Subject: Concerns About Proposed Development at 85 and 112th

Hello,

We live in Belle Creek and have some concerns about the development that is being proposed at US 85 and 112th Avenue.

We are concerned about the traffic that this development will add to this area. We already have to wait through 2 or 3 traffic light cycles at 112th on our way to work in the mornings. This development will dramatically worsen this congestion and wait time. The added traffic will likely make its way through Belle Creek and increase the wait times at the traffic light at 104th. Cars already speed through our neighborhood, which we worry will become a worsening safety problem.

We are also concerned about the environmental impacts, light pollution and crime that a 24 hour gas station could create. In addition, with the residential developments that are proposed, we are concerned that this will lead to a serious overcrowding of our neighborhood charter school. Finally, our home backs to this future development and we worry what it would do to our property value.

We understand that this parcel of land will inevitably be developed in some way. We just feel that there needs to be more study around how these proposals will impact the surrounding neighborhoods and families. A plan then needs to be made on how to alleviate the problems that this development would create. From what we have seen, this has not been appropriately completed. We would love for our communities to have more of a voice in what should be built here.

Thank you for taking the time to read this and what we are sure are many other emails. We know that an overwhelming number of neighbors share our concerns and have others of their own.

Sincerely,
Aaron and Bree Pacheco

Subject: Re: URA / City Council Meeting - 10/04/2021 Confirmation

Hi Dylan,

I would love to hear at the meeting on Monday whether there is any demonstrated community need for the proposed QuikTrip north of Belle Creek? With the existing gas stations at 104th and Belle Creek, 120th and Hwy 85, and 104th and Hwy 2, including truck services at the 120th location, I'm struggling to see the benefit to residents this provides in exchange for the increased traffic, air/noise pollution. There are very few other truck stops within the 470 loop in the metro area, what makes this one necessary so close in to homes? Our community could very much use more retail businesses, particularly locally owned ones that are walkable to residents here. But does this gas station serve a benefit to anyone but the Quiktrip owner looking to compete with these other gas stations? Additionally, it's disappointing to see continued investment in big chains rather than investing in things that make our community more livable. It feels like folks are thinking more about 'things to put along a highway' rather than 'things residents of Commerce City need in their daily lives.'

Thanks,

Niki

Subject: Public comment on CanAm development at 112th and Hwy 85

Dear City Council Members

MY NAME IS LISA DIMUCCIO. I HAVE LIVED IN THE DUNES SINCE JAN 2003. IN THAT TIME I HAVE WITNESSED SIGNIFICANT GROWTH IN THIS AREA. I NOW HAVE 3 KING SOOPERS AND A WALMART WITHIN 5 MILES OF MY HOME (THREE OF WHICH HAVE LARGE FUELING STATIONS). BELLE CREEK HAS ADDED A CONVENIENCE STORE (ALSO WITH FUELING) ALONG WITH FAST FOOD, CAR WASH AND SOME RETAIL. NONE OF THE DEVELOPMENT TO THIS POINT HAS HAD A NEGATIVE IMPACT ON MY QUALITY OF LIFE OR MY HOMES VALUE. WITH THAT IN MIND I AM ADAMANTLY OPPOSED TO THE CURRENT PROPOSED PLANS REGARDING THE DEVELOPMENT OF THE AREA AT 112TH AND HWY 85 .

I would like to begin by quoting from Sec 21-1120 stating the Purpose of the Land Development code of Commerce City. Within that sated purpose it says "To lesson congestion in streets"...."To conserve property values"...."To prevent overcrowding of land"...."To avoid undue concentration of population"...."to promote health, safety and the general public welfare".

Our Mayor has stated the following:

When asked What does "quality for a lifetime" mean to you...His reply was "It is a safe and healthy community that has education opportunities at all levels, retail and dining options"...and went on to state "where people our proud to call it their home and plan on staying for generations to come".

When asked "What do you see as the three biggest challenges facing the city"...

His reply was "the biggest challenge is the lack of retail and dining establishments."

