- CCYC Conference

Councilwoman Frank reported back that the proposed conference dates are available. One thing to keep in mind is that the gym is open space, which means it'll still be open to the general public. She suggested the commission host a meeting at Bison Ridge to get a feel for the space and see the community rooms available.

Commissioner Hundal reported back that she has a group of 15 students who are committed to attend the conference. Hundal will also be reaching out to a selected speaker, Blanca Elena Trejo Aguilera.
