I am the current chairman of the planning commission and have served on the board for over 6 years. If you were to talk to the development department, city attorney's office, and other staff within the city, they would tell you that I conduct the planning commission meetings with the utmost importance. I am able to utilize my knowledge of Commerce City's master plan, zoning ordinances, and the land development code to thoroughly review cases brought to our commission and provide informed recommendations based upon the merits of each case. I have a Bachelor of Science in Civil Engineering from the University of Colorado, and my profession is at Hensel Phelps where I manage high profile large commercial construction projects. I am accredited as a Design-Build Professional that allows me to continue my education in development, design, and construction. I also am an accredited LEED professional with the US Green Building council, whom is the leader in in Energy and Environmental Design.

**Please briefly state why you are interested in serving on this board or commission.**

---

I truly enjoy being on the planning commission and serving as the chairman. As a Commerce City resident, serving on the commission allows me to have a voice within the city and to use my expertise to provide decisions on cases that will provide a betterment to our City. Our City is in unprecedented times, and I want the City to know that I will and have given 100% to research cases presented to our commission and to thoroughly make informed decisions that will improve our City. My work ethic and knowledge of the City is very high, and I want to continue to build upon my experience to create an even better planning commission and City. It would be an honor to continue my role as a planning commissioner and I thank you for your consideration on my reappointment.

Question applies to Youth Commission

**List any school, non-school and community activities you're involved in:**

I am apart of the student planning committee along with the parents, also at the end of of each week we have a freshman meeting, myself and 3 others lead and create the presentation and present it to the freshman class. Next, I am apart of CPA (Colorado People's Action).

Question applies to Youth Commission

**Explain why you should be considered for appointment to the Commerce City Youth Commission:**

I should be considered for the appointment to the Commerce City Youth Commission because I would love to be able to have a chance to make changes and find solutions to problems in our community with others. I want a better world but that will not happen as soon as we all want but here is a good start. I want to use my voice for not just myself but for my sisters, family, and community. I want to show others around me that we can't just wait and let problems to fade into the background, but that at any age we can stand up and choose which path we want to go down and see the best results in the end. I would love to have this opportunity. Thank you.

**List any training, experience, education, or skills that would enhance your ability to serve on this board/commission.**

---

I am a very open-minded person and I try to look at all factors, also I am very hard working when it comes to things I am especially passionate about. I am \_\_\_\_\_ so I have experienced hardship from all the way back to elementary. Also the way I think, beliefs, and opinions differ from others but I will try and see things from different perspectives. I have been through many different schools through out my life and I have seen a lot of things and some of those things should change. I am ready to take leadership and responsibility for the role I would take, I have been doing that for a good amount of my life as seeing that I am the oldest with 6 and 7 year old sisters. I am willing to advocate for the people that need it the most.

**List all civic/professional/sports organizations and activities in which you have participated during the last five years.**

---

In the past five years I have helped CPA such as canvassing, having conversations with others in and outside this organization, and attending events with them, but I mainly have tried to focus on school and I try to participate as much as possible, now more than ever in high school.

**Please briefly state why you are interested in serving on this board or commission.**

---

I am interested in serving because I just want to be apart of change and have a deeper connection with our community, I want to learn how to make a difference in my life and others. I also think that it will give me a deeper understanding behind the scene of politics and I know that regardless this would be a chance of a life time.

I am an engineer by education, an avid golfer and biker, and I have a passion for clean and efficient design. I am now running my third business which I would like to think has given me an ability to be empathetic, organized and all the other things life teaches you. I also have a sound understanding of mechanical systems which works hand in hand with planning, or should. Perhaps what makes me rather unique is that I prefer to be proactive rather than reactionary.

We spent a month in Europe last summer including a good week in Denmark, where they have a mile of bike "road" for every standard road. While I don't necessarily want to push for the same here, it does seem like we could consider ways to link current bike routes as we continue to develop. That said, my main passion is golf. I am one of roughly 30 who paid for an annual pass. So, I know the course and staff at the golf course very well. While we are all hopeful that the new irrigation system will improve the appearance and playability of the course, it's only the first step. I would love to go into more detail when we are face to face.

Am I allowed to struggle with this question? I assume many of those serving within the Commerce City Boards own homes in the area. If serving on a Board, which may lead to improvements in the area, is going to favorably impact property values, then how can any property owner in Commerce City serve? I am sure this question is meant much more specifically, in which case my answer is no, but I hope you see the possible issues here.

Previously at Ent Credit Union I served as the Manager of our Reunion location at 104th & Chambers. There I spent time immersing myself in the Commerce City community by joining Chamber functions and volunteering at Reunion Coffee House to meet fellow community members. While I currently live in Denver's Eastside - just outside of Ward 2 - in my current role at Ent CU I am often engaged with the Commerce City and surrounding Adams County communities. Currently, I work with organizations to bring free financial education to their employees. I've seen firsthand how education can positively impact people's lives to create stability and opportunity for a more equitable society and I look forward to pursuing a role that furthers that mission in the Commerce City community.

## **Experience and Civic Activities**

Please tell us about yourself and why you want to serve.

**List any training, experience, education, or skills that would enhance your ability to serve on this board/commission.**

---

I have Bachelor of Social Work and Master of Divinity degrees. I have a variety of work experience: seven years as Administrative Air Force Officer; ten years as a pastor in two rural churches in Iowa and Minnesota; and 19 years as a Social Case Worker for Santa Barbara County and Broomfield County. My home backs up to Second Creek Open Space and I live one block from Fronterra Park where I frequently walk my dog. I previously served three years on the Advisory Committee for Parks, Recreation, and Golf.

**List all civic/professional/sports organizations and activities in which you have participated during the last five years.**

---

I am a member of Landing Place Church for the past 4 1/2 years and regularly participate in church activities and Bible Studies. I am a board member of Buckley Ranch Metro District for over a year and regular participate in board meetings and community functions. I enjoy walking my dog at least twice a day and feel privileged to live in such a nice community. I enjoy most sports, but am especially fond of playing disc golf.

**Please briefly state why you are interested in serving on this board or commission.**

---

I walk my dog two or three times a day and (in a way) monitor my neighborhood, nearby parks, and Second Creek Open Space. I frequently pick up trash and litter and report vandalism or concerns to Police or appropriate city staff. I enjoyed my time serving on the Parks, Recreation, and Golf Advisory Committee, but did not continue beyond three years due to other personal obligations. Those obligations have now diminished, so (if needed/selected) I would be happy to serve again with PR&G.