"additionally, the option for higher education does not exist within Commerce City, requiring residents to travel to neighboring communities to seek education they desire and deserve".

In a nationwide survey conducted they listed the top ten things that bring down property value. Number one was a hospital due to the 24 hour noise from emergency vehicles. Number 2 was Convenience Store With Gas Station siting increased traffic, accidents, pedestrians and crime.

With all that in mind I would like to now point out my issues.

1. Due to the fact QuickTrip has NO direct turn in access off of Hwy 85. All vehicles traveling south on Hwy 85 would be required to turn right (west) onto 112th...proceed to Florence (the major exit street for The Dunes)...wait to turn left (south) onto the proposed Florence extension and then make another left into QuickTrip. Then when exiting QuickTrip, if vehicles notice the back up on 112th waiting at the light to enter Hwy 85 they will most assuredly head south on Florence, cut through Belle Creek and proceed to Longs Peak to enter Hwy 85 and continue south with no impedence. The added pass through traffic into Belle Creek will greatly depreciate the residents safety and quality of life.
2. Per QickTrips own traffic study they show that an additional amount of Daily Vehicles of 8576 could be added to this very small area related to this development.
3. On Sept 7th the Commerce City Planning Commission voted 3-2 to forward this request to City Council for DENIAL because in part "It is not what the Comprehensive Plan intended".
4. If "high density" or even "medium density" housing is developed there is NO current Elementary level education within close proximity that could accommodate the additional educational requirements. Even the Mayor acknowledged that residents should not have to "travel to neighboring communities to seek the education they desire and deserve". To date there are only 3 elementary schools with in 3 miles of this proposed development. All of those schools are currently at a 25 students to 1 teacher ratio.
5. On the corner of 128th and Quebec a 7-11 and significant retail space has already been approved that would include Starbucks, Sonic, Pending Mexican Restaurant, Pending Chinese Restaurant, Pending Popeyes along with extensive retail yet to be committed.
6. In an earlier public meeting Mike Talcott stated "I thought this is what the community wanted". I would ask Mr. Talcott to produce the research that led him to this conclusion. I am not aware of any research or survey that was conducted by QuickTrip in an effort to gather honest input from ALL the residents that will be immediately impacted by this proposed development.

I respectfully ask that City Council and the Planning Commission take a step back and envision a development that is more in keeping with their charters and the promises they made to the citizens of this area. Remember...."Quality Community for a Lifetime".

I am unsure how to register to speak so this is my requesting to speak during today's meeting. My comments are also below.

Hello, my name is Trevor Steen and I live at 11093 Pitkin Street in Reunion. I would like to speak tonight regarding the upcoming Reunion Consolidated Development Agreement presentation.

I will admit that I am not fully aware of all the ways money is earmarked between Commerce City, Developers, the Metro Districts, and this Development Agreement. And I will admit that I understand sometimes moving money between entities can be difficult due to administrative hurdles and red tape.

That all being said, as a resident, I must say is it quite disconcerting that we are here discussing infrastrucutre only without any mention of schools, grocery stores, restaraunts, or retail. Existing facilities are at or beyond capacity. Our elementary schools are adding space within their first years of operation because they are already exceeding capacity.

Sure I can vote for 5A and 5B in a few weeks but there still has to be some accountability for the builders. The Development Agreement being discussed tonight only seems to benefit them. It allows them to build more houses, using more of the City's money and remains just as confusing as every to existing residents who have little recourse when it comes to sorting all of this out. The result is an even more crowded neighborhood without the services to support the new residents.

I am excited to meet my new neighbors who will move into these new developments but I surely hope that they understand the stressed system they are buying or renting into and make their decisisions appropriately.

Agenda Item: eComments for Z-964-21 AN ORDINANCE AMENDING THE ZONING ORDINANCE AND ZONING MAP OF THE CITY OF COMMERCE CITY, COLORADO, BY ZONING THE PROPERTY ANNEXED AS THE CANAM ANNEXATION FROM ADCO (UNINCORPORATED ADAMS COUNTY) TO A PUD ZONE DISTRICT AND APPROVING A PUD ZONE DOCUMENT

To whom it may concern.

