### II. PURPOSE AND OBJECTIVES OF DISTRICT

A. <u>Purpose and Intent</u>. The District is an independent unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the City only insofar as they may deviate in a material manner from the requirements of the Service Plan. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated residents and taxpayers of the District. The primary purpose of the District is to finance the construction of these Public Improvements. The District was not created to provide

ongoing Operation and Maintenance activities other than as specifically set forth in this Service Plan and the District Activities IGA.

B. Amended and Restated Service Plan. The District's Service Plan was approved by the City in March 2004. The property underlying the District has remained undeveloped during this time. The Project developer has submitted this Amended and Restated Service Plan to update the District's Service Plan and exhibits to conform to the City's model service plan and to reflect current development plans for the Project with anticipated Public Improvements to be financed by the District. The District has not issued any Debt as of the date of approval of this Amended and Restated Service Plan.

The Project developer seeks to create a second metropolitan district for the Project, whose boundaries will initially overlap with a portion of the existing District Boundaries. After City approval of the service plan and formation of the proposed Buckley Crossing Metropolitan District No. 2 ("District No. 2"), the property owner will process an exclusion to remove the overlapping property (depicted on **Exhibit A-3**) from the boundaries of the District. The District will not issue any Debt until District No. 2 is formed, the property located in the Exclusion Area Boundaries is excluded from the District, and the PUD Zone Document reflecting the boundaries of the District and District No. 2 is approved.

### C. Need for the District.

There are currently no other governmental entities, including the City, located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment and financing of the Public Improvements needed for the Project as related to the District Boundaries. Formation of the District is therefore necessary in order for the Public Improvements required for the Project to be provided in the most economical manner possible.

### D. Public Benefit.

The District shall participate in financing High Plains Parkway, identified by the City as critical public infrastructure addressing locally-significant challenges within and without the boundaries of the District.

### E. Objective of City Regarding Service Plan.

- 1. The City's objective in approving the Service Plan is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term, subject to the Maximum Debt Mill Levy, and/or repaid by Fees as limited by Section V.A.16.
- 2. This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary

purpose is to provide for the Public Improvements associated with development and regional needs pursuant to the City Approvals. Operation and Maintenance activities are allowed through the District Activities IGA, attached hereto as **Exhibit C**.

- 3. It is the intent of the District to dissolve upon payment or defeasance of all Debt incurred or upon a court determination that adequate provision has been made for the payment of all Debt, and, if the District has been authorized to Operate or Maintain any part of the Public Improvements under the District Activities IGA, to retain only the power necessary to impose and collect taxes or Fees to pay for costs associated therewith.
- 4. The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees or from tax revenues collected from a mill levy, subject to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term. It is the intent of this Service Plan to assure to the extent possible that no property shall bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for residential use shall bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the costs of Public Improvements that cannot be funded within these parameters are not costs to be paid by the District.

### III. DISTRICT BOUNDARIES

The area within the existing District Boundaries includes approximately two hundred and twenty-nine (229) acres. The total area proposed for the future District Boundaries is approximately one hundred twenty-six acres (126) acres. A legal description and map of the existing District Boundaries is attached hereto as **Exhibit A-1**, a legal description and map of the planned future District Boundaries is attached hereto as **Exhibit A-2**, and a legal description and map of the exclusion area is attached hereto as **Exhibit A-3**. A vicinity map is attached hereto as **Exhibit B**.

## IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The population of the District at build-out (excepting the property in the Exclusion Area Boundaries) is estimated to be approximately two thousand-forty (2040) people.
- B. Approval of this Service Plan by the City does not imply approval of the development of a specific area within the District, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto, unless the same is contained within the City Approvals.

### V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

- A. Powers of the District and Service Plan Amendment. The District shall have the power and authority to provide the Public Improvements and related Operation and Maintenance activities within and without the District Boundaries as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein. Notwithstanding the foregoing, if, after the Service Plan is approved, any State law is enacted or interpreted to grant additional powers or authority to metropolitan districts, such powers and authority shall not be deemed to apply to the District unless this Service Plan is amended. The restrictions in this Service Plan are being voluntarily acquiesced to by the District and shall not be interpreted in any way as a limitation on the District's sovereign power and shall not negatively affect the District's status as a political subdivision of the State.
  - 1. Operations and Maintenance Limitation. The purpose of the District is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The District shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owners association in a manner consistent with the City Approvals.   - 3. <u>Television Relay and Translation Limitation</u>. If the Seller cannot satisfy this burden, the District shall impose a fee on the purchaser in an amount comparable to the revenue that would have been generated by an equivalent property tax from the property until such time as the District's outstanding Debt has been paid off. Such fee revenue shall be used for the repayment of outstanding Debt. The City Council may, by resolution, authorize non-compliance with this provision. The District shall provide prior notice to the City the Board's consideration of any action implicating this subsection.

- 17. <u>Special Assessments</u>. The District shall not impose a special assessment without the prior written approval of City Council

- 1. The District is authorized to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance and financing of the Public Improvements within and without the District Boundaries, to be more specifically defined in the City Approvals. An estimate of the costs of the Public Improvements that may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the District Boundaries, including the shared "spine" infrastructure with District No. 2, is approximately Thirty Million Seven Hundred Ninety-Eight Thousand Five Hundred Fifty-Three Dollars (\$30,798,553). - 2. Prior to the District issuing any Debt or refinancing any outstanding Debt, the District shall submit the proposed financing documents to the City Manager no less than 30 days prior to issuance. The City may, in its sole discretion, comment on such proposed issuance or refinancing but its comment shall not be relied on by the District or any third party. Neither this provision nor City's comment, or failure to do so, shall be construed as approval or consent to such issuance or refinancing. The City agrees to provide comments, if any, within thirty (30) days of receipt of the proposed financing documents. The submission shall include the proposed dollar amount of the issue, interest rate and other financing costs, sources of revenue to be pledged to repayment, including the proposed debt service mill levy, and a description of the credit enhancements, together with any preliminary official statement, if available, or other prospectus for the Debt issue. No less than three (3) days prior to the Debt issuance closing date, the District shall submit to the City Manager: (a) the final preliminary offering document; an opinion of the District's bond counsel that the proposed issuance or refinance of District Debt is authorized by and in compliance with the Amended and Restated Service Plan; and (c) a written opinion of an External Financial Advisor as to whether the proposed Debt issuance and its terms (including Debt amount, interest, underwriting discount, cost of issuance, repayment term, redemption feature, couponing, credit spreads, payment, closing date) are reasonable and in the best interest of the District based upon the status of development within the District, the project tax base increase in the District, the security offered, and other considerations as may be identified by the External Financial Advisor.
- B. <u>Maximum Voted Interest Rate and Maximum Underwriting Discount.</u> The interest rate on any Debt is expected to be the market rate at the time the Debt is issued.
