## Trash and Recycling Resident Survey

# residential trash & recycling service in the city?

Answered: 484 Skipped: 782

#	RESPONSES	DATE
1	I enjoy the free lawn waste drop off twice a year-thank you	6/26/2019 1:21 PM
2	Please keep recycling cost-free for residents! It's an awesome service.	6/21/2019 9:29 PM
3	Thanks	6/20/2019 10:58 AM
4	Households have different amounts of residents and needs. I am a single man who eats away from home a lot because of my job. Sometimes my trash can is only put out every two weeks because it takes that long to fill it, (and I do recycle). If the driver of your truck can skip my house once a month, shouldn't there be an allowance for that since no work was done?	6/19/2019 6:02 PM
5	We would love to see recycling service every week! :)	6/19/2019 3:15 PM
6	Change to Republic Services	6/19/2019 10:44 AM
7	I strongly encourage you to consider creating a compost curbside program. I just moved to Commerce City from Denver and really miss the compost program they have there.	6/17/2019 9:55 AM
8	waste management sucks. They dont follow their own schedule. Your city sucks because there is NO interactive map at c3gov.com!!	6/15/2019 9:49 PM
9	Would like a easy way to get rid of small construction debris, such as old 4x4 fence posts and small amounts of concrete.	6/15/2019 11:05 AM
10	My only issue is the late/late Friday pickup. If we go out of town, we 1) advertise to all that the house is empty 2) Get a letter from the association for leaving containers out. I would pay for the service to have a non-Friday pick-up.	6/14/2019 7:59 AM
11	Not sure what you mean by a small fee. Am against anything that will increase my costs. Survey is way to limited. Am all for a plan to reduce my cost. We are taxed to death as it is, latest round of property taxes is up 20%. may have to leave the state.	6/14/2019 7:12 AM
12	trash man too picky on what he will accept; what else can I do with these items?	6/13/2019 9:36 PM
13	WasteManagement needs vast improvement in their customer service. The route drivers are rude, do not do anything extra to help residents, and in general do not act as though they care about this community. Last year I scheduled large item pickup of s toilet. For THREE weeks the commode sat in the street in front of my house and I could not get any response from WM. It should also be noted that I called CC City Manager and the Mayor and received a call back from neither. I work from home and have witnessed how inconsiderate WM is, and soon I will make attempts to record their actions in front of my house. If anyone wishes to discuss further please call. Brian 719-439-2956	6/11/2019 11:20 PM
14	too many trash containers are way over filled and their trash ends up on my property, so filled the top is barely holding trash in. area concerned is 65th leyden and 65th place. I know you cannot answer me, but why are they not notified and written up with a fine.	6/10/2019 8:42 AM
15	From my experience, Waste Management is dependable & does a fine job. I've noticed that even when bins are overflowing - which we aren't supposed to do - WM still takes care of them.	6/9/2019 5:03 PM
16	No	6/9/2019 11:10 AM
17	No.	6/9/2019 9:12 AM
18	The recycle bin fills up too fast. Waiting for every two week pick up seems to leave me throwing plastic in the regular trash.	6/8/2019 2:32 PM
19	my recycle bin seems to fill up fast and this every two weeks option isn't working. Starting to throw plastic in the regular trash can.	6/8/2019 2:29 PM

## Trash and Recycling Resident Survey

20	Commerce City lowered the quality of trash collection in the City. Prior to the "new" program citizens were not charged for trash and the service that came with an unlimited use. This came in very handy during the fall when large trees are dropping large quantities of leaves. The bulk of the leaves in my neighborhood fall well after the one time free yard waste drop off date. With no way to get rid of them, in my neighborhood, they lay on the ground and wait for the wind to move them around until I assume they end up in the storm sewer system. In my mind the fees you mention above are a hidden tax that should be approved by the voters.	6/7/2019 5:55 PM
21	It is time the City recognize the tax revenue stream that once paid for recycling no longer exists. Charging some amount for trash/recycling would allow the City to maintain the neglected maintenance of landscape medians.	6/7/2019 9:19 AM
22	I have a rental in Westminster and recently in the area for a week. I have observed the many trash companies that come down the street each week. I appreciate that commerce city has one trash company which I believe saves our roads plus trash cans are not in the street every day of the week. Once week with the same company gives our community a better look.	6/7/2019 8:01 AM
23	I think it'd be beneficial to add recycling bins near the postal boxes in the neighborhoods to encourage recycling	6/6/2019 7:48 PM
24	I love it	6/6/2019 3:49 PM
25	Penalize residences that put trash or other inappropriate items in their recycling bin and ruin recycling programs for residences that recycle responsibly and intelligently.	6/6/2019 2:40 PM
26	We like the current system as it is and would like it to continue.	6/6/2019 10:43 AM
27	Weekly recycling pickup	6/5/2019 3:23 PM
28	we are fortunate that the city takes care of this for us. service is exceptional and always prompt and courteous. absolutely no complaints. THANKS	6/5/2019 10:57 AM
29	Limited free pickup amounts = large amounts of trash in our community. Look around, it's piling up.	6/4/2019 6:13 PM
30	(1) We have more recycling items than we do trash. Trash pickup could easily be every other week as well. (2) More awareness and information about what can and cannot be recycled would be great. I'm pretty determined, but even I have trouble figuring out if I can recycle unusual items. In those cases, I apply the motto, "if in doubt, throw it out." more people need to be aware of this too. Maybe you could advertise on the NextDoor app? Use short videos for people to watch? I am shocked at what I see in people's recycling bins that is clearly not recyclable. Also, more info about what actually happens to the items we recycle. Many neighbors wrongfully claim/believe that the recycling items just get tossed in a landfill anyway, so they don't care about sorting it all or caring what gets placed in their recycling bin. Thanks for continuing to care about the environment and recycling!	6/4/2019 9:22 AM
31	I really like and greatly appreciate that the City helps cover the cost of trash pick up! Everything is so extremely expensive in our society and it's so nice to have our trash/waste expenses be one less expense that everyone in the community has to incur. I truly hope that the trash services will continue to be covered by the City NOT the residents!!!	6/3/2019 9:32 PM
32	Very good service. The men are very courteous and do a great job. Hate to see a fee charged, I like it as part of our city taxes, some people may not use it if they have to pay extra.	6/3/2019 7:54 PM
33	I wish the recycling was every week as well	6/3/2019 7:17 PM
34	Recycling every week would be amazing since I usually have more recycling then trash	6/2/2019 11:59 AM
35	don't like how they try to charge more tree	6/2/2019 10:31 AM
36	The WM drivers who service our route are awesome!	6/2/2019 9:22 AM
37	It is essential that we continue recycling, and curb-side is the best way. Too many households will simply stop doing it if they have to take it somewhere themselves.	6/2/2019 7:40 AM
38	Since there continues to be a problem with residents placing non recyclable items into their recycle bins, would it be reasonable to charge a fine for non compliance? Perhaps this would help create greater accountability? I don't believe most residents realize the downstream effect. When recycled loads are contaminated with too much food waste and/or contaminants, the entire recycled loads end of in the landfill, thus defeating the purpose entirely	6/1/2019 8:35 PM
39	I would very much like to have recycling picked up EVERY WEEK along with trash, as opposed to every other week.	6/1/2019 11:44 AM

