

Senior Focus Group Feedback

Thursday, January 11, 2018

Structure: There were 22 seniors in attendance. They were broken down into five round tables. There were six areas I was interested in receiving feedback about (trips, education, cultural/visual arts, technology, facilities, and marketing). I put together packets to cover each area that included some conversation starting questions. I gave each group 7 minutes to discuss each area and one individual to record results.

Area: Trips

What new places would you like to visit?

What location would you like to see again?

What outdoor activities do you enjoy?

Is there a special accommodation that would entice you to join a trip?

15. What did you like the most about this year's Senior Focus Group? People making good suggestions, different ideas, Derrick, Zach, Vicki, Karen, everything was organized, I liked the topics that we discussed and am excited about the new rec center, all of it, information about the rec centers, participation of the activities and interest, it had great interaction of the group, a lot of interaction, well worth our time, very interesting, learned a lot, seemed more organized, liked packets at the tables on time limits, better than big papers on wall with colored dots, A+
16. How could we improve the Senior Focus Group moving forward? This was a good group, put wheels on it, nothing, keep having these focus groups as I think it was very helpful, I was surprised at how many were here today, listen to the input from the group, I am very satisfied, two a year, not sure, increased notification beforehand, recruit more people, just improve on what you are doing
17. What is one positive thing that you will take away from this meeting (e.g., something you learned about the department, someone you met, etc.) Meeting Mike Smith a new comer to our center, learning about all the changes, Vicki's bachelor degree, staff really care about all the seniors, the new rec center, I liked meeting the staff and having more interaction with them, how everything works with the senior groups, great people and table, ideas, when new facility will open and interaction of both, loved the interaction and possibilities, met a new person and had lots of feedback, Was at a very interactive table with great ideas

18. General Feedback (anything else you'd like to add) Give Vicki a raise, thank you, I am really excited about the activities for the upcoming year, I thought the whole class was productive, Well Done, it was very good
