**File Type:** Presentation

### Comprehensive Plan April Update

The Community Development Department is undergoing an update to the Comprehensive Plan (Plan).

Staff has been working with the consultant, Houseal Lavigne on the Vision and Core Principles to incorporate feedback received from various groups. These vision statements were presented to the Planning Commission on February 1 and City Council as well as the advisory committees. Staff is planning to take the revised vision statements to the general public for engagement and feedback.

Additional public engagement is planned for key choice questions or “big picture questions” regarding development and the direction of certain issues in the City.

A city-wide public workshop is planned for April 28, 2022 for feedback on Key Choices and Vision + Core Principles.

A joint Planning Commission/ City Council Study Session is tentatively scheduled for May 9, 2022 covering Key Choices and the revised Vision and Core Principles, which will incorporate comments received from the public and various advisory groups.