## Trash and Recycling Resident Survey

40	would love to have the composting option!	6/1/2019 11:08 AM
41	We don't like how picky waste management is when they won't pick up the trash if the lid is open or if a car is parked too close. Or like once the wheels were on the curb and they sent a letter telling us not to do that.	6/1/2019 9:58 AM
42	If people cannot separate trash from recycle - then stop the recycle as it isn't working and it continues to cost us more to recycle - not worth it.	6/1/2019 8:33 AM
43	I think it is imperative that the recycling program is continued.	6/1/2019 8:09 AM
44	I wonder if there is data on charging for trash. my family of four throws out half a bag of trash (mostly plastic wrappers and diapers) a week. My neighbors are throwing out two overloaded cans full of trash a week (lots of recyclable items can be seen) a week and we are being charged the same amount. Can the truck weigh the can real quick and then we are charged by weight? If you put more in the landfill you are charged more. I would love to be part of the conversation if there is one. I am sure there is a way to make it fair AND decrease the percentage of non-recyclable materials ending up in the recycling totes. Please reach out. jkomora16@yahoo.com	6/1/2019 7:56 AM
45	I understand the competitive bid process and in this process I think you should look at what it would take for the city to have their own trucks and employees. I do feel that having one service provider has led to a clearer city. Thank you for continuing to offer this very important service at no charge to the citizens.	6/1/2019 6:45 AM
46	Very satisfied with the trash and recycling.	5/31/2019 10:42 PM
47	Week in and week out the service is good. I'd like to see recycling weekly instead of bi-weekly. I'd like to see the option for additional pickups during spring cleanup. Lastly, the one time the driver missed my trash pickup, I called Waste Mgmt. They could not help me, I had to call "Commerce City" since I don't have a "customer number". I called Commerce City, and got zero assistance. They never came to pick up my can, they never even contacted me. The drivers are nice and friendly, my one experience with their office was pathetic!	5/31/2019 10:29 PM
48	Why don't you want to know who submitted answers; at least ask if people would like to be contacted so you could follow through? I already submitted my answers once before. This submission only has this input. Thank you. Kathy Brooker, 303-960-5514, Katrina_0851@att.net.	5/31/2019 8:27 PM
49	Recycling needs to be weekly	5/31/2019 5:50 PM
50	biggest complaint is when they dont take the overspill, sometimes you have more recycling and trash especially at the holidays	5/31/2019 1:28 PM
51	City's current partner ie. Waste Management tends to leave large quantities of trash in the streets of the neighborhood which causes pests and an overall negative looks to our streets.	5/31/2019 12:34 PM
52	People who care do use the curb side services responsibly on a regular basis. Most get aggravated when renters misuse the services, or not at all when they should, the community then pays for them in price increases due to negligence of some.	5/31/2019 10:48 AM
53	Please add the composting pickup. That would really be utilized	5/31/2019 10:17 AM
54	I enjoy the trash and recycling program. I like that it does not cost a separate fee to recycle. I would like to be able to recycle weekly along with my trash pickup.	5/31/2019 9:48 AM
55	Now that China has stopped taking recycling waste, do away with the service to save us money. It's not the inadvertent trash we mistakenly put in there, it's the cost due to no where to move it once Waste Management takes possession. Landfill it until America spends the money on our own repurpose facilities.	5/31/2019 8:10 AM
56	Recycle items should be separated.	5/31/2019 7:11 AM
57	I enjoy the current trash pickup.	5/31/2019 6:32 AM
58	your phone system needs work	5/31/2019 6:25 AM
59	Would love to have recycling weekly - seems like we always overfill our recycle bin but barely use our trash. Still need weekly trash pickup because of the smell but the bin doesn't need to be so large	5/31/2019 6:02 AM

