# 1. Introduction

Public Service Company of Colorado (PSCo), dba Xcel Energy, is requesting a Conditional Use Permit (CUP) from Commerce City to replace approximately 1 mile of existing 10-inch high-pressure natural gas pipeline in Commerce City as part of the I-76 to Leyden Street Natural Gas Project (Project). As described in the CUP application, the proposed Project would conform to Commerce City CUP requirements. The CUP application for the Project was submitted to Commerce City on February 2, 2021.

As required by Commerce City, PSCo held a Neighborhood Meeting for the Project on April 15, 2021. PSCo respectfully submits this written summary of the Neighborhood Meeting in accordance with requirements contained in Commerce City's Neighborhood Meeting Facts to Know (Commerce City 2019).

# 2. Date and Location of Meeting

PSCo typically hosts neighborhood meetings in-person; however, to reduce the risks associated with person-to-person contact during the COVID-19 pandemic, PSCo instead hosted this meeting virtually. The virtual Neighborhood Meeting was held on Thursday, April 15 from 6 to 7 PM to accommodate the working public. Interested parties were able to live-stream the event on the Project website,

XcelEnergyNaturalGasProjects.com/76toLeydenStreet, or dial-in to listen on the phone.

# 3. Meeting Notices and Other Written Materials

PSCo launched a dedicated Project hotline (833-904-2580), website (XcelEnergyNaturalGasProjects.com/76toLeydenStreet), and email address (Info@XcelEnergy76toLeydenStreetProject.com) in May 2020 to provide information about the Project and establish outreach channels for public feedback and inquiries. These channels are frequently mentioned on public outreach documents, including the Neighborhood Meeting postcard and Development Fact Sheet.

On November 20, 2020, a total of 26 landowner letters were sent to property owners that abut the Project alignment to provide information about the Project and the existing easement. A flyer with a map of the Project alignment was included with each landowner letter. As a follow up, on November 25, 2020, doorhangers containing the landowner letter and flyer were hand-delivered to properties abutting the Project alignment to ensure

occupants also received information about the Project. A total of 18 doorhangers were delivered to occupied properties.

On March 31, 2021, a total of 389 postcards were sent to all property owners and occupants within a 500-foot radius of the Project reminding them of the Project outreach channels and notifying them of the virtual Neighborhood Meeting on April 15, 2021. PSCo obtained parcel ownership information from the Adams County Assessor's data per the requirements in Commerce City's Neighborhood Meeting Facts to Know (Commerce City 2019). Both a notarized mail affidavit confirming that the mail notice was completed and a list of the parties notified were submitted to Domenic Martinelli of City of Commerce City Community Development on April 12 and March 23, 2021, respectively.

PSCo also invited Commerce City's Mayor and City Council Members to the Neighborhood Meeting by email from Area Manager, Tom Henley. None of these officials attended the meeting.

PSCo prepared a Development Fact Sheet per the requirements in Commerce City's Neighborhood Meeting Facts to Know (Commerce City 2019). Prior to the neighborhood meeting, the Development Fact Sheet was posted to the Project webpage, below the instructions on how to attend the meeting, and above the live-stream window. The Development Fact Sheet will remain available on the Project website for interested parties.

On April 12, 2021, Domenic Martinelli of City of Commerce City Community Development by email waived the Letter of Intent requirement for the Neighborhood Meeting, stating that the Letter of Intent requirement is important for development projects, and does not apply to infrastructure projects such as a pipeline replacement (Martinelli 2021).

PSCo prepared a Microsoft PowerPoint presentation for the Neighborhood Meeting. The presentation was moderated by Stephanie Phippen of Tetra Tech, Inc. (PSCo's environmental and permitting consultant), and the presentation was given by Randy Blank, PSCo's Project Manager. The Neighborhood Meeting presentation topics included:

- Project Overview
- Schedule
- Construction Information
- Safety
- Compliance with Regulations
- COVID 19 Response
- Contact Us
- Questions and Answers

The Neighborhood Meeting PowerPoint presentation is posted at PSCo's website for the Project: XcelEnergyNaturalGasProjects.com/76toLeydenStreet.

The following materials from the Neighborhood Meeting are included in Appendix A:

- A-1: Virtual Neighborhood Meeting Postcard
- A-2: Notarized Mailing Affidavit
- A-3: Postcard Mailing List
- A-4: Development Fact Sheet
- A-5: Neighborhood Meeting Presentation

# 4. Meeting Participants

A total of 12 participants attended the virtual Neighborhood Meeting, including Domenic Martinelli, Environmental Planner with Community Development who attended on behalf of Commerce City. Other attendees included members of the public and representatives from PSCo, Tetra Tech (PSCo's environmental and permitting consultant), and EN Engineering (PSCo's engineering consultant).

