

ORDINANCE NO. 2050

INTRODUCED BY: AMADOR, BENSON, BULLOCK, CARSON, DOUGLAS, ELLIOTT, FORD,
MCELDOWNEY

AN ORDINANCE REPEALING AND REENACTING ARTICLE II OF CHAPTER 8 OF THE COMMERCE CITY REVISED MUNICIPAL CODE TO PROVIDE FOR THE LICENSING OF MEDICAL AND RECREATIONAL MARIJUANA BUSINESS

WHEREAS, the state legislature has enacted the Colorado Medical Marijuana Code and the Retail Marijuana Code, creating a dual-licensing scheme for the operation of marijuana businesses within the state of Colorado; and

WHEREAS, the City Council for the City of Commerce City recognizes that businesses involving the distribution, cultivation, and production of marijuana can have a negative impact on the health, safety, and welfare of a community as well as its resources; and

WHEREAS, the City Council believes that the regulations set forth in this ordinance prescribing the manner in which marijuana businesses are licensed and how such businesses are conducted are necessary and appropriate to protect the health, safety, and welfare of the residents, businesses, and property in the city; and

WHEREAS, the City Council declares that the operation of a marijuana business in the City of Commerce City is a revocable privilege and not a right; and

WHEREAS, the City Council desires that these regulations be construed to protect the public with regard to the conduct of marijuana businesses and hereby specifically directs that these regulations be enforced in a manner that provides no tolerance for a violation of these provisions.

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF COMMERCE CITY, COLORADO AS FOLLOWS:

SECTION 1. That Chapter 8, Article II of the Commerce City Revised Municipal Code is hereby repealed and reenacted to read as follows:

ARTICLE II. MARIJUANA BUSINESSES

DIVISION 1. GENERAL PROVISIONS

The city council shall appoint a hearing officer to serve, at its pleasure, as the marijuana licensing authority. The marijuana licensing authority shall have all the powers and authority granted to the local marijuana licensing authority by the medical and retail marijuana codes as well as those explicitly granted or reasonably inferred by this code. The marijuana licensing authority's powers shall include, but shall not be limited to, the authority to create its own procedural rules, administer oaths, and to issue subpoenas to require the presence of persons or the production of documents, books and records necessary to the determination of any hearing.

Sec. 8-2104. Appeals of Authority Decisions.

A conviction shall be grounds for, but shall not be required prior to, the authority taking action against the license.

DIVISION 2. APPLICATION AND LICENSING.

Sec. 8-2200. Prohibited Licensees.

In addition to the prohibitions set out in state law, a license provided by this article shall not be issued to or held by a person who has been convicted of the offense of operating a marijuana business without a license in the five years immediately preceding the application date.

Sec. 8-2201. Letter of Intent and Pre-Application Meeting.

Prior to the submission of an application for a new license, an applicant shall submit a letter of intent to the city clerk. The letter of intent shall include the name of the individual(s) or entity applying for licensure, contact information for the applicant, the address of the proposed business, the type of license sought, and the size and scope of the business. The city clerk shall schedule a pre-application meeting for the purpose of obtaining additional information from the applicant regarding the size, scope, and feasibility of the proposed business and to provide the

applicant with a more complete understanding of the licensing process. Pre-application meetings are mandatory and a pre-requisite to the submission of an application.

Sec. 8-2202. Applications.

- (a) Form and filing. All applications shall be filed with, and on the forms approved by, the city clerk. The city clerk shall review the applications and insure that they are complete. If complete, the city clerk shall promptly submit the application to the authority for action.
- (b) Content of application. All applications shall include the materials the city clerk deems necessary or appropriate to assist the authority in rendering its decision on the application. All applications for new licenses shall include plans and specifications for the premises to be licensed, a security plan, evidence establishing the applicant's right to possess such premises during the term of the license, proof that the applicant is permitted to use the premises for the proposed use, all required fees, and such additional materials as the city deems necessary or appropriate to assist the authority in rendering its decision on the application.
- (c) Application for renewal. An application for renewal must be filed not less than 45 days but not more than 90 days prior to the expiration of the license. If the licensee fails to apply for renewal at least 45 days prior to the expiration of the license, but does apply prior to the expiration of the license, the city may process the renewal application if the applicant submits a late filing fee, in addition to the renewal application fee, at the time of submittal of the renewal application. The city shall not accept renewal applications after the expiration of the license, but instead shall require the applicant file a new license application.
- (d) Incomplete and untimely applications. No application shall be considered which is not complete in every detail in the opinion of the city clerk. Incomplete applications may be returned to the applicant for completion or correction without any further action. It is the licensee's responsibility to ensure the application and all supplemental materials are submitted in a timely manner. Neither the city nor the authority shall be responsible for the failure of a license to be issued or renewed prior to an expiration date because of a late, incomplete or defective application.

Sec. 8-2203. Review - New License Applications.

- (a) Neighborhood boundaries. The city clerk shall set the boundaries of the relevant neighborhood, taking into account boundaries previously established for marijuana business licenses in the area. The city clerk shall notify the applicant of such boundaries, and those boundaries shall be deemed accepted unless a written objection is filed by the applicant within five (5) days of receiving notice. If an objection is filed by the applicant, the city clerk shall set the matter for a public hearing before the authority. At the conclusion of the hearing, during which any interested city business owner or resident

shall have the right to be heard, the authority shall establish the boundaries of the relevant neighborhood by either approving or modifying the boundaries set by the city clerk.

