June 25th, 2017

Dear sirs,

I am a artist and curator. Last March I purchased Eva Toedtli's 1950's long abandoned building. I plan on restoring the structure and using it as a art studio and non profit gallery space.

I am thrilled to have a chance to possibly use Derby Catalyst Program to help me replace the storefront windows at 6525 West 72nd Pl.

I received three bids one at 14k (Signature Windows) 8k by Santa Fe Glass. I choose Santa Fe glass. I am pleased they are able to use the original angled 1950s frames to keep the original historical facade.

I would like to get the glass installed ASAP. Hopefully before August.

Thank you for your time

Mark Sink
