Pres 17-179 Purchase of Additional 4A Water

Deputy City Manager Tinklenberg identified a potential water purchase from South Adams County Water and Sanitation District. In 2016, and earlier in 2017, council approved the purchase of blocks of water. The city now has an opportunity to purchase an additional block of 4A water; however, there is no funding available in the water acquisition fund. There is the potential to use a lease-purchase structure for this purchase. The benefit of this purchase is that the city would be in a good position of having water for future parks and city facilities.

Pres 17-180 Water Acquisition Fee Annual Escalator

Deputy City Manager Tinklenberg stated that a water acquisition fee was discussed in the latter part of 2016. Staff is seeking direction from council on the annual inflator for that fee that is currently frozen for 2017 and 2018. When the long-range financial plan was prepared in the early 2000s, water for future city facilities was identified as a major unfunded future obligation. In 2003, council passed Ordinance 1402 establishing the fee and setting the annual escalation rate at 10% per year. On January 1, 2019, the escalator rate will go back to 10% unless council takes action. Council has a choice of 8.8% or paying for a research report for \$4,850.