# 5. Question Asked During the Meeting and Applicant's Response

After the Neighborhood Meeting presentation, PSCo hosted a Questions and Answers (Q&A) session to address feedback and inquiries from the public. Throughout the presentation and Q&A session, attendees could submit questions and comments through the live-stream portal or by pressing \*3 on their phone. Upon pressing \*3, attendees were connected with a representative on a separate line. The representative transcribed attendees' questions as they were dictated. No call-in questions were received during the neighborhood meeting. One question was received through the live-stream portal. This meeting participant asked PSCo whether Project construction will start at Brighton Road or I-76. Randy Blank, PSCo's Project Manager, explained that it is not yet determined how the construction contractor, TRC Construction, will construct the Project. PSCo allows their construction contractors to stage the work as they see most efficient. Closer to construction PSCo will have TRC Construction's schedule and work plan.

No additional questions or concerns were expressed during the Neighborhood Meeting. Meeting participants were encouraged to reach out through the Project's email address (Info@XcelEnergy76toLeydenStreetProject.com) and hotline (833-904-2580), to provide questions and feedback after the meeting. As of April 20, 2021, no additional questions or feedback have been provided via the Project's email address or hotline.

# I-76 TO LEYDEN STREET NATURAL GAS PROJECT

# YOU'RE INVITED TO OUR VIRTUAL NEIGHBORHOOD MEETING

#### How to Join the Virtual Neighborhood Meeting

To Discuss: Conditional Use Permit Application

Time: 6 - 7 P.M.

Date: April 15, 2021

Access Via: XcelEnergyNaturalGasProjects.com/76toLeydenStreet

Presentation Dial-in Number: 877-229-8493 PIN: 119344

In alignment with public health guidelines and safety standards, we will host a virtual neighborhood meeting. Please join us via phone or online.

Can't make it? We'll post the virtual open house presentation on our website following the live event.

If you'd like to receive a hard copy of the presentation, please contact us (see reverse).

#### **Topic**

Xcel Energy has submitted a Conditional Use Permit application to replace 1 mile of existing natural gas line in Commerce City for the I-76 to Leyden Street Natural Gas Project.

This project will allow us to continue to provide the safe, reliable natural gas service our customers expect while meeting new regulatory requirements.

HOSTED BY:	Xcel Energy	
CONTACT:	Tim Butler, Contract Agent	
	833-904-2580	
CITY STAFF:	Domenic Martinelli, Environmental Planner	
	City of Commerce City	
	303-289-3670	

Please contact one of the above individuals if you have any questions or need additional information.

#### Safety

Public safety is at the foundation of all we do. The safety of the public around our natural gas system influences every decision we make.

If you suspect a natural gas leak, leave your home or business immediately. Once you are safely away, call **911**, then Xcel Energy at **800-895-2999** 

### **Xcel Energy COVID-19 Response**

This critical infrastructure work will take place during the COVID-19 pandemic. Our employees and subcontractors are taking precautions to limit exposure to themselves and others.

To learn more about Xcel Energy's response to COVID-19, please visit **xcelenergy.com/COVID-19\_Response**.

Appendix A-4: Development Fact Sheet

# I-76 TO LEYDEN STREET NATURAL GAS PROJECT

VIRTUAL NEIGHBORHOOD MEETING DEVELOPMENT FACT SHEET
APRIL 2021
COLORADO

The map above is a graphic and may not show exact locations.

#### **Overview**

Xcel Energy is replacing approximately 1 mile of existing natural gas line in Commerce City. This mile-long segment (Project) is part of the larger I-76 to Leyden Street Natural Gas Project that will replace 1.6 miles of a longer natural gas line that was installed in the 1950s.

The U.S. Department of Transportation's Pipeline and Hazardous Materials Safety Administration (PHMSA) issued a new regulation requiring operators to ensure natural gas lines in their systems meet record-keeping requirements. The Project will allow Xcel Energy to continue providing safe and reliable natural gas service in Commerce City and surrounding communities while maintaining compliance with the PHMSA requirements.

The Project is located within Commerce City's I-3 and I-1 zone districts and within the Belle Creek and Barclay subdivisions. The Project will not affect existing land uses, open space, or public recreation opportunities or facilities. The Project will replace the existing natural gas line with a new natural gas line in the same easements and rights-of-way, where feasible, and the existing line will be abandoned in place. The Project will not upsize the line or increase gas capacity.

