8. Public Hearings

Z-923-15

AN ORDINANCE REZONING THE PROPERTY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO AND MADE A PART HEREOF, LOCATED AT 6310 POPLAR STREET, COMMERCE CITY, COLORADO, AND AMENDING THE ZONING MAP OF THE CITY OF COMMERCE CITY, COLORADO TO REFLECT SAID REZONING.

Mayor Ford opened the public hearing.

Planner Caitlin Hasenbalg-Long presented the case. The applicant is requesting a zone change from C-3 to R-1. The subject property is located in a predominantly residential area. Although many of the surrounding properties are also zoned C-3, they are predominantly single-family uses. The subject property is a single-family home, built in 1955, and has been used residentially since that time. The neighborhood was annexed into the city in 1962, and over the years individual property owners have applied to rezone their properties to R-1. The planning commission held a public hearing on May 5, 2015, and voted unanimously to forward the case to council with a favorable recommendation.

Scott Josifek, 5985 Grape St., appeared before council on behalf of the applicant.

No one else came forward to address council on this case and the public hearing was closed.

A motion was made by Mayor Pro Tem Bullock, seconded by Councilwoman Carson to approve the fee waiver requested by the applicant.

VOTE: Unanimous; all present affirmed

A motion was made by Councilman McEldowney, seconded by Councilman Amador, to accept the findings and recommendations of the planning commission.

11. Presentations

Pres 15-247 SACWSD Water Supply and Demand Presentation

South Adams County Water & Sanitation District General Manager Jim Jones gave a presentation on the water supply for the district. The district service area is between Highway 270 on the South, 120th Avenue on the North, DIA on the East and Platte River on the West. In 1998 the Board of Directors enacted a policy that all new development dedicate water to the district to support the property development. In coordination with the city and developers, the District has acquired over 20,000 acre-feet of water. A large portion of the district's supply is a potable alluvial supply from the Quebec Paleochannel. The problem with this supply is that there are several potential superfund sites in the area that drain into this channel. Many of the concerns have been mitigated, many water-quality concerns, but to abandon this supply would cost approximately \$400 million to replace the asset. The southern area of the District is a master metered area served by Denver Water since 1968.

Pres 15-178 Federal Advocacy Trip Debrief and Action Items

Director of Communications and Government Affairs Michelle Halstead summarized the March federal advocacy trip. There were five specific legislative priorities adopted in December 2014. While in Washington D.C., city representatives attended 11 meetings regarding these five priorities: removing Victory Crossing deed restrictions and supporting robust operations at the Refuge, implementing the Tower Road on-ramp to Pena Blvd consistent with established agreements, seeking new rules for implementing railroad quiet zones and reducing conflicts between trains and roadway intersections, and preserving tax-exempt status for municipal bonds and allowing the application of sales tax to internet businesses.

Some council members had concerns about the city focusing 75% of time and spending money on removing restrictions on Victory Crossing for Kroenke's benefit.

Pres 15-188 Economic Development - Quarterly Economic Activity Report

Economic Director Michelle Claymore introduced a new member of her team. She stated that the 2015 Economic Development Workplan consisted of three focus areas: business attraction, business retention, and commercial real estate marketing. Total retail sales are up, unemployment is going down, and available warehouse space is extremely limited within the city.

Pres 15-254 Rocky Mountain Arsenal National Wildlife Refuge Comprehensive Conservation Plan

Rocky Mountain Arsenal National Wildlife Refuge Manager Dave Lucas stated that the last comprehensive conservation plan was developed in 1996 and work on the updated plan began in 2013. The proposed new plan would include two motorized entrances, but provide for several walking and biking entrances. Public comments are being collected up to July 6, 2015.

12. Administrative Council Business

Councilman Douglas asked about monitoring traffic flow along 96th Avenue because the roadway is lacking shoulders. He asked to have the topic of ice cream vendors back on the study session schedule, an update on the LOKAL homebuilders issue, and overgrown weeds around Landmark and Parkside North looked into.

Councilman Benson would like staff to reach out to NLC regarding their conference attendance rules.

Councilwoman Carson asked for a study session item regarding residential parking.

Councilman Amador has heard feedback that permit valuations in Commerce City are higher than other jurisdictions and he would like a study of permit valuations in surrounding jurisdictions.

Councilman McEldowney asked to have staff find out more information regarding major runway work at DIA and the potential for changing flight patterns that could create increased noise complaints. He asked about a more substantial barricade on 88th because of the recent road closure. Councilman McEldowney also stated that the shoulders on Tower Road and 120th Avenue are in horrible condition.

13. Reports

City Manager McBroom highlighted items from his weekly report provided to council earlier.

Mayor and Council reported on their attendance at various meetings and events.

14. Adjourn

The meeting adjourned at 10:00 pm.

In accord with the city charter, the city attorney read the title to all ordinances and resolutions adopted by Council at this meeting.