## Trash and Recycling Resident Survey

60	I think you should give each household an additional trash can. You then might see less trash in recycling can. Or at least once a month offer additional trash pick up so that residents can get rid of the trash that they could not fit in the cans. That has to sit in their yard till they can. I still see a lot of bags of trash that residents place in the street that is not in a can. That is just left on the street and not picked up because of it must be in the can policy. On a positive note I am an avid recycle and I really like that you offer it.	5/30/2019 10:06 PM
61	Several of my neighbors have their garbage bins visible from the street all the time. I think we could reinforce a rule that trash bins must not be visible from the street on non-collection days. It just makes the neighborhood look bad	5/30/2019 9:04 PM
62	Provide additional trash can and waste disposal outside of trash cans	5/30/2019 8:41 PM
63	I appreciate free recycling. My recycle can is full every other week while I have 1/2 a kitchen bag of waste. I try to make sure things are as clean as possible.	5/30/2019 7:26 PM
64	Thank you Commerce City for using general city revenues to pay for residential trash/recycling disposal. It's good government pro- viding for the needs of the community it represents and serves!	5/30/2019 7:17 PM
65	Make large item pick up available	5/30/2019 6:40 PM
66	Thanks for doing this	5/30/2019 6:20 PM
67	I think recycling should be an extra cost for those who choose to use it. I do not use it and don't think I should have to pay for it. Everyone throws their household trash in the recycle bins anyway, I see it all the time in my neighborhood.	5/30/2019 5:21 PM
68	Have a weekly pick up of recycling instead of every other week we would be able to recycle more and have less trash or give a house hold a extra recycling bin if requested	5/30/2019 4:08 PM
69	I have always been very happy with our weekly trash and recycling service. I hope the city continues to offer this service with no additional fees. The large item pick-up has been hit or miss for us. We have had times that it was picked up exactly when it was supposed to be, but other times that I had to repeatedly call past the pick-up date. I would like to more consistant service in this area. Thank you.	5/30/2019 3:48 PM
70	I certainly hope that waste management continues to provide if a new contract is reached. I would not be opposed to a reasonable fee for services if necessary.	5/30/2019 2:57 PM
71	maybe offer a second trash can at a cheaper price so people have more space for regular trash	5/30/2019 2:18 PM
72	It would be great to have large item service more flexible. WM is very picky and difficult to get through to for scheduling.	5/28/2019 9:07 AM
73	We need more than one pickup a week!! Picking up recycling once every 2 weeks is also not enough! Waste Mgmt has been awful with large item pickup requests. Need to pickup the trash at least twice a week!	5/26/2019 12:53 PM
74	Since the Large-item pickup once a year is really once the GOD's of WM deem it to be in their best interest to pick-up the large-item pickup I think it should be no longer free once a year. Rather max 4 Large-item pickups per year for about \$15 a pickup and absolute assurance they'll pick up the items agreed upon. I understand when they don't pickup because neighbors don't meet the criteria of how to have it on the curb and ready for pick up but when customers do the right thing they should be held accountable for when they miss the scheduled date for the large pickups. I'm all for keeping it the way it is now but I will continue to just drop off large items when need be to the dump and pay the fee than hassle with their lazy drivers. I am absolutely against the city dropping this program all together and making us pay for our own service and not dropping the higher taxes we pay!!!	5/24/2019 8:28 AM
75	Not very friendly or considerate. Someone put a tumble weed in my recycle can and I got a nasty notice from the driver and they did not empty can. Now the recycle folks have to deal with real nasty debris from sitting so long. I will no longer support the program and will fill my recycle can with trash.	5/22/2019 6:01 AM
76	The city needs to keep paying for trash pickup otherwise citizens will litter and dump trash if they have to pay. I say we opt out of recycling.	5/21/2019 6:54 AM
77	Would love weekly curbside recycling, or a location to bring recycling to drop off.	5/20/2019 11:38 PM
78	Question #3 - I have not participated in a special waste day.	5/20/2019 3:21 PM
79	Always keep customers informed. Great service.	5/20/2019 10:15 AM

## Trash and Recycling Resident Survey

80	Punish the violators! We love our recycling service and try our best to follow the rules. If the driver sees obvious violations when opening the recycling bin lid, refuse pick up, flag the address, and send them a warning robot call or postcard. If it happens again, confiscate the bin and be done with it.	5/20/2019 9:09 AM
81	Very good service! Please keep them under contract. No need to change companies.	5/19/2019 10:36 PM
82	Recycle pick up every week	5/19/2019 3:53 PM
83	landfill dropoffs should always be free and available anytime to residents (w/restrictions of course) to avoid junk yards in neighborhoods.	5/19/2019 12:16 PM
84	I'm satisfied with the services provided by Waste Management. We rarely have items that don't fit into the waste and recycle bins. They are reliable and never miss a pickup. Not sure why WM is getting a bad rap, but I fear that an alternative will either cost us more than we currently pay in high taxes or that we'd get fewer services. Both are unacceptable.	5/19/2019 9:13 AM
85	Would love to have weekly recycling pick up instead of bi-weekly. When done right i can have more recycling in a week then trash	5/18/2019 5:13 PM
86	It would be great if recycling happened every week like the trash pickup does. Every other week is causing us to have to hold over items or throw them away because we have extra space in the garbage can, but are completely full in the recycling can. Thanks for all you do!!	5/18/2019 1:49 PM
87	Worry free! One of the great perks that we enjoy living in Commerce City	5/18/2019 8:33 AM
88	Changing recycling to every week rather than every other week would be good. We recycle a lot and have difficulty fitting it all into the one can.	5/18/2019 7:55 AM
89	Don't do away with recycling. We have no issues with our trash service.	5/17/2019 11:31 PM
90	Hate the new trucks where the trash is thrown into the him at the front of the truck. Trash flies all over the neighborhood.	5/17/2019 5:00 PM
91	Thank you for offering these services to the community. I believe it makes the city stand out and shows its commitment to improving our planet	5/17/2019 4:23 PM
92	It would be extremely beneficial to the city residents if they could rent roll offs cheaper than \$400. Can this be negotiated down to like \$150?	5/17/2019 12:19 PM
93	Love your guys.	5/17/2019 9:11 AM
94	Please make it easier to request additional trash and recycling bins, the additional quarterly service fee for each additional bin is absurd.	5/17/2019 8:41 AM
95	Weekly recycle pickup	5/16/2019 10:00 PM
96	I'd like the second can to be included. Maybe just during the summer when I have yard waste.	5/16/2019 9:15 PM
97	It w po old be nice to be able to recieve a second can free of charge and would probably save money from people disposing of trash in their recycle container.	5/16/2019 9:03 PM
98	yes, all this page have to be in different language (Spanish)	5/16/2019 4:03 PM
99	14 years in Reunion and the only complaint I have is.....my trash is picked up in the alley and that is where my large items and any other pick-up, should occur	5/16/2019 3:50 PM
100	Extra can	5/16/2019 2:55 PM
101	More explanation of what is not accepted. It is hard enough to get family members and friends to recycle. Then when I do, it is even harder to help them understand what is not recyclable. From what I understand, that is why costs are going up.	5/16/2019 2:41 PM
102	Doing away with residents being able to bundle and have tree limbs taken away is the biggest mistake the city has made and only having 2 free landfill days a year is also completely inadequate. There should be once a month free landfill days or at the very least bi-monthly!	5/16/2019 2:16 PM
103	Waste has done a great job over the 10 years here! Don't start changing things for a few people educate them	5/16/2019 2:03 PM

