RECITALS

A. The PV District is a duly and regularly created, established, organized, and existing metropolitan district, existing as such under and pursuant to the constitution and laws of the State of Colorado; and is authorized by §37-45.1-103, CRS, as amended, to establish water activity enterprises for the purpose of pursuing or continuing water activities, including water acquisition or water project or facility activities, including the construction, operation, repair and replacement of water or wastewater facilities.

B. The PV District is acting hereunder by and through its Water Activity Enterprise, organized under the provisions of the Water Activity Law, and established pursuant to a resolution adopted by the District’s Board of Directors on June 20, 2005, as amended and restated on March 8, 2006.

C. The Bank is a commercial bank having trust powers, is duly organized, validly existing and in good standing under the laws of the United States, acting as bond trustee under the 2006 Indenture.

D. In entering into this Settlement Agreement, the Bank is acting on the written instructions of the Owners of one hundred percent (100%) of the currently outstanding Bonds set forth in a Direction and Funding Agreement between the Bank as the bond trustee under the 2006 Indenture and such Owners.

E. The PV Enterprise issued the Bonds in 2006 for the purpose of financing the purchase by the PV Enterprise of certain water rights and easements that were concurrently

conveyed to the SACWSD Enterprise in exchange for and in consideration of the issuance by the SACWSD Enterprise of 4,775.836 Equivalent Residential Units or ERUs to the PV Enterprise.

F. Pursuant to the 2006 Indenture and the 2006 IGA, the PV Enterprise was to sell its PV-ERUs from time to time to the City and other third parties, with the proceeds from the on-going sales of the PV-ERUs constituting the major portion of the Pledged Revenues pledged by the PV Enterprise under the 2006 Indenture to the payment of the principal of and accreted interest on the Bonds.

G. Since approximately July 1, 2009, the PV Enterprise has failed to make the required mandatory sinking fund redemption payments for the Bonds, causing a default by the PV Enterprise under the 2006 Indenture.

H. The PV Enterprise has not sold 3,608.836 of the 4,775.836 PV-ERUs originally issued by the SACWSD Enterprise to the PV Enterprise under the terms of the 2006 IGA, is in default on the related mandatory sinking fund payments on the Bonds, and the unsold PV-ERUs are the sole asset available to satisfy the debt service on the Bonds.

I. The PV Enterprise, the SACWSD Enterprise, and the City entered into the Intergovernmental Agreement (the 2006 IGA referenced above) under which the PV Enterprise conveyed to the SACWSD Enterprise the water rights and easements described in the 2006 IGA that the PV Enterprise acquired for such purpose with the proceeds of the Bonds and the PV Enterprise received from the SACWSD Enterprise the PV-ERUs in exchange for such water rights and easements, the PV-ERUs to be sold to the City and other third parties as set forth in the 2006 IGA. The 2006 IGA governs and will continue to govern those PV-ERUs that were sold by the PV Enterprise to the City and other third parties prior to the date hereof and, as of the date hereof, remain not activated into water and sewer connections (975.05 sold but not activated as of the date hereof.)

J. The Bonds matured on December 15, 2017, and the PV Enterprise does not currently have, and does not expect to ever have, sufficient moneys to satisfy and discharge the total amount of principal of and interest due on the Bonds.

K. The accreted value of the Bonds as of December 15, 2017 (their maturity date), was and will be deemed to currently be \$43,585,000.00.

L. To settle all outstanding matters with respect to the Bonds and the 2006 Indenture, the Parties to this Settlement Agreement have negotiated the Settlement set forth herein, including that the PV Enterprise shall convey and assign its ownership of the unsold PV-ERUs to the PV-ERU Holding Trust in exchange for the full satisfaction and defeasance of the Bonds and the 2006 Indenture and to compromise any remaining outstanding accreted value of the Bonds.

M. It is proposed that (i) the Bank create the New Trust for the purpose of owning and selling from time to time the PV-ERUs remaining to be sold for the benefit of the Bond Owners and (ii) the PV Enterprise, the SACWSD Enterprise, Commerce City and the Bank acting as Trustee under the 2006 Indenture and as Trustee for the New Trust under the 2018

Indenture, all on behalf of the Bond Owners, will enter into this Settlement Agreement pursuant to which (a) the PV Enterprise will agree to convey all of the PV-ERUs remaining to be sold to the New Trust for the benefit of the Bond Owners in exchange of such PV-ERUs for the Bonds, with the complete satisfaction and full discharge of the Bonds, the 2006 Indenture and certain related guaranties and to the amendment of the 2006 IGA pursuant to a Second Amendment to 2006 Water Resources IGA under which the PV Enterprise is released as a party to the 2006 IGA, (b) the SACWSD Enterprise will agree to the amendment of the 2006 IGA pursuant to the Second Amendment to 2006 Water Resources IGA under which the PV Enterprise is released as a party to the 2006 IGA and to enter into the Water Resources Agreement with the New Trust, thereby replacing the 2006 IGA in respect of the unsold PV ERUs, and stipulating the current conditions and requirements for the sale and assignment by the New Trust of such PV-ERUs remaining to be sold, while keeping the 2006 IGA in effect for the activation of the 975.05 PV-ERUs sold as of the date hereof but not yet activated, (c) Commerce City will agree to the amendment of the 2006 IGA pursuant to the Second Amendment to 2006 Water Resources IGA under which the PV Enterprise is released as a party to the 2006 IGA and (d) the Bank, as the Trustee, on behalf of the Bond Owners and as the Trustee for the New Trust, will agree to accept the ownership of the 3,608.836 PV-ERUs remaining to be sold by the PV Enterprise in exchange for the defeasance and cancellation of the Bonds and the discharge of the 2006 Indenture and to enter into the Water Resources Agreement with the SACWSD Enterprise.
