SAP-004-13 Adoption of the Station Area Master Plan:

J.J. Folsom, representing MIG consulting firm, reviewed the presentation. He stated that over the past year, a variety of focus group meetings and community workshops provided valuable feedback. The vast majority of respondents were generally supportive of the improvements and development. In addition, City Council and Planning Commission study sessions were held to obtain feedback as the planning process progressed.

The Planning Commission was satisfied with the facts presented and did not voice any concerns. There being no further discussion on the request, a motion was requested.

Motion:

Commissioner Robertson made the following motion "I move that the Planning Commission recommend that City Council adopt the Station Area Master Plan (STAMP) C3Vision, dated October 2013, a copy of which is on file with the city." Commissioner Dreiling seconded the motion.

McFarlin Yes
Dreiling Yes
Cammack Yes
Robertson Yes
Thomas Yes

5 Yes

Motion passed.
