Revital was launched last year to support the mental health and wellness of the first responders in our community and eventually nationwide. There are many organizations out there like this to support veterans, but few for those who protect our communities. Our 1st Annual Battle of the Badges Fire vs. Police hockey game will be both a fun opportunity for first responders, but also a great fundraiser for Revital. The funds from this event will allow us to grow our organization, offer retreats, and expand our services so we can reach more first responders in the years to come.
