Subject: Access Easement for Fairmount Cemetery Company
Date: March 7, 2017

The Regional Transportation District (RTD) is designing and constructing the North Metro Rail Line Project. The new rail line will cross several existing intersections which requires vehicle gates & arms, warning lights, etc. similar to a railroad/road crossing.

In an effort to eliminate a crossing, RTD is working with the Riverside Cemetery (Fairmount Cemetery Company) to potentially relocate their entrance road to a location off of York Street. Therefore, RTD has asked the City to grant the cemetery an access easement off of York Street. The easement will only be needed if the cemetery's existing, primary access is closed as a part of the Project.

Financial Impact
