Golf Manager Hebinck shared an overview of the Golf department, its three divisions, and the social/instruction programs offered for residents and patrons. At Council's direction, the expansion and remodel has been placed on-hold and requested that updated bids be sought due to the cost increases incurred over time. The restaurant's closure date is unknown at this time. It was requested that a monthly update be added to future agendas as well. Tree Board Review - Chad Redin

Attachments: [7-3-3 Tree Board](#)

Brighton has a quarterly meeting with their City Forester to share updates but not an official board. Erie has a board to assist with seeking grants, providing education and coordinating the Arbor Day celebration and also, has a City Forester. Commerce City doesn't have a forester on staff. If desired, it is possible to create a subcommittee or to propose the development of a new board and request that City Council approve its creation and appoint members similar to how the other boards and committees are operated. This could also be coupled with the continued beautification efforts that Council initiated as well. A motion was made by Member Collins, seconded by Member Zimmermann to table the Tree Board discussion until after having an upcoming Parks Maintenance presentation. VOTE: Unanimous. The motion passed.

Golf Cart Discussion - Co-Chairs

The City code does not clearly outline the policies regarding the use of private golf carts or certain electric vehicles on public property. In general, Sections 7, 11-1201, 11-1202, 11-2100 each appear to be related to this topic in varying capacities. A motion was made by Member Zimmermann, seconded by Member Dukes for PRG staff to

seek legal interpretation on use of private golf carts and low-speed vehicles at the Buffalo Run Golf Course. VOTE: Affirmed six to three. The motion passed.

6. Community Engagement Updates

Member Flores indicated that Aquatics staff were very receptive and helpful with a specific request that was made. Member Martinelli concurred indicating that after some things were reported as needing attention they were addressed quickly and resolved.

7. Council Member Reports & Information

Council Member Teter attended the renaming of a HOA park in the Buffalo Ridge subdivision as the Curt Holland Memorial Park. Council Member Dukes shared his goal to have the comprehensive plan advanced in its development to align with land development, transportation and beautification efforts as well.

8. Committee Member Reports & Information

Members and staff did introductions and welcomed the new PRG Deputy Director, Kathy LeVeque. Member Grandinetti attended the Youth Commission meeting and the Pancake Breakfast earlier in the month indicating that the event was well done. Member McDowell shared that the County's transportation master plan contract is in process for signatures and hopefully approaching final stages.

9. PRG Announcements

Distributed to all members via email on May 16, 2024. Staff will bring more information about splash pad selections to next meeting.