I am entering this comment to the record regarding Z-964-21. I moved to the northern territory of Commerce City in 1999 and since then I have seen numerous changes; some good and others that question the vision of our elected officials. I do NOT believe that a diesel fueling center for semi's is needed on the corner of 112th and Hwy 85. I share the same concerns as many other citizens who live in the area regarding crime, light pollution, property value, noise, air pollution and contamination of the surrounding land.

When we moved to Commerce City it was in an advantageous position for both residential and commercial growth due to it being located near major highways, Denver International Airport and downtown Denver. The area between Hwy 2 and Tower Rd has seen the construction of several subdivisions and businesses, however the Northwestern portion of the city has seen construction of industrial warehouses and partially developed communities. While we were aware of the zoning in place when we moved to the area, we did not expect trains to block roadways, vehicles exceeding 75 MPH on Hwy 85 and motorists constantly running red lights.

We cannot change the past or the decisions we made; however, we can direct the future image of Commerce City and truly make it a "Quality Community for a Lifetime" by rejecting the proposal of the Quick Trip refueling station at 112th and Hwy 85. I believe what would be better suited to that land is parks/open space, retail and restaurants for not only the residents who live nearby, but for those who frequently use Hwy 85. I realize I am only one person voicing their opinion, but I really think that my opinion is shared by most residents in the area. I appreciate your time and hope that you really do what is best for the residents.

Thank You.

Dylan,

I did an online petition on Change.org. I am hoping to submit the attached spreadsheet it provided me with my list of supporters supporters and some of their comments as well as a few screenshots of the petition to show the petition itself.

The petition is online and active here if you need to see it.

<https://www.change.org/p/city-council-stop-the-quicktrip-at-sw-corner-of-hwy-85-and-112th-ave-commerce-city-henderson-colorado>

Let me know if this is what you need or I need to rework it.

Case Z-964-20-21: Quiktrip Corporation is requesting approval of an annexation Zone Change from ADCO (Unincorporated Adams County) to Commerce City PUD (Planned Unit Development). The proposed development includes a fueling plaza and other commercial and multi-family residential uses for the properties located on the southwest corner of 112th Avenue and US 85, generally located at 9940 E. 112th Ave. The two properties to be zoned total 37.9 acres.

The Quiktrip is planned to have 5 diesel pumps for large trucks and 10 gas pumps for cars. This will cause heavy truck traffic at the entrance to our neighborhoods as well as off gassing, noise and light pollution and crime. This plan does not fit with Commerce City's Comprehensive Plan for a Local Commercial Center. We are scared this facility will service passerby's and not our neighborhoods. This is a big bait and switch on our community, as we were told this would all be residential.

As the neighbors to this property, we all do not want the services of a Quiktrip Gas station and we want to show the city that we hope for more currently unavailable services that could tend to the community here instead. We have a gas station 1.4 miles south and another 1.5 miles north. Lastly, we have a family run convenience store named Haraf Foods Market on Belle Creek Blvd, located less than a mile away from the proposed Quiktrip.

We, the neighbors, are strongly opposed to the city allowing this project to be approved in our neighborhood.

