shall be in substantially the following form:

ISSUE 1A

WITH NO INCREASE IN ANY COUNTY TAX RATE, SHALL ADAMS COUNTY’S EXISTING OPEN SPACE SALES TAX OF ONE-FOURTH OF ONE PERCENT (ONE-FOURTH PENNY PER DOLLAR) BE PERMANENTLY EXTENDED WITH THE PROCEEDS TO CONTINUE TO BE USED SOLELY TO:

PRESERVE LAND THAT PROTECTS WATER QUALITY;

PROTECT WILDLIFE AREAS, WETLANDS, RIVERS, AND STREAMS;

PRESERVE FARMLAND;

PROTECT OPEN SPACE TO LIMIT SPRAWL; AND;

FOR CREATING, IMPROVING, AND MAINTAINING PARKS, TRAILS, AND RECREATION FACILITIES; AND

WITH ALL COUNTY EXPENDITURES TO BE ALLOCATED BETWEEN ACTIVE AND PASSIVE OPEN SPACE USES BASED ON THE RECOMMENDATIONS OF A CITIZEN ADVISORY COMMISSION AND SUBJECT TO AN ANNUAL AUDIT, WHICH TAX SHALL BE IMPOSED, COLLECTED, ADMINISTERED, AND ENFORCED AS PROVIDED IN RESOLUTION 2020-480 AND SHALL ALL REVENUES FROM SUCH TAX AND ANY EARNINGS THEREON, INCLUDING REVENUES SHARED WITH THE INCORPORATED CITIES AND TOWNS IN ADAMS COUNTY, FOR THE DURATION OF THE TAX, CONSTITUTE A VOTER-APPROVED REVENUE CHANGE FOR THE PURPOSES OF ARTICLE X, SECTION 20 OF THE COLORADO CONSTITUTION AND ANY OTHER REVENUE LIMITS IMPOSED BY THE LAWS OF THE STATE OF COLORADO?

YES _____

NO _____

2. The election shall be conducted by the Adams County Clerk and Recorder (“Clerk and Recorder”) in accordance with the Uniform Election Code, C.R.S. § 1-1-101, *et seq.*, and other laws of the State of Colorado, including without limitation, the requirements of article X, section 20, of the Colorado Constitution (hereinafter “TABOR”).
3. All acts required or permitted by the Uniform Election Code relevant to conducting this election shall be performed by the Clerk and Recorder.
4. The Clerk and Recorder shall cause all notices of election to be provided in accordance the laws of the State of Colorado, including but not limited to, the Uniform Election Code and TABOR.
5. Pursuant to C.R.S. § 29-2-104 (5), the Clerk and Recorder shall publish the text of this Resolution four separate times, a week apart, in the official newspaper of the County and each city and incorporated town within the County.
6. If a majority of the votes cast on the ballot issue of permanently extending the imposition of the Open Space Sales Tax are in favor of such ballot issue, the Open Space Sales Tax shall be permanently extended and shall apply to all taxable transactions, unless exempt, occurring on or after January 1, 2021, and shall be collected and administered in accordance with County Resolutions 99-1, 2004-01, and this Resolution and the schedules set forth in the rules and regulations promulgated by the Colorado Department of Revenue.
 - (a) *Extension of the Imposition of the Sales Tax.* There is hereby permanently extended the imposition on all sales of tangible personal property at retail or the furnishing of services in the County, as provided in section 29-2-105, *et. seq.*, C.R.S., as amended, a tax equal to one-fourth of one percent of the gross receipts (the “Open Space Sales Tax”).

(b) *Transactions Subject to the Sales Tax.* The transaction subject to the Open Space Sales Tax shall be as set forth below and as required by Colorado state law.

