

# A Resolution Granting an Easement to United Power, Inc. for the Installation of Electrical Distribution Infrastructure along Buckley Road between E. 96th Ave. and E. 88th Ave.

---

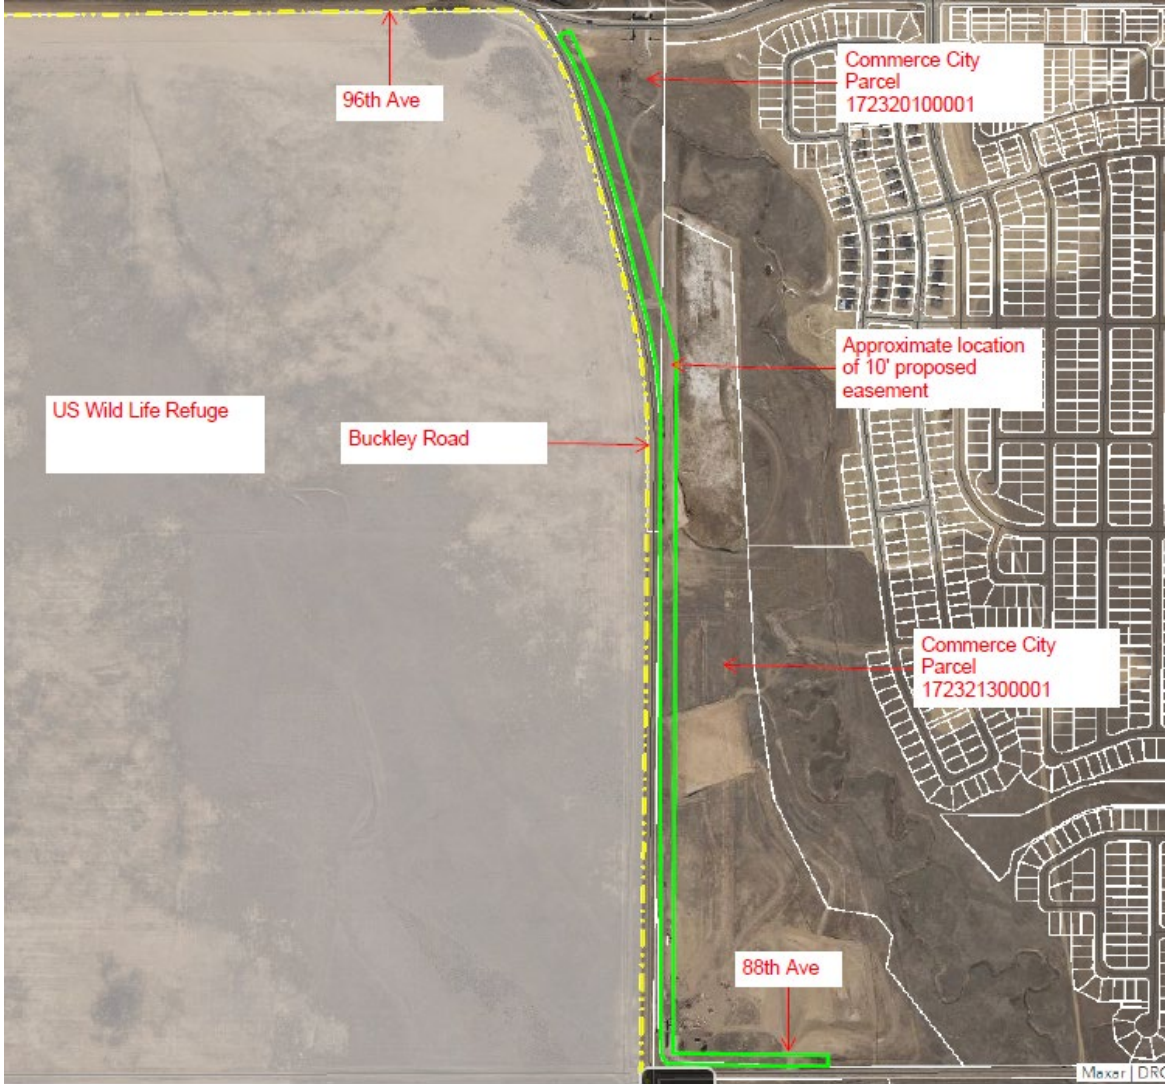

December 18, 2023

# Overview

---

- An existing overhead electric line owned by United Power, Inc. is on east side of the abandoned Buckley Road
- United Power is needing to replace the existing line
- New line is proposed to be installed underground along the east side of Buckley Road located on City owned property
- New line extends from E. 96<sup>th</sup> Ave. to E. 88<sup>th</sup> Ave. and will serve the new development in the area
- New line will not be in conflict with future City facilities or infrastructure

# Project Map

# Next Steps

---

- Council approves easement
- United Power is acquiring ROW permit for staff approval
- United Power is acquiring a floodplain development permit for staff approval for the portion of work located in the Second Creek floodplain
- Construct electric line