## Trash and Recycling Resident Survey

104	I've been in commerce city for over 29 years. I can not believe that the city is going to make us pay for recycling and trash pick up. They can't bring in business, they can't keep their employees happy and now they are going to change for trash pick up for what reason ? It's not to save money and get more employees ?? Commerce city used to be a good city and take care of its citizens. City council just does what IT wants, not what the citizens want.	5/16/2019 1:30 PM
105	We prefer Republic Services.	5/16/2019 12:48 PM
106	I have no complaints about Waste Management service we now have. I love the fact that the trash & recycling are on the same day & don't have trash trucks in the neighborhood every day like some do. Especially like that my trash is picked every Thursday morning before 8:30 every week. Please keep the same company!!	5/16/2019 12:46 PM
107	Have Large-item pickup every 3 months. So residents don't have to call to make an appointments.	5/16/2019 11:29 AM
108	Thank you for what you do each week. Trash and recycle pickup is very important.	5/16/2019 11:03 AM
109	Recycling is a must. It is 2019 and a recycling program is vital to our sustainability as a community and in caring for our Earth. Our recycling rules are stricter than any other city I know of. Coming from CA, we could recycle just about anything. Pizza boxes with grease stains were fine! I'm Not sure why we encounter such strict policies. However, I have no trouble abiding by them for the sake of recycling. This must remain free. I don't think the majority of people will pay for it otherwise. And encouraging people to recycle us so valuable and necessary. Please keep this free!!!!!!	5/16/2019 9:34 AM
110	Need to keep recycling the same along with trash pickup!! Please don't change this program	5/16/2019 9:17 AM
111	I love having our trash and recycling provided for "free". It would be great if recycling could pick up every week instead of every other week. I would pay an additional small fee for that.	5/16/2019 8:16 AM
112	I think these guys do a great job!	5/16/2019 8:14 AM
113	Would love to have an additional recycle can for a one time charge. I have been told it's \$80 for the can and an additional \$15/mo. We always have more recycle than trash and end up having to throw it in the trash. Or weekly recycle pick up would help too	5/16/2019 7:24 AM
114	We need to have a huge dumpster located at a parking lot where we can drop off items for big items. We can not always get to the dump. Items Such as broken chairs or mattresses or bulky items. That would be awesome. I wouldn't mind paying a small fee to use it.	5/16/2019 7:21 AM
115	I don't want to pay. I am happy with the service unless the pick-up is missed for unknown reasons.	5/16/2019 6:46 AM
116	Recycle once a week	5/16/2019 6:18 AM
117	Not a huge fan of viola recycling. They charge by the pound and when you have liquids it gets expensive fast. If you keep using them, please have them charge by gallon or something other than pounds for liquids.	5/16/2019 5:58 AM
118	Thanks!	5/16/2019 2:42 AM
119	I hope recycling and trash do not incur a fee in the future. We are very careful with our trash and recycling and have appreciated the extra services. I definitely recycle more than I throw away. I am able to only put out trash biweekly as I am able to recycle most of my waste. We also do our own composting but I would be interested if this was a new service or if people were able to obtain composted trash for gardens.	5/16/2019 12:03 AM
120	Would like to have a third trash can for leaves, grass clippings, etc. Would like recycling to be each week.	5/15/2019 11:57 PM
121	Thank You for providing FREE Curbside Recycling and Trash Pick-Up!	5/15/2019 11:23 PM
122	The uniform trash and recycling cans that all residents got a few years back has really made a huge difference in lowering trash on the streets. It has also helped with raccoon and feral cat issues. Thank you and keep up the good work. A COMPOSTING option would be amazing. Cheers.	5/15/2019 11:12 PM
123	I'd rather get rid of the recycling, and get two cans for trash. Thanks	5/15/2019 10:51 PM
124	I feel we should be charging for true waste as that is the imminent threat to our planet. Doing so would force more people to recycle and compost. If they cross contaminated the bins in excess then charge a fee. We need to encourage environmental awareness and correction not penalize those who care for the planet and want to see the durability of it corrected.	5/15/2019 10:36 PM
125	N/A	5/15/2019 10:35 PM

