Proposed Boring Locations

- Proposed temporary monitoring well -- sampled for VOCs, SVOCs, PCBs, and RCRA 8 metals (approximate location)
- Proposed temporary monitoring well -- sampled for VOCs, SVOCs, PCBs, RCRA 8 metals, and asbestos (approximate location)
- Optional temporary monitoring well, dependent on field screening results of TMW8 -- sampled for VOCs, SVOCs, PCBs, and RCRA 8 metals (approximate location)
- Delineation borings -- shallow (10') borings stepped North/South to determine landfill boundary