#### **Schedule**

Construction will begin in summer 2021 and continue through fall/winter 2021. The Project will be placed in service in late 2021. Please note that the construction schedule is subject to change.

# **Safety**

Public safety is at the foundation of all we do. The safety of the public around our natural gas system influences every decision we make.

If you suspect a natural gas leak, leave your home or business immediately. Once you are safely away, call **911**, then Xcel Energy at **800-895-2999**.

# Xcel Energy COVID-19 Response

This critical infrastructure work will continue during the COVID-19 pandemic. Our employees and subcontractors are taking precautions to limit exposure to themselves and others.

To learn more about Xcel Energy's response to COVID-19, please visit xcelenergy.com/COVID-19 Response.

### **HOW TO ASK QUESTIONS**

If you're joining via phone, dial \*3 to ask a question.

If you're joining via web, type your questions into the comment area.

### **PROJECT TEAM**

2021 Xcel Energy

- Project Overview
- Schedule
- Construction Information
- Safety
- Compliance with Regulations
- COVID-19 Response
- Contact Us
- Questions and Answers

## **PROJECT OVERVIEW**

 Part of the larger I-76 to Leyden Street Natural Gas Project that will replace 1.6 miles of a longer line installed in the 1950s

 Required by U.S. Department of Transportation's Pipeline and Hazardous Materials Safety Administration's "Mega Rule" requiring operators to ensure natural gas lines meet record-keeping requirements

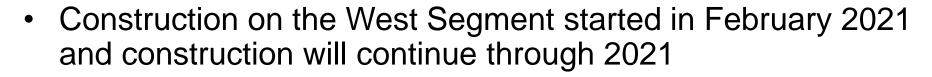

### **PROJECT OVERVIEW**

 Construction of the East Segment in Commerce City to start in summer 2021 and be completed in fall / winter 2021

Project schedules are subject to change

### **COMMERCE CITY OVERVIEW**

### **TEMPORARY USE AREAS**

- Temporary Use Areas
  - Along project route
  - Northwest of 104<sup>th</sup> Avenue and I-76
  - Southeast of Brighton Road and 104<sup>th</sup> Avenue (main staging yard)
- Used to store equipment and materials during construction

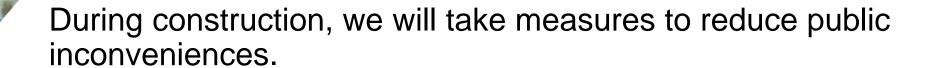

# 2021 Xcel En

### TRENCHING AND BORING

 Open trenching involves digging a trench and placing the natural gas line in the trench.

 Boring involves using a bore machine (also known as horizontal directional drilling) to clear an underground pathway through which the natural gas line is pulled in.

### **CONSTRUCTION AND RESTORATION**

- Short-term road or sidewalk closures
- Traffic control measures
- Temporary changes to access
- Elevated levels of noise

We will restore work areas to preconstruction conditions

### **SAFETY**

### Public safety is at the foundation of all that we do.

- Third-party inspection during construction
- Radiographic (X-Ray) of all welds on the new line.
- Line pressure testing prior to placing into service
- Corrosion prevention system
- Regular post-construction inspections
- Hazard patrols and annual leak surveys

- 24/7 natural gas line monitoring
- Immediate repair of hazardous leaks
- Remote-controlled valve shut-off in case of emergency
- Coordination with emergency responders
- Designed to meet and exceed state, company and federal safety standards

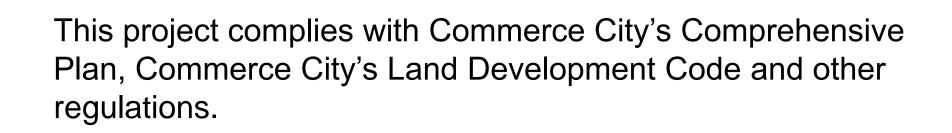

### **NATURAL GAS SAFETY**

If you suspect a natural gas leak:

- Leave your home or business immediately
- Call **911**
- Then call the Xcel Energy Gas Emergency Hotline: 800-895-2999

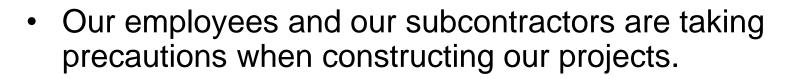

### **COMPLIANCE WITH REGULATIONS**

### **COVID-19 RESPONSE**

 For your safety and to maintain social distance, please avoid approaching crews in the field.

 Learn more about our response to COVID-19 at xcelenergy.com/COVID-19\_Response.