## Trash and Recycling Resident Survey

126	I wish recycling was every week. I have more recycling a week than trash and the recycling piles up in my garage until I throw it in the trash because I have no more recycling room. It's a shame to resort to throwing away recycling when it would be better used recycled.	5/15/2019 10:31 PM
127	Perhaps recycle could come weekly? Large item once a month? Thank you for your services!	5/15/2019 10:17 PM
128	Composting, please	5/15/2019 9:58 PM
129	There surely is better customer service than Waste Management. At least one in two workers I've encountered have been extremely rude.	5/15/2019 9:56 PM
130	We currently pay for an extra recycle can due to the every-other-week recycle pickup. It would be nice to see a weekly recycle pickup.	5/15/2019 9:47 PM
131	We will not pay for recycling. We participate because it is free and good for our community however we would stop if there was a charge. We could easily fill up 1 recycle bin a week however some also goes into the trash. I would be willing to pay for a 2nd bin but not the 1st!	5/15/2019 9:36 PM
132	We love our trash and recycling service! Been here 16 years and have never been disappointed! Thank you!	5/15/2019 9:30 PM
133	appreciate all the curb side services. All other services are convenient and reasonable	5/15/2019 9:30 PM
134	Trash service is great, we pay a lot for taxes so we should get a break on the trash.	5/15/2019 9:18 PM
135	The large item pick ups should be set for a certain number of pick ups a year not number of items.	5/15/2019 9:18 PM
136	For the high tax rates we pay we should not be asked to pay a tax increase (fee for trash service).	5/15/2019 9:14 PM
137	It would be nice to have a BULK trash day. For items other then those items excepted for large item pick up.	5/15/2019 9:10 PM
138	I think that recycling is so important and love that it is included i alsowould really love curbside pickup for composting.	5/15/2019 8:51 PM
139	I have used large item pickup 3 times. I have found it to be a very good service and met or exceeded my expectations.	5/15/2019 8:46 PM
140	Service is good! Please resign a contract with waste management. We would be very disappointed if you got rid of recycling! Our recycle bin is usually more full than our trash.	5/15/2019 8:42 PM
141	Please change recycling pickup to weekly.	5/15/2019 8:41 PM
142	I know people dont pay attention to the recycling program, but I do and if taken away it will double my trash. I'm about the program	5/15/2019 8:36 PM
143	No need for changes to our current trash and recycling service	5/15/2019 8:35 PM
144	They don't do a good job, the drivers are rude.	5/15/2019 8:35 PM
145	Please consider picking up recyclables weekly. I fill that can faster than my trash and end up throwing recyclables away. I think regular trash could be collected biweekly and it would encourage more recycling	5/15/2019 8:33 PM
146	I would love to have weekly recycling because I fill my can completely every two weeks and then I take the extra to the recycling drop off location in Brighton. Rarely do I have more than half full trash cans, and sometimes I will skip putting it out.	5/15/2019 8:21 PM
147	Would like if recycling came every week because we have so much to recycle.	5/15/2019 8:19 PM
148	Please keep recycling and yearly large item pickup	5/15/2019 8:19 PM
149	I think they have done a good job so far. Just that some people are too lazy and they put everything in garbage instead of using the recycle option	5/15/2019 8:19 PM
150	Appreciate all you do for the city! Thank you!	5/15/2019 8:10 PM
151	No	5/15/2019 8:08 PM
152	Yes we need a place to dispose of TV safely and properly	5/15/2019 8:07 PM
153	If trash cans are full and the top don't close they should still need to pick up. Some times they just don't take it.	5/15/2019 8:05 PM
154	It would be nice to have more than one recycle bin. We fill ours in the space of two weeks.	5/15/2019 8:04 PM

## Trash and Recycling Resident Survey

155	Great service from Waste Management. Always friendly and prompt.	5/15/2019 8:04 PM
156	We have had no issues with our trash and recycling pick up. I love that it's free. Y'all are always on time and never leave a mess behind!	5/15/2019 8:00 PM
157	Recycling is a must! Composting would cut my trash down to about 50%. I have already cut back on trash. My trash bin is less than 25% full at pick up. Switching trash to every other week and move recycling to every week would be great for us and also for motivating others to minimize what goes in the landfill.	5/15/2019 7:55 PM
158	We really appreciate the free services. I think that the mailers sent out about how to properly recycle are very simple and informative and helpful but people still do it incorrectly and it bothers me. What are the options of having waste management or someone recycling-savvy at special events throughout the year or even a TV commercial with the top things people do incorrectly? Like bagging their recycle or putting dirty items in there? Thank you.	5/15/2019 7:54 PM
159	Recycling Bins should be handed out throughout the community.	5/15/2019 7:24 PM
160	Waste Management knows nothing about customer service. Trying to get a large item picked up is a huge headache.	5/15/2019 7:09 PM
161	None. I see a lot of comments how waste management burns people with large item pickups. Sometimes waste management will not show up for day, over 5 for large item pickup requests. Give homeowners 2 free dump day coupons for the landfill. This will help community customers out and give them options.	5/15/2019 7:07 PM
162	I live in the old part of commerce city and I feel that if we didn't have free trash the residents would pile it up in their yards	5/15/2019 6:33 PM
163	It would be nice to have recycle every week.	5/15/2019 6:30 PM
164	Ability to change the size of your trash cans without an expensive fee. Not everyone needs the largest size possible!	5/15/2019 6:16 PM
165	We like what we have.	5/15/2019 6:01 PM
166	If they get rid of recycling we should get a second trash can at no charge	5/15/2019 6:00 PM
167	We have been very satisfied with WM service	5/15/2019 5:46 PM
168	Large items pick up	5/15/2019 5:45 PM
169	Don't need additional curbside/disposal pickups. Especially not for a fee. Keep trash and recycling pickups as is. It is done the way it is without any fee. If other people need additional services they can take care of it on their own. Keep as is please.	5/15/2019 5:30 PM
170	When the company says they will be there to pick up large waste items (couch, tv, etc)- be there. We get fined when the current company (waste management) doesn't show up. Happens all the time	5/15/2019 5:27 PM
171	Don't fix what isn't broken	5/15/2019 5:18 PM
172	Waste management is terrible with customer service. Switch to a different company	5/15/2019 5:12 PM
173	If there are problems with improper things in recycling feedback would be helpful	5/15/2019 4:59 PM
174	Must keep recycling	5/15/2019 4:54 PM
175	Keep up the great job	5/15/2019 4:52 PM
176	I am disappointed in waste management's customer service. I was offered an extra can at the start of the service and after a while waste management came and took my extra can and said I wasn't allowed to have it unless I started a new account. It was offered by commerce city when the service first started if we wanted to request an extra can. Then they act like they never heard that. I dread contacting waste management for anything customer service related.	5/15/2019 4:43 PM
177	I liked it better when my garbage pick up was on Mondays instead of Thursdays, it is not clear enough to know what exactly is recyclable and what is not...there are many materials with recycle symbols the waste management does not accept.	5/15/2019 4:24 PM
178	Not to have recycling or trash come before 7am. It makes it difficult to get out for most families with HOA restrictions about cans.	5/15/2019 3:59 PM
179	When will the rest of commerce City get this	5/15/2019 3:53 PM