- (i) The tangible personal property and services taxable hereunder shall be the same as the tangible personal property and services taxable pursuant to section 39-26-104, C.R.S., except as provided herein, and shall be subject to the same exemptions as those specified in part 7 of article 26 of title 39, C.R.S., expressly including the exemption allowed by section 39-26-709 (1), C.R.S., for purchases of machinery or machine tools, the exemption for sales of electricity, coal, wood, gas, fuel oil, or coke specified in section 39-26-715 (1)(a)(II), C.R.S., the exemption for sales of food specified in section 39-26-707 (1)(e), C.R.S., the exemption for vending machine sales of food set forth in section 39-26-714 (2), C.R.S., the exemption for occasional sales by a charitable organization set forth in section 39-26-718 (1)(b), C.R.S., the exemption for sales and purchases of farm equipment and farm equipment under lease or contract specified in section 39-26-716 (1)(d), (2)(b) and (2)(c), C.R.S., and the exemption for sales of low-emitting motor vehicles, power sources, or parts used for converting such power sources as specified in section 39-26-719 (1), C.R.S. Also expressly exempted are pesticides that are registered by the commissioner of agriculture for use in the production of agricultural and livestock products pursuant to the provisions of the “Pesticide Act,” article 9 of title 35, C.R.S., and offered for sale by dealers licensed to sell such pesticides pursuant to section 35-9-115, C.R.S., all sales and purchases of parts used in the repair or maintenance of farm equipment, all shipping pallets or aids paid for by a farm operation, and aircraft designed or adapted to undertake agricultural applications, and all sales and purchases of dairy equipment. Also expressly exempted are the exemption for sales of machinery or machine tools specified in section 39-26-709 (1), C.R.S., used in the processing of recovered materials by a business listed in the inventory prepared by the department of public health and environment pursuant to section 30-20-122 (1)(a)(V), C.R.S.; the exemption for sales of wood from salvaged trees killed or infested in Colorado by mountain pine beetles or spruce beetles as specified in section 39-26-723, C.R.S.; the exemption for sales of components used in the production of energy, including but not limited to alternating current electricity, from a renewable energy source specified in section 39-26-724, C.R.S.; the exemption for sales that benefit a Colorado school specified in section 39-26-725, C.R.S.; the exemption for sales by an association or organization of parents and teachers of public school students that is a charitable organization as specified in section 39-26-718 (1)(c), C.R.S.; the exemption for sales of property for use in space flight specified in section 39-26-728, C.R.S.; and the exemption for manufactured homes set forth in section 39-26-721 (3).
- (ii) The Sales Tax shall not be imposed on the sale of construction and building materials, as the term is used in section 29-2-109, C.R.S., if the purchaser of such materials presents to the retailer a building permit or other acceptable documentation that a local use tax has been paid or is required to be paid on the value thereof.
- (iii) The Sales Tax shall not be imposed on the sale of personal property on which a specific ownership tax has been paid or is

payable if: (I) the purchaser is a nonresident of or has its principal place of business outside the County, and (II) such personal property is registered or required to be registered outside the limits of the County under the laws of the State of Colorado.

- (iv) The Sales Tax shall not be imposed on the sale of tangible personal property at retail or the furnishing of services if the transaction has been previously subjected to a sales or use tax lawfully imposed on the purchaser or user by another statutory or home rule county equal to or in excess of the amount imposed by Section 6 (a) hereof. A credit shall be granted against the Sales Tax payable with respect to such transaction equal in amount to the lawfully imposed sales or use tax previously paid by the purchaser or user to such other statutory or home rule county, provided that such credit shall not exceed the amount of the Sales Tax imposed by Section 6 (a) hereof.

- (c) *Determination of Place at Which Sales are Consummated.* For the purpose of this Resolution, all retail sales are sourced as specified in section 39-26-104 (3), C.R.S. The amount subject to the Sales Tax shall not include the amount of any state sales and use tax imposed by article 26 of title 39, C.R.S.

- (d) *Collection, Administration and Enforcement.* The collection, administration and enforcement of the Sales Tax shall be performed by the Executive Director of the Colorado Department of Revenue (the "Executive Director") in the same manner as the collection, administration and enforcement of the Colorado state sales tax. The provisions of article 26 of title 39, C.R.S. and all rules and regulations promulgated thereunder by the Executive Director shall govern the collection, administration, and enforcement of the Sales Tax.

- (e) *Vendor Fee.* No vendor fee shall be permitted or withheld with respect to the collection and remittance of the Sales Tax.

7. **Distribution of Sales Tax Revenue.** The proceeds from the collection of the Open Space Sales Tax shall be administered and distributed in the following manner:

- (a) *Open Space Advisory Board.* The Open Space Advisory Board shall continue to be appointed by the Board of County Commissioners.

