Recreation Manager, Karen O'Donnell reviewed the types of memberships available and discussed the formulas used to calculate the proposed fees. Most members agree that fees need to be increased; however there was not consensus on which fees should be increased and by the amount of any such increase.

Members suggested that Recreation Manager O'Donnell use 60%, as opposed to the recommended 50% discount in the fee calculations and to bring back the new proposed fee calculations to the group for discussion.

There was consensus to raise the senior rate, but to allow existing members to be grandfathered in at the current rate as long as their memberships do not lapse.

A motion was made by Member Loomis to increase the senior rates, seconded by Member Douglas. VOTE: Unanimous The motion passed.

A motion was made by Member Loomis to have staff calculate the new formula and present the updated proposed fees to the group for further discussion, seconded by Member Emery.
