Nic Berry, City Planner, presented on behalf of staff.

Commissioner Shecter requested clarification on the difference between a police sub-station and a full police station.

Nic Berry, City Planner, explained that the distinction lies in the level of services provided. A sub-station primarily functions as a touchpoint for officers serving the northern area, allowing them to complete paperwork and other operational tasks.

Nic Berry, City Planner, added that establishing the proposed sub-station would eliminate the need for commercial leases currently used for police operations, such as the space at Turnberry Marketplace.

Commissioner Shecter asked whether the proposed location would include a jail.

Nic Berry, City Planner, responded that all jail operations are located at the Brighton facility. The current process involves detaining individuals at the Civic Center before transferring them to Brighton. The new location would allow for a more efficient transfer process but would not include a jail.

Commissioner Sanchez noted that during the public meeting at Bison Ridge, the Police Chief indicated there would be holding cells at the proposed location. He also suggested that future public meetings include open format questioning rather than small, closed discussion groups.

A motion made by Commissioner Eggleston, “I move that the Planning Commission enter a finding that the requested P (Public Zoning District) Zoning for the property located at 13701 East 104th Avenue contained in case Z25-0005 meets the criteria of the Land Development Code and based upon such finding, recommend approval of the P (Public Zoning District) Zoning,” seconded by Commissioner VanHeusen, VOTE:

Ayes: 5 - Commissioner Shecter, Commissioner Biltoft, Commissioner Eggleston, Commissioner Sanchez and Commissioner VanHeusen

Nic Berry, City Planner, presented on behalf of staff.

Commissioner VanHeusen requested clarification regarding the public notification process for nearby stakeholders, noting the absence of public comment for this case.

Nic Berry, City Planner, explained that the notification process followed the requirements of the Land Development Code: Notices were mailed to all properties within 500 feet of the proposed site, a physical notice was posted on the Revsco property, and a public notice was published in the newspaper, meeting all minimum code requirements.

A motion made by Commissioner VanHeusen, “I move that the Planning Commission enter a finding that the requested Vacation of Right-Of-way contained in case V25-0003 meets the criteria of the Land Development Code and based upon such finding, approve the Vacation of Right-Of-Way,” seconded by Commissioner Sanchez, VOTE:

Nic Berry, City Planner, presented on behalf of staff.

Commissioner Eggleston requested clarification on the use of the term “screening” and whether it referred to fencing.
