Summary and Background Information:

In 2023, the Adams County Health Department, Environmental Health Division was awarded funding from the U.S. Environmental Protection Agency (EPA) for the Love My Air, Colorado Local Entity Air Network (CLEAN). The City of Commerce City ("city") is a subrecipient of \$1,000 in grant funding as part of this program.

The Love My Air, Colorado Local Entity Air Network (CLEAN) program empowers communities to live better, longer by reducing air pollution and limiting exposure through behavior changes, advocacy and community engagement. This program provides low-cost air sensors, a program data dashboard, and programming support to increase understanding of the impact of particulate matter on air quality and what individuals can do to protect their health. As part of this program, air sensors will be placed at Eagle Pointe and Bison Ridge recreation centers.

The city will use the \$1,000 in grant funding to design messaging and conduct air quality workshops about the results of the collected air-sensor data.
