Logistics Committee

Councilman and Councilwoman will have an idea of conference setup by 9/20.

Commissioner Pham shared a couple of ideas he had for a design on the CCYC t-shirts. The idea that was then decided on by the youth commission is basically a Commerce City logo with a compass around it. Kyle will soon meet with the graphic designer to add more details to the design. The color of the shirt was also decided on and it will be maroon with a white font color as decided on by the youth commission. Tyler will meet with Daniela to order the lanyards needed for the upcoming conference. Daniela will be in charge of transportation, but at the moment we know that there will be three charter buses, (One for Adams City, One for Prairie View, and One for York).