## Trash and Recycling Resident Survey

180	That you should be able to set big items out and they get picked up	5/15/2019 3:25 PM
181	I love the service u out guys provide, great job! Let's keep it up.	5/15/2019 3:25 PM
182	Would appreciate being able to recycle larger amounts of cardboard curbside that doesn't fit into the recycling container. We recycle so much that our container is full every 2 weeks.	5/15/2019 3:24 PM
183	I wouldn't have any issues with the service if they took recycling on a weekly basis. Our recycling fills up quickly and we end up having to throw some recycling item in the garbage due to lack of space in recycle can.	5/15/2019 3:15 PM
184	Can recycling be done weekly?	5/15/2019 3:12 PM
185	Please begin weekly recycling pick up. Thank you for all that you do.	5/15/2019 3:04 PM
186	I have lived in several different areas and used other companies. WM has been very good and we have never had problems with them.	5/15/2019 3:01 PM
187	We have a large yard and when we mow we get a lot if grass clippings. I wish they would pick up bags of clippings next to our trash. We dont want to pay for extra trash can	5/15/2019 2:50 PM
188	I would appreciate no fees and the current recycling program. We only use the trash/recycling service biweekly. This would be something to consider as it would save WM time and money in less houses to visit. If there are fees associated with composting or Additional services, it would be nice to get a reduced or free of fees for overall using the trash/recycling 50 percent less.	5/15/2019 2:42 PM
189	I enjoy not paying for trash and recycling direct and having it built into our taxes. It allows our neighborhoods to keep from trash building up and yards looking nicer!	5/15/2019 2:39 PM
190	Love the employees. They work hard in all sorts of weather and are very pleasant.	5/15/2019 2:24 PM
191	Our trash man sucks. When he picks up the container and anything drops he just leaves it for me to pick up. Plus sometimes they miss even picking mine up!! Called the costumer service and they are no help! Also one container isn't enough for my large family and someone who does home dialysis	5/15/2019 2:21 PM
192	Keep it free!	5/15/2019 2:08 PM
193	I think people need to be educated on the items that can be recycled. Like no plastic bags, etc. And that items outside of the can don't get picked up with out calling to schedule a separate service.	5/15/2019 2:05 PM
194	Weekly curbside recycling	5/15/2019 2:03 PM
195	they should pick up large items when they say they will	5/15/2019 2:02 PM
196	Recycling should be every week not just every other week!	5/15/2019 1:54 PM
197	I already pay for a second recycle can and we must continue to recycle.	5/15/2019 1:54 PM
198	Recycling every week would be nice. Can fills up to quickly and I don't have room to get another can, since my HOA requires the cans be inside our garage when it's not a pickup day	5/15/2019 1:51 PM
199	Service is great	5/15/2019 1:49 PM
200	very satisfied with the service, the pickup day and time of pickup	5/15/2019 1:44 PM
201	I really like that our recycling doesn't require separating the items.	5/15/2019 1:40 PM
202	The large item pick up with Waste Management does not work at all. The times set at the curb for weeks and weeks beyond the time they say to put them out there. This causes issues with the HOA and also makes the community look unsightly/unkept.	5/15/2019 1:39 PM
203	While I haven't experienced this first hand, many of my neighbors have found Waste Management does not follow through when they schedule a large item pickup. We recycle far more than we throw away. Before considering eliminating recycling, perhaps you should launch a communications effort on the items that are/aren't recyclable to see if the recycling/trash mix gets better!	5/15/2019 1:23 PM
204	Trouble with trash can wheels always breaking off.	5/15/2019 1:22 PM
205	None	5/15/2019 1:19 PM

## Trash and Recycling Resident Survey

206	You should have weekly recycling pickup. We live in an area where the environment is important both socially and economically and we need to do all we can to protect it and keep it looking nice. Also some places will fine you if you are caught contaminating the recycling that could be a option to combat the problem.	5/15/2019 1:16 PM
207	Recycling and large item pick ups are a priority	5/15/2019 1:12 PM
208	Keep the service free in low income areas or trash will end up on the streets and in alleys.	5/15/2019 1:11 PM
209	Make the information about when and where items can be recycled more available and easier to find.	5/15/2019 1:09 PM
210	Very satisfied with free trash service.	5/15/2019 1:09 PM
211	Love the free landfill day!	5/15/2019 1:04 PM
212	Thanks for providing this service, it helps the community.	5/15/2019 1:00 PM
213	Recycling pickup needs to be once a week, just like trash. Additional bins need to be provided at no additional cost if it will continue to be bi-weekly.	5/15/2019 1:00 PM
214	I am happy with how it is now. I think if we had the option of an additional waste bin at no cost or instead of the recycling bin that would reduce the contaminated recycling.	5/15/2019 1:00 PM
215	Should not have to pay more taxes, pay enough already!	5/15/2019 12:59 PM
216	We have great residential trash workers	5/15/2019 12:58 PM
217	It it ain't broke, don't fix it.	5/15/2019 12:57 PM
218	We have live in Commerce City for 18 years and have ALWAYS received GREAT service. Don't let Reunion spoiled brats change the current service.	5/15/2019 12:55 PM
219	I had a large item I called ahead about but truck refused to pick it up. What about free bulk pick up yard waste 1x for new homeowners. Previous owners left a ton of yard waste for us.	5/15/2019 12:54 PM
220	We should not have to pay for trash, recycle, any other. That is why I pay taxes, and enough of them. Thanks	5/15/2019 12:52 PM
221	Thanks!	5/15/2019 12:47 PM
222	More free landfill and yard waste days.	5/15/2019 12:46 PM
223	Keep it free!	5/15/2019 12:44 PM
224	I desperately want a compost and yard waste service, please please! Colorado is way behind compared to other states that already offer these service.	5/15/2019 12:42 PM
225	Other city's offer free compost. Why doesn't CC. You could have a place where people dump grass clippings, leaves and start a compost pile.	5/15/2019 12:42 PM
226	Waste management is a complete joke. There is never enough room for recycling at the two week interval and they regularly miss houses on our street. If you are moving and have temporary heavy trash they have no idea how to help. I would sincerely think the city needs to prepare a strong rfp and go after competitive bids. And please don't pretend like trash is included by the city - it is indeed paid for taxes and not free.	5/15/2019 12:42 PM
227	Thank you!	5/15/2019 12:39 PM
228	I appreciate the city contracting the waste services- having trash pickup one day a week while other cities have it multiple days and multiple trucks wash day	5/15/2019 12:39 PM
229	Although I would likely pay a small fee for it, I am FAR more inclined to recycle as much as I do given that it is a free option.	5/15/2019 12:38 PM
230	You shouldn't make people pay for trash pick-up.	5/15/2019 12:37 PM
231	Leave it as is!! No more charges in Adams County. The largest county in the State of Colorado. Enough already!!!	5/15/2019 12:35 PM
232	Don't change the current program.	5/15/2019 12:32 PM
233	There should be large item pickups on a routine basis. At least monthly. Other cities have a large pickup schedule which is helpful. Also each household should get to go 2-3 times to the landfill free of charge on any day they choose rather than a scheduled day and time for all.	5/15/2019 12:29 PM