- (i) The Open Space Advisory Board shall consist of seven members, four of whom shall be residents of unincorporated Adams County and three of whom shall be residents of cities or towns located in Adams County.
- (ii) Members shall serve four-year terms of office, except the initial term of two members from the unincorporated area of Adams County and two members from cities and towns were six years. Members may be re-appointed to successive terms.
- (iii) Members shall serve at the pleasure of the Board.
- (iv) The Board of County Commissioners shall develop a system to rotate the jurisdictions represented on the Open Space Advisory Board in a systematic fashion.
- (v) Members shall not be compensated for their services, but they may be reimbursed for reasonable expenses actually incurred in the performance of their duties in accordance with this Resolution and County policy.
- (vi) Members shall act in accordance with law, including Colorado conflict of interest law applicable to public bodies. No member

shall vote or participate in the application process regarding an acquisition or expenditure in which he or she has a financial or ownership interest, or where he or she has an ownership interest in adjacent property.

- (vii) The Open Space Advisory Board will meet quarterly, or as necessary to review proposed projects. All meetings shall be held in accordance with Colorado Open Meetings Law.
- (viii) The Open Space Advisory Board will make recommendations to the Board of County Commissioners regarding the distribution of proceeds from the collection of the Open Space Sales Tax, substantially in accordance with the guidelines set forth in this Resolution.

(b) Deposit and Expenditure of Revenue.

- (i) The County has established an Open Space Fund within which all revenues and expenditures from the Open Space Sales Tax are accounted for.
- (ii) Two percent (2%) of the Open Space Sales Tax collected shall continue to be used by the Open Space Advisory Board for administrative purposes, i.e. consultants, studies, site reviews, etc.
- (iii) After payment of the administrative fee, thirty percent (30%) of the remaining Open Space Sales Tax collected shall continue to be automatically returned to the cities, towns and unincorporated area of Adams County in the same proportion as is the ratio of Open Space Sales Tax collected within the city, town or unincorporated area to the total County sales tax collections, as computed from information provided by the Colorado Department of Revenue. This money may be used by the jurisdiction for either active or passive uses but shall not be used to augment existing parks and open space budgets.
- (iv) After payment of the administrative expenses and distribution of the thirty percent described above, the moneys remaining in the Open Space Fund shall be used as directed by the Board of County Commissioners, substantially in accordance with the following guidelines:
 - (1) Grant applications may be submitted to the Open Space Advisory Board by those jurisdictions having an approved open space and/or recreation plan.
 - (2) The Open Space Advisory Board shall review the application and make recommendations to the Board of County Commissioners regarding approval or denial of the application. Fund distributions may be attributable to both active and passive open space uses, defined as:
 - (A) Passive open space uses include the purchase, construction and maintenance of: horse, bike or running trails; natural areas with limited development for fishing, hiking, walking or biking; wildlife preserves; lakes for fishing with accessible walks, docks, picnic areas and restrooms; conservation easements on agricultural land; environmental education programs; lands and

waterways as community buffers; river and stream corridor land; unimproved flood plains; wetlands; preservation of cemeteries; and picnic facilities.

- (B) Active uses include the purchase, construction, equipping and maintenance of: sports fields, golf courses, and recreation centers.

- (v) Any funds received from the disposition of assets acquired or constructed with revenues of the Open Space Sales Tax shall be used in accordance with the above guidelines.

(c) Authorized Projects and Uses of Funds.

- (i) Revenues collected from the Open Space Sales Tax may be used in the following manner:

- (A) To acquire fee title interest in real property for open space, natural areas, wildlife habitat, agricultural and ranch lands, historical amenities, parks and trails;
- (B) To acquire less than fee interests in real property such as easements (including conservation and agricultural), leases, options, future interests, covenants, development rights, subsurface rights and contractual rights, either on an exclusive or nonexclusive basis, for open space, natural areas, wildlife habitat, agricultural and ranch lands, historical amenities, parks and trails purposes;
- (C) To acquire water rights and water storage rights for use in connection with the aforementioned purposes;
- (D) To acquire rights-of-way and easements for trails and access to public lands, and to build and improve such trails and accessways;
- (E) To allow expenditure of funds for joint projects between counties and municipalities, recreation districts, or other governmental entities in the County;
- (F) To improve and protect open space, natural areas, wildlife habitats, agricultural and ranch lands, historical amenities, parks and trails;
- (G) To manage, patrol and maintain open space, natural areas, wildlife habitats, agricultural and ranch lands, historical amenities, parks and trails;
- (H) To pay for related acquisition, construction, equipment, operation and maintenance costs;
- (I) To implement and effectuate the purposes of the Open Space Program.