- (b) Hearing and notice. Upon receipt of a complete application for a new license, the authority shall schedule the matter for hearing not less than 30 days from the date that the application was received by the authority. The hearing shall be open to the public and notice of such hearing shall be posted on the property and published in a newspaper of general circulation in the city not less than 10 days prior to the date of the hearing.
- (c) Burden of proof and neighborhood desires. For new license applications, the applicant shall bear the burden of proving that all qualifications for licensure have been satisfied and must also satisfy the authority that the residents of the affected neighborhood desire the business, that the applicant is fit to hold the requested license, and that the applicant is prepared to operate the business in compliance with the requirements of state and local law.
- (d) Decision. A license shall be issued if an application is approved. Such license may contain any condition that the authority deems necessary or appropriate to ensure compliance with state and local laws. If an application is denied, the authority shall issue a written decision explaining the reasons for the denial.
- (e) Building Occupancy. No license shall be issued until the building in which the business is to be conducted has been issued a certificate of occupancy with all fixtures, furniture, and equipment in place as is necessary to comply with the applicable provisions of this code and state law and then only after the city has completed an inspection of the premises and determined that the applicant has complied with the plans approved by the authority.

Sec. 8-2204. Review - Other Applications.

- (a) Public hearing not required. The authority may grant or deny any application other than an application for a new license based solely upon the authority's review of the submitted materials. No public hearing shall be required.
- (b) Burden of proof. The applicant shall bear the burden of proving that all criteria for approval have been satisfied.
- (c) Decision. If an application is approved, the authority shall provide written notice of such approval. An approval may contain any condition that the authority deems necessary or appropriate to ensure compliance with state and local laws. If an application is denied, the authority shall issue a written decision explaining the reasons for the denial.
- (d) Governing law. Renewal of any marijuana business license is subject to the laws and regulations in effect at the time of renewal. Renewal of a marijuana business license is not automatic.

Sec. 8-2205. Licenses and Permits.

- (a) License required. No person shall operate a marijuana business within the city unless all required state and local licenses are in full force and effect.
- (b) Term of license. A marijuana business license shall be valid for a period of one year from the date of issuance. A marijuana business license is immediately invalid upon expiration of the license, unless the applicant has filed, and the city has accepted, a renewal application and the authority has determined to continue the license beyond the expiration date while the renewal process is pending
- (c) Extraction permit required. No person shall conduct any extraction in conjunction with a marijuana business unless the authority has issued an extraction permit and such permit is in full force and effect at the time of the extraction.
- (d) Separate and distinct. Each license issued under this article is separate and distinct. It is unlawful for any person to exercise any of the privileges granted under a license other than the license that the person holds or for a licensee to allow any other person to exercise the privileges granted under the licensee's license.
- (e) Business premises. A separate license is required for each premise in which a marijuana business is operated. It is unlawful for any person to operate a marijuana business on any premise not licensed by the city. No two businesses may be operated on a single licensed premise.
- (f) Fire barriers. Unless higher performance is required by applicable law, there must be a minimum of one-hour fire-resistive rated fire barriers between a marijuana business and any adjacent business.
- (g) License nontransferable and nonconvertible. A marijuana business license may not be converted to any other marijuana business license and shall not be transferable or assignable to a different premise or to a different owner. A marijuana business license is valid only for the owner named thereon, the type of business disclosed on the application for the license, and the location for which the license is issued. The licensees of a marijuana business license are only those persons disclosed in the application or subsequently disclosed to the city in accordance with this article.
- (h) Relationship to other laws. The license requirement in this article shall be in addition to, and not in lieu of, any other licensing and permitting requirements imposed by any other federal, state, or local law. A license issued pursuant to this article does not provide any exception, defense or immunity to any person in regard to any potential criminal liability the person may have under federal law for the cultivation, possession, sale, distribution or use of marijuana. Upon denial or revocation of a state license, any license issued under this article shall be null and void. If a court of competent jurisdiction determines that the issuance of local licenses violates federal law, all licenses issued under this article shall

be deemed immediately revoked by operation of law, with no ground for appeal or other redress on behalf of the licensee.

- (i) Waiver. By accepting a license issued pursuant to this article, the licensee waives any claim concerning, and releases the city, its officers, elected officials, employees, attorneys and agents from, any liability for injuries or damages of any kind that result from any arrest or prosecution of business owners, operators, employees, clients or customers of the licensee for a violation of state or federal laws, rules or regulations.
- (j) Indemnification. By accepting a license issued pursuant to this article, all licensees, jointly and severally if more than one, agree to indemnify, defend and hold harmless the city, its officers, elected officials, employees, attorneys, agents, insurers and self-insurance pool against all liability, claims and demands on account of any injury, loss or damage, including without limitation claims arising from bodily injury, personal injury, sickness, disease, death, property loss or damage, or any other loss of any kind whatsoever arising out of or in any manner connected with the operation of the marijuana business that is the subject of the license.
- (k) Inactive Licenses. The city may revoke or elect not to renew any license if it determines that the licensed premises has been inactive for at least one year or, in the case of a license approved for a facility that has not been constructed, such facility has not been issued a certificate of occupancy and placed in operation within two years after the approval of the license application.

Sec. 8-2206. Fees.

- (a) Fees. All fees, including, without limitation, application, inspection, license, permit, and late filing fees, shall be paid to the city in the amount established by resolution of the city council.
- (b) Time of payment. All fees shall be payable at the time an application is submitted to the city clerk.
- (c) Payment required. No license shall be issued until after the payment of the fees required by this ordinance.
- (d) Refunds. All application and late filing fees shall be non-refundable. License and permit fees shall be refunded only if the license or permit is denied. In the event of a suspension or revocation of a license or permit, or termination of business for any reason whatsoever, no portion of the license fee shall be refunded.
