PETITION METHODOLOGY

- Survey Dates and Times:**

Business:	Friday	May 4, 2018	11:00 am – 3:30 pm
Business:	Monday	May 7, 2018	12:30 pm – 2:30 pm

- Survey Coverage:** The defined survey area consisted of industrial business locations. The circulator performed a complete coverage of all businesses within the Commerce City limits. A second attempt was conducted with any location where the owner, manager was previously unavailable (May 7, 2018). Prior to the second survey attempt, the circulator phoned businesses to advise them of the survey issue and to make arrangements to meet with owners or managers. (please see attached map)
- Circulator of the Survey:** There were two circulators for this survey. Prior to the start of the survey, the circulators were briefed on the types of marijuana license applications, the areas to be surveyed and reminded to be remain unbiased in her approach to residents and business people. The circulator had with them a face sheet with the applicant business name, location and hearing information, instructions and the petition/survey issue along with signature sheets and a map of the proposed location. The circulator presented an informational flier that was prepared by the applicant, describing the facility and the retail, medical, cultivation, and manufacturing plans. (please see the attached information flier) The circulators used tally sheets to record all contacts, attempts and reasons for opposition signatures and refusals. At the conclusion of the survey, the circulators signed notarized affidavits of circulation. The original survey packets were pre-filed with the City Clerk's Office.

QCi Labs, LLC is a Medical Marijuana Infused Products Manufacturer pursuing a license in Commerce City. Our business is being built to serve Medical Marijuana patients in the state of Colorado. The increasing number of new recreational marijuana businesses has unfortunately led to the medical market becoming underserved with inferior products. Marijuana legalization took place due to patients demanding the right to use a natural remedy to manage their conditions, and we intend to honor their hard-earned right to choose by providing the highest quality products in the medical market.

Pain management has been the most common condition for Coloradoans to obtain a medical marijuana card. Medical marijuana therapy has offered an extremely successful alternative treatment to highly addictive opioids and other pharmaceuticals. Our team has years of first-hand experience working with those suffering from numerous conditions and have developed a passion for providing a better quality of life for patients.

At QCi Labs, we are dedicated to providing only the highest quality products. Every decision we make is based upon quality, consistency, and integrity. QCi Labs works with only a limited number of cultivators to ensure the materials used for our products are consistent and cultivated to medical standards. We will be conducting on-site audits of our cultivators to ensure that their product meets or exceeds our quality standards. QCi Labs has also built a state of the art micro-cultivation area within our facility where we will cultivate exclusive, high-end genetics. By doing so we create consistent, quality products that are stringently controlled from seed to sale.

We feel it is the responsibility of QCi Labs to produce quality products for the betterment of the health and safety of Medical Marijuana Patients. We want to reflect positively in our community, and work with other small businesses to collectively impact our community in effective powerful ways. We are looking to establish a reputation of integrity. We want our neighbors and other small business owners to know that QCi Labs is dedicated to giving back to the Commerce City community through Chamber of Commerce initiatives, redevelopment projects, and charitable giving. We believe this is the least we can do to support the community that has given us this opportunity.