- (ii) Passive open space lands may be acquired and maintained and may include:

- (A) Lands with significant natural resource, scenic and wildlife habitat values;
- (B) Lands that are buffers maintaining community identity;

- (C) Lands that are to be used for trails and/or wildlife migration routes;
 - (D) Lands that will be preserved for agricultural or ranch purposes;
 - (E) Lands for outdoor recreation purposes limited to passive recreational use, including but not limited to hiking, hunting, fishing, photography, nature studies, and if specifically designated, bicycling or horseback riding;
 - (F) Lands with other important values such as scenic and historic sites that contribute to the County's and County municipalities' natural and cultural heritage.
 - (iii) Active open space lands may include lands for park purposes and other recreational uses such as sports fields, golf courses and recreation centers. Park purposes shall be defined as the construction, equipping, acquisition and maintenance of park and recreational improvements and facilities for the use and benefit of the public.
 - (iv) No land or interests acquired with the revenues of the Open Space Sales Tax may be sold, leased, traded, or otherwise conveyed, nor may an exclusive license or permit on such land or interests be given, without the approval of such action by the Board.
8. If a majority of the votes cast on the ballot issue of permanently extending the Open Space Sales Tax are in favor of such issue, the Clerk and Recorder shall provide a notice of adoption of this Resolution, together with a certified copy of this Resolution, to the Executive Director of the Colorado Department of Revenue at least forty-five (45) days prior to January 1, 2021.
 9. For the purpose of C.R.S. § 1-11-203.5, this Resolution shall serve to set the ballot title for the ballot question set forth herein, and the ballot title for such ballot question shall be the text of the ballot question itself.
 10. The officers and employees of the County are hereby authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Resolution.
 11. The rate of the Sales Tax and the deposit of revenues collected from the Open Space Sales Tax as set forth in this Resolution shall not be amended, altered, or otherwise changed unless first submitted to a vote of the registered electors of the County for their approval or rejection. Other provisions of this Resolution may be amended as necessary to effectuate the purposes of this Resolution by resolution adopted by the Board of County Commissioners in accordance with law.
 12. All actions not inconsistent with the provisions of this Resolution heretofore taken by the Board and the officers and employees of the County and directed toward holding the election for the purposes stated herein are hereby ratified, approved, and confirmed.
 13. All prior acts, orders or resolutions, or parts thereof, by the County inconsistent or in conflict with this Resolution are hereby repealed to the extent only of such inconsistency or conflict.
 14. If any section, paragraph, clause, or provision of this Resolution shall be adjudged to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause, or provision shall not affect any of the remaining sections, paragraphs, clauses, or provisions of this Resolution, it being the intention that the various parts hereof are severable.

- 15. The cost of the election shall be paid from the County’s general fund.
- 16. This Resolution shall take effect immediately upon its passage.

Upon motion duly made and seconded the foregoing resolution was adopted by the following vote:

Henry	_____	Aye
Tedesco	_____	Aye
Pinter	_____	Aye
O’Dorisio	_____	Aye
Hodge	_____	Aye
Commissioners		

STATE OF COLORADO)
County of Adams)

I, Josh Zygielbaum, County Clerk and ex-officio Clerk of the Board of County Commissioners in and for the County and State aforesaid do hereby certify that the annexed and foregoing Order is truly copied from the Records of the Proceedings of the Board of County Commissioners for said Adams County, now in my office.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said County, at Brighton, Colorado this 1st day of September A.D. 2020.

County Clerk and ex-officio Clerk of the Board of County Commissioners

Josh Zygielbaum:
