Hi Norman,

After discussing your plan with you, all of my current concerns about your new property in Henderson have been addressed. I appreciate the work that you have gone through to make sure that Stadium Auto Parts will be a good neighbor.

These guys will be your next door neighbor to your building.
Ask for Stuart or Jordan. They do water testing.

Brent Haase just purchased the building next door to us.
They install communication equipment and provide maintenance.

I just want to make sure you received my text this morning. If you can send me the names of the businesses in the industrial park you are located in, that would be great. If you can supply me the names of the owners and their phone

numbers I would appreciate it.

Thank you again for all your help and support,
