Derby Design Review

Dear Derby Design Review:

We are currently proposing to use the existing cabinets on the building and refacing with #7328 White Lexan faces with #3630-25 Sunflower Yellow vinyl in a retro Beauty School Dropout font and retrofitting with LED's. The cost is \$4800.00. Turn around would be approx. 2 weeks from the date the permit is approved thru the city. We would like to propose a monument sign at a later date.

Sincerely,

Al Strum
