**Title:** Golf Course Manager

**Phone:** 3032891500

**Email:** phebinck@c3gov.com

**Name:** Garrett Hoffman

**Title:** Head Golf Professional

**Phone:** 3032891500

**Email:** ghoffman@c3gov.com

**Grant Request:** \$\$13,250

**Matching Funds (cash in-kind):** \$\$5,700

**Total Project Costs:** \$\$18,950

**% of Total Project Costs:** 70%

**Project Site Address:** 15700 E 112th Ave

**Parcel ID# (Required):** 0172308200012

**Include a Location Map and label as Attachment F - Location Map.** Location Map should clearly identify the location of the project (including the nearest cross streets) and should provide directions to the project site. Single Rider Cart Storage photo.png (1.58 MB)

**Please provide GPS Coordinates, longitude and latitude.**

**Is this project located within Adams County?** Yes

**1. Briefly describe this project (Include explanation of purpose, need, and project components.**

Buffalo Run Golf Course, owned and operated by the City of Commerce City, hopes to purchase one (1) SoloRider, single-rider golf cart for geared to disabled golfers.

Single-rider golf carts are specifically designed for individuals with mobility disabilities; purchasing one of the specialized carts would provide opportunities for more people to participate in the game of golf. Buffalo Run hopes to provide a safe and fulfilling experience for individuals with disabilities in the community, improving their overall well-being and quality of life.

Funding this grant will help enhance the quality of life for Adams County residents, and demonstrates a commitment to improving the lives of individuals with disabilities in the community.

Thank you for your time and consideration.

2. Describe the goals and objectives of this project.

Accessibility: A single-rider golf cart can help make golf more accessible to individuals with disabilities or mobility impairments. It allows them to navigate the course safely and comfortably, even if they cannot walk or stand for extended periods.

Inclusion: By providing a single-rider golf cart, golf courses can create a more inclusive environment that welcomes golfers of all abilities. This can help to break down barriers and promote diversity and equality on the golf course.

Safety: Using a single-rider golf cart can help golfers with disabilities or mobility impairments to navigate the course safely. It can help to reduce the risk of accidents or injuries, and allow golfers to focus on their game without having to worry about navigating difficult terrain.

Improved play: Golfers with disabilities or mobility impairments may struggle to play their best game if they are not able to navigate the course effectively. A single-rider golf cart can help to improve their overall experience by providing a comfortable and safe way to travel around the course, allowing them to focus on their game and play to the best of their ability.

3. Please list partners and describe how each partner is contributing to the project. Please DO NOT write any dollar amounts below.

No partners at this time.

The timeline should reflect scheduling for each task of your project over the next 24 months. Describe each task of your project and put a check mark in the column for the month that task will occur.

I'm writing to show my support for Buffalo Run to obtain a single rider cart for use by those with disabilities.

I am a huge supporter of Buffalo Run. I am so impressed by the investments that are being made to not only enhance the course but also to enhance the facilities and the user experience.

The course has always shown their commitment to the community in so many ways, i.e., the Veterans and youth programs. Let's not stop there! Let's get everyone on the golf course including those who might not have the ability to do so without resources like the single rider cart. Together, let's continue to set our course apart.

Please let me know how I can help further to make this a reality. Please feel free to pass this along to town officials or I am more than happy to send a note to them directly.

Very best regards,

Kyle R. Kisiel

Dear Adams City Officials,

I am writing this letter to express my support for the implementation of single rider golf carts for individuals with disabilities at Buffalo Run Golf Course. As a frequent patron of this golf course, I believe that it is important to ensure that all golfers, regardless of their abilities, have equal access to the facilities and amenities.

Golf is a sport that requires a considerable amount of physical exertion, which can be a challenge for individuals with disabilities. Single rider golf carts can make it easier for these individuals to enjoy the game and participate in the golfing community. They can also help to reduce the risk of injury and increase safety on the course.

I urge you to consider this proposal and to take action to implement single rider golf carts for individuals with disabilities at Buffalo Run Golf Course. Thank you for your consideration.

Sincerely,

Brandon Gallegos

Dear Adams County,

Buffalo Run Golf Course, owned and operated by the City of Commerce City, hopes to purchase one (1) single-rider golf cart for disabled golfers.

Single-rider golf carts are specifically designed for individuals with mobility disabilities; purchasing one of the specialized carts would provide opportunities for more people to participate in the game of golf. Buffalo Run hopes to provide a safe and fulfilling experience for individuals with disabilities in the community, improving their overall well-being and quality of life.

As a retired veteran with disabilities, I have the pleasure over the past five year to attend four of the Salute to Military Service veteran programs held at Buffalo Run. Being able to be part of these program has allowed me to overcome some of the mental stressors in my life and reconnect to the brotherhood of veterans. The staff at Buffalo Run have created a fun, stress free, nonjudgmental environment for people to learn something new, or like in my case get back to doing something that I once though was taken away from me because of my disabilities. I am very thankful to the staff at Buffalo Run for this tremendous opportunity to do something that brings so much joy.

Thank you for your time and consideration.

Sincerely,

Anthony Hall