Name	City	State	Postal Code	Country	Commented Date	Comment
Cindy Van der Wyk	Denver		80263	US	9/9/2021	"Safety, immense traffic jam for residents and not needed"
Alex Juel	Henderson	CO	80640	US	9/9/2021	"I'm signing because this isn't what our neighborhood needs. We already have two gas stations nearby and this will cause too much traffic and pollution in our neighborhood."
Jacquelyn Jiron	Denver	CO	80233	US	9/9/2021	"This is huge mistake! We do not want or need this there. 112th Ave is not wide enough for this type of traffic. It will cause noise and gas fumes. As a homeowner on Belle creek, I think this will add to the ridiculous traffic we have now."
Kimberly Slanovich	Henderson	CO	80640	US	9/9/2021	"Traffic, crime and pollution would devastate our community with a truck stop. They don't belong near neighborhoods."
Lisa DiMuccio	Henderson	CO	80640	US	9/9/2021	"Let me begin by saying I have lived in The Dunes 18 years. I have seen MANY changes and progress in that time. I am NOT anti building or anti progress...however. There are some issues that need to be addressed. Quick Trip stated in the meeting that "they thought this is what the community wanted". If that was the case then why were notices of the meeting only mailed out to the townhouse owners over in The Dunes subdivision? Because they were only required to notify anyone within 500 ft of the new development. The truth is Quick trip did not want to here from ALL of the citizens that would be impacted by this development. This "improvement" is NOT what is best for our community, but rather a huge potential money maker for Quick Trip attempting to capture the revenue from the multitude of semi trucks that use Hwy 85 each day. Another thing to please keep in mind.....one of the leaching toxic underground plumes that come from the Rocky Mt Arsenal pass directly underneath this proposed construction sight."
Richard Phan	Henderson	CO	80640	US	9/9/2021	"I do not wish to have this truck stop built so close to my neighborhood. I live in belle creek and since the gas station, mcdonalds, taco bell, and various shops have opened up on the south end of the development, traffic has been congested at times."
Emily Gunther	Dacono	CO	80514	US	9/9/2021	"My home backs up to this area and I believe building this quick stop will bring more traffic and crime into our small community."
Debi Hyland	Henderson	CO	80640	US	9/9/2021	"I can't imagine the traffic issues we would have with this in the neighborhood at the corner of 112th and Hwy 85. We already have issues with Semi trucks blowing through the light at this location and backups with the trains stopping. The warehouses built on the opposing side of the highway is already bringing in additional commercial truck traffic. This would be a nightmare and a detriment to our community. This is not something I want."
Dethery Miles	Denver	CO	80233	US	9/9/2021	"Too much truck traffic Not desirable for residential area"
Rochelle Gallegos	Denver	CO	80212	US	9/9/2021	"Rochelle Gallegos"
Kenneth Betts	Henderson	CO	80640	US	9/9/2021	"Gas station is fine with me. NO to the truck stop. We do not need additional truck traffic on 112th."
Tina McGuire	Thornton	CO	80241	US	9/9/2021	"I agree with Lisa. A smaller retail area where individuals could start a business based on the actual needs of our community would be better. A small family-owned restaurant is much more needed than a truck stop."
Justin Bartels	Commerce City	CO	80640	US	9/9/2021	"This is a bad move in an area that is surrounded by residential."
Stephanie Emanuel	Commerce City	CO	80022	US	9/10/2021	"We already have a high accident rate at that intersection and adding a truck stop at that intersection would make it more dangerous!"
Susan Roome	Commerce City	CO	80640	US	9/10/2021	"We cannot allow this to even be a thought to our small community. I, like many others here, moved to be away from the mass populated areas like truck stops. We as a community must take a stand and say NO as this truck stop or even gas station would have no benefit on our small neighborhoods."
Matthew Allen	thornton	CO	80229	US	9/10/2021	"It's a bad idea. There's other trick so options, and it's horrible for the neighborhood"
Jada Petersen	Henderson	CO	80640	US	9/10/2021	"It's unnecessary with gas stations 1/2 mile both north and south. Neither of those stations share an intersection with a housing development; putting a station here increases traffic and congestion on 112th. There's already enough truck traffic on 112th, and the section from Hwy 85 to Brighton Rd is currently showing the effect of large trucks, with damage to the small Fulton Ditch bridge. Having a station here also promotes more traffic along 112th, as well as Brighton Rd, neither of which has shoulders for pedestrian or bicycle traffic. Additionally, movement on 112th east of 85 is frequently halted due to trains sitting on the tracks. It just doesn't make sense to increase commercial traffic at this intersection."
