Business

- National League of Cities: Washington DC Debrief
 - All of the participants had a great experience attending the conference!
 - They were able to go site-seeing throughout the city & see all the history that DC has to offer
 - Meeting other city officials and other youth delegates through the conference was very beneficial
 - In the future, we should implement a policy of arriving to the airport three hours early in order to avoid missing a flight
 - The length of time spent there was perfect!
 - Although, it is recommended that next year's tours/events do not overlap with the conference schedule
- State Capitol Visit: Thursday, March 27th, 2014
 - Meet at the Civic Center at 8:00am

- We will arrive back in Commerce City by 1:00pm
- We will be having lunch with Dominik Moreno
- We will spend about 45 minutes on the House Floor
- City Council Presentation: April 12th, 2014
 - We will divide the presentation into three sections:
 - Debrief of DC/ thank you from the seniors & senior farewell
 - Introduction of returning members & thank you
 - Introduction of new members
 - We will most likely present towards the end of the city council meeting, and it is encouraged that each commission member stay until after the meeting is over in order to talk to City Council personally
 - We will run through the whole presentation at the next meeting
- Set Officer Election Date
 - To be announced
- Efficient Communication
 - Email and text are both convenient methods for the future
- Youth Master Plan: Sean Binder
 - Postponed to the next meeting
