CU-81-08-10-12-17: Rocky Mountain Recycling is requesting renewal of a Conditional Use Permit for salvage yard operations at 6495 Brighton Boulevard, zoned I-3

CU-82-08-10-12-17: Rocky Mountain Recycling is requesting renewal of a Conditional Use Permit for salvage yard operations at 6541 Brighton Boulevard, zoned I-3.

Ms. Allen introduced both cases and noted there would be one presentation. She asked that the record reflect the files contained the relevant notification and publication information. Ms. Axmacher presented the staff report and presentation including the Development Review Team's recommendation for approval, subject to conditions.

In response to a question by the Commission, Ms. Axmacher explained the DRT recommended ending the renewal period for the cases because the location is appropriate for the uses, the applicant has made significant upgrades to the site, and the applicant is in compliance with the original conditions.

Brian Henesey, 6510 Brighton Boulevard, thanked the commission for reviewing the cases. He stated Rocky Mountain Recycling has been in operation at the subject property since 2008 and would like to continue a long term business in Commerce City. In response to questions by the Commission, Mr. Henesey stated business has improved and remains stable without a need for layoffs. There are approximately 90 people employed by Rocky Mountain Recycling.

The meeting was opened to the public.

Joy Bishop, 6751 E. 64th Avenue, expressed her support for the request. She stated the landscape and fencing upgrades have improved the area.

There being no further discussion on the request, two separate motions were requested.