Stephanie Emanuel	Commerce City	CO	80022	US	9/10/2021	"This intersection has been very dangerous for years, resulting in many major accidents, and has been getting worse as our community grows. The abundance of big truck traffic lately has made it difficult for residents to access 104th, 112th, 120th, and 124th without waiting in lines of traffic that back up to where drivers are sitting through 3-5 cycles of red lights before it is there turn. I fear that adding more truck traffic on-top of what we already have will make our neighborhoods and commutes more dangerous and will also cause the amount of time our cars are idling as we wait to increase. I'm short, adding a truck stop will negatively affect our community and the environment."
Michael Storozum	Broomfield	CO	80020	US	9/10/2021	"There is enough traffic and traffic accidents on that stretch of road. Adding trucks slowing down to make a right turn will surely create more accidents. I could just imagine the element that would be hanging around there just bringing down property values while the county just raised our taxes. What we need is local business from the hospitality industry rather than oil and gas or trucking."
Kayla Arroyo	Arvada	CO	80004	US	9/11/2021	"My home backs up to the area, where the truck stop and gas station is proposed. It is going to cause a lot of noise and light pollution and depreciate the value of my home dramatically. No one will ever want to move into house with the backyard being a truck stop. There is a plethora of land on the other side of Highway 85, that would be suitable for this construction. A truck stop DOES NOT belong in between neighborhoods."
Jeremiah Rogers	Henderson	CO	80640	US	9/11/2021	"I live in Belle Creek and don't want this development"
Nathan McComis		US			9/12/2021	"I don't believe this is the right location for a truck stop."
Jesus Solis	Henderson	CO	80640	US	9/13/2021	"I dont want it close home"
Rick Antcliff	Henderson	CO	80640	US	9/15/2021	"This intersection is already busy and dangerous enough without adding a constant stream of semi trucks trying to turn into and out of a new gas station. Go sit by Hwy 85 and 136th and you'll get an idea of what semi's turning does to back up traffic. There are already gas stations at the next intersections both north and south, we don't need another one."
Christina Juarez	Thornton	CO	80241	US	9/17/2021	"It's too close to a suburban neighborhood. It's will be bad for the surrounding communities and cause additional pollution."
Alex Edwards	Commerce City	CO	80022	US	9/27/2021	"I stand with my neighbors to the west in Belle Creek. If you say you don't want it then I support you. Within reason, you have a right to have a say in what you want and don't want in your neighborhood."
Kristi Douglas	Commerce City	CO	80022	US	9/30/2021	"I signed because our city is at a tipping point. We can either keep heading down this path to the same-old, same old or we can look into the future and become the place that you want to stay because it has so much to offer. We have to envision the future - this is NOT IT!"
Nathaly Rodriguez	Brighton	CO	80601	US	9/30/2021	"I'm signing because I am a resident of belle creek and think this does not bring any value to our family oriented neighborhood. We who live here, would benefit more from having restaurants or a shopping center built that we could conveniently access it by being able to just walk over. Having this truck stop is going to bring in way more unnecessary traffic and congestion that is not beneficial to our neighborhood. Please consider rebuilding the truck stop back in it's original location off of sable/hwy2 and 120th. Thank you!"
Jan Sandoval	Henderson	CO	80640	US	10/1/2021	"I am against all the traffic, odors and possible safety issues this will bring to our neighborhood."
Michael Matela	Brighton	CO	80601	US	10/3/2021	"Putting a truck stop across the street from us would completely change the dynamic of our community. I'm signing this petition in hopes of our city council representing the people and doing the right thing. I recently moved to Dunes Park about 3 years ago. I could easily of moved to other areas with cheaper taxes and better water. Instead I choose a family oriented community where my kid can be a kid and not have to worry about dangers of the world yet. After researching this truck stop, it feels as if our own city council tricked us. The traffic study was done during covid. It does not reflect real traffic patterns. This would create a traffick nightmare that will likely cause many unnecessary accidents. I fully support truckers and all they do for us. That said...there are much more suitable locations for this truck stop. Locations that would not suffer due to all of the downsides that a truck stop would bring, while still bringing in tax revenue for the city."