## Trash and Recycling Resident Survey

234	Great Service. Thank you Commerce City.	5/15/2019 12:29 PM
235	I think that the free landfill day should let you go more than once.	5/15/2019 12:28 PM
236	I do not mind to separate my recycles (including a small fee). I see many of my neighbors fit whatever they want into recycle bins and I feel sorry for workers who has to deal with all that.	5/15/2019 12:26 PM
237	I think it would be ideal to have trash collection bi-weekly and recycle collection every week	5/15/2019 12:26 PM
238	We would LOVE to have a composting program. Between recycling and an industrial composting service, we could easily reduce our trash to less than a 13-gallon bag a week for a household of four!!!	5/15/2019 12:25 PM
239	More large item pickups or curbside yard waste	5/15/2019 12:24 PM
240	I live paycheck to paycheck and could not afford these services. Thanks for making them free.	5/15/2019 12:24 PM
241	Thank you	5/15/2019 12:20 PM
242	Pick up loose items every other month. Not to have to try to get everything in bin	5/15/2019 12:19 PM
243	Pick up loose items ev	5/15/2019 12:18 PM
244	I wish recycling was weekly like trash pickup versus bi-weekly.	5/15/2019 12:16 PM
245	Would like to composting be available.	5/15/2019 12:14 PM
246	Would love to have composting options!! Service is great overall. Waste Management has poor customer service but we love the options, especially recycling and large item pickup curbside! Keep up the drop off events too!	5/15/2019 12:09 PM
247	Thank you all, great job.	5/15/2019 12:07 PM
248	I love that recycling is included. I lived in Jeff Co before moving to Adams Co and I appreciate so much that I'm able to recycle now. I take the time to make sure I'm recycling as much as possible.	5/15/2019 12:07 PM
249	Like how it works!!!	5/15/2019 12:04 PM
250	Thanks	5/15/2019 12:02 PM
251	Customer service needs to be looked at!	5/15/2019 12:02 PM
252	Have alley access to my garage, already having dropping in alleys. I'm afraid it would only get worse if there were fees.	5/15/2019 12:00 PM
253	I think waste management provides a great service overall. I do wish we could leave large items out every Trash day without scheduling a pickup for those.	5/15/2019 11:59 AM
254	Update the recycling service to weekly. Every two weeks is simply not enough.	5/15/2019 11:59 AM
255	If there were fees there would be more illegal dumping. they already dump in our alley.	5/15/2019 11:59 AM
256	Muy bien me encanto poder ayudor a mantener a commerciy, hinpid. Muchas Gracias.	5/15/2019 11:57 AM
257	Good, thanks	5/15/2019 11:54 AM
258	Thank you, great opportunity.	5/15/2019 11:53 AM
259	The city has an excellent program and I hope there aren't too many changes being made.	5/15/2019 11:53 AM
260	Thank you for not having a limit, we brought 9 loads.	5/15/2019 11:53 AM
261	Thank you for all services!	5/15/2019 11:51 AM
262	Everything and everybody was nice and helpful.	5/15/2019 11:49 AM
263	If we have extra trash or recycles that week, for example around Christmas time, and they can't fit in the trashcan, can it be put next to it and still be picked up?	5/15/2019 11:46 AM
264	I wish I could get a voucher for the free landfill days. Many times I'm working or my need for a landfill day doesn't line up with what's been scheduled. Getting a voucher that I could use at my discretion would be my #1 request. I could easily stick to using this on weekends.	5/15/2019 11:45 AM
265	If any fees were to be charged I would not participate in those programs. Those residents that are contaminating the recycling should be charged the fee not everyone else. Or if someone doesn't want to recycle maybe give the option to then have two cans for trash	5/15/2019 11:43 AM

