

HEAL Cities & Towns Update

October 12, 2015

Purpose

- Provide city council update on HEAL activities within 2015 work plan
- Endorse objectives and strategies of HEAL committee
- Identify opportunities/next steps for city council input and future action

Background

- Identified as a LiveWell community in 2004; many key accomplishments within city
- LiveWell program changes in 2012
 - City Council funds a part-time position to sustain
- Adopts HEAL resolution in 2013 and joins campaign as an active city

Background

- Council Goal: Preserve and nurture a quality community to improve resident health and safety
- Objective: Active Living/Healthy Lifestyles
- Work Plan Task: Create committee to advocate for HEAL in Commerce City

Committee Goals & Objectives

- Committee Goal: To collaborate on healthy eating and active living initiatives within Commerce City in a coordinated manner consistent with the LiveWell campaign
- Objectives:
 - Encourage an active community
 - Promote a healthy workplace
 - Increase healthy food access
 - Improve resident perceptions of safety and security

Committee Outcomes

- Assess current activities within HEAL's stated policy goals
- Identify key partners and stakeholders to help advance committee goals/objectives
- Identify various programs/best practices that can be leveraged throughout the community
- Create self-sustaining program that achieves council goals
- Identify measures of success for programmatic evaluation
- Create recognition program for innovative wellness program/strategies

Current Tasks
