A RESOLUTION AMENDING COUNCIL POLICY #CP-16 TO MODIFY THE CITY COUNCIL AGENDA REGARDING NOTICED COUNCIL BUSINESS ITEMS

Summary and Background Information: The proposed resolution modifies Council Policy #CP-16(A)(4) to add a new standing agenda item to be called "Noticed Council Business" for Council business items placed on the agenda at the request of a City Council member in accordance with Council Policy #CP-16(A)(11). The new item is located immediately following citizen communication and before informational presentations and the consent agenda. Other Council business items will still be heard at the end of the meeting (as "Administrative Business").

For clarity, Council Policy #CP-16(A)(11) is also retitled "Noticed Council Business" and modified to clarify that submissions must be received by the Tuesday preceding a meeting to be included on the agenda as "Noticed Council Business" unless the City Manager permits a late submission.