## Trash and Recycling Resident Survey

266	I wish the recycling was available more often. Many times I only have one bag of trash and the recycling can fills up much quicker. Also, I often have a few small items for household hazardous waste disposal (florescent bulb, etc) and its not worth the \$25 fee to bring them. If it were near free or could be picked up with minimal charge, I wouldn't have to stockpile those few items in my garage.	5/15/2019 11:42 AM
267	Better advertising of the free waste days	5/15/2019 11:40 AM
268	We need recycling more often and access to compost Drop off	5/15/2019 11:40 AM
269	I love this program. I never recycled before but with this program I have a full recycle can within the requirements every two weeks for pickup. This is the most I have contributed to saving the planet ever. I honestly don't think I would pay out of pocket to do so however.	5/15/2019 11:39 AM
270	Sometimes it's difficult to fit everything in the can with the lid shut. Especially when there is a delay in service and we have 1-2 more days of trash. Delays are okay...it's life. Notes on the can that they will cancel our service because there is a 1-2 day delay is not.	5/15/2019 11:38 AM
271	I appreciate that the City offers this service. Thank you!	5/15/2019 11:38 AM
272	Our Trash and Recycling people are very respectful and do a Great Job!	5/15/2019 11:16 AM
273	We do not get free trash pick up !!!!! Because we are unincorporated!!!!	5/15/2019 11:14 AM
274	i owed a large Co. trash co. for 5 years. i can not believe you will have a better bid or service from someone other than WM	5/15/2019 11:12 AM
275	Better company customer service, company that picks up trash not dump all over street, company that picks up trash with out dumb excuses why they missed my house	5/15/2019 11:11 AM
276	You guys are doing a great job!	5/15/2019 11:06 AM
277	I think most people should have 2 trash cans and skip the recycling. I'm in old Commerce City, by where the high school use to be	5/15/2019 11:02 AM
278	KEEP THE RECYCLING	5/15/2019 10:59 AM
279	WasteManagement customer service has declined rapidly. It's largely up to the driver as to whether or not they feel the bins are properly placed (separated from each other, other objects) etc. as a deciding factor as to whether they should be picked up. I called their customer service for large item and had to wait THREE weeks for the item to be removed. I escalated the issue and they advised me there is nothing they could do.	5/15/2019 10:58 AM
280	Waste Management is and has been the worst trash service I have ever used. They are lazy and they pick and choose who's trash they will pick up. When the customer calls about their service WM customer service gives excuse after excuse why they did not pick up the trash.	5/15/2019 10:55 AM
281	The trash pickup crews are great, very efficient and clean ... the recycle crew however was very rude and discourteous; maybe a bad day, but he was a dick	5/15/2019 10:54 AM
282	I have noticed quite a few people use the recycle bins for regular trash. They should be fined for that. Also they load the bins way over the top. Fine them for that too.	5/15/2019 10:49 AM
283	Our household produces more recycling per 2-week period than the large residential wheeled bins can hold—even with cutting down boxes and crushing cans/plastics. We end up “stockpiling” and using excess space in our neighbor’s cans which is not ideal. We would absolutely benefit from weekly recycling pickup, if that is possible. For other types of pickups, would it be possible to make pre-paid bags or stickers purchasable at grocery/Home Depot-type stores? Similar to how Bagster works but without the additional pickup fee—all fees collected at purchase. This system works in other countries and seems like it could be implemented here.	5/15/2019 10:48 AM
284	Current provider don't appear to have any concern(s) with how the cans are left. I have observed on numerous occasions when the truck grabs the cans then drops them off 10 ft down the curb, sometimes blocking the driveway. This is in the Buffalo Run area. If we are expected to have the 3 ft apart (Trash/Recycle), then they should be expected to drop them close to where they were picked, not down the gutter...	5/15/2019 10:47 AM
285	Maybe a little more notice or more frequent notice on the special waste disposal days. Or more frequent availability	5/15/2019 10:47 AM
286	Really I just want composting added. It would be best without a fee so more people could participate. Denver has it and we should too!	5/15/2019 10:47 AM

## Trash and Recycling Resident Survey

287	Please don't take recycling away... If anything, I could use it weekly. I love how little goes into my trashcan and how much is recycled and reused.	5/15/2019 10:45 AM
288	I'd personally like to see at least one extra day of recycling pickup. Everything comes in a box inside another box these days and the cardboard buildup is real and sometimes overwhelming.	5/15/2019 10:42 AM
289	Recycling only every two weeks does not provide enough incentive to recycle more. It needs to be every week. I frequently run out of room in the can and end up having to put the remainder into my regular trash. If it was picked up weekly it would be of more benefit.	5/15/2019 10:38 AM
290	We've been very happy with our service, the availability of other collections and free landfill day.	5/15/2019 10:35 AM
291	Price out other waste agencies if WM is too expensive	5/15/2019 10:35 AM
292	Overall, I am pretty happy with the current system. I wish there was a way to have more green waste drop off or pick up options. The few days a year that drop offs are available, it is always a challenge for me to make it, so other options would be great, but I'm sure this would be difficult to coordinate.	5/15/2019 10:32 AM
293	I like our current options now. If we get any additional disposal fees, I would not like that because we are already paying high property taxes where we are.	5/15/2019 10:32 AM
294	Please keep the trash and recycling curbside service free to residents. Please try to allow recycling weekly instead of every other week.	5/15/2019 10:31 AM
295	I would love to see more than 1 yard waste event.	5/15/2019 10:28 AM
296	I think they do a great job. Thank you! However, the drivers used to be more meticulous if trash dropped, now they don't get out to clean it up so there is trash on the roads.	5/15/2019 10:28 AM
297	We like having only one carrier, thus avoiding multiple days/trucks going up & down neighborhood streets	5/15/2019 10:27 AM
298	We shouldn't have to pay for composting. It produces natural gas! Please bring this to us! We are so close to becoming waste free	5/15/2019 10:26 AM
299	Please do not charge for recycling, I don't think houses would utilize it and it is important for our environment and community since the landfill is located in commerce City and would fill quickly	5/15/2019 10:25 AM
300	Would like recycling weekly.	5/15/2019 10:24 AM
301	The service is great, we really appreciate the free trash cans and the fact that the trash is picked up on the same day for everyone. Our trash is very minimum due to the fact that we do a lot of recycling and composting. We are a family of four and don't even fill the trash can half up.	5/15/2019 10:22 AM
302	I would love to be able to get an additional recycling can or have it picked up weekly. Ours is always over full after two weeks!	5/15/2019 10:21 AM
303	I was using plastic bags to hold my recycled items and it made life easy then I found out plastic bags are not accepted. Why? Will this ever change? And is there an easier way? I don't like 2 trashcans in each room of my house i.e toilet paper rolls bathroom stuff	5/15/2019 10:20 AM
304	It would be helpful if we could be assigned account numbers even though we do not pay so we can request bulk pick up and other services online.	5/15/2019 10:19 AM
305	My only issue is the promptness of scheduled large pick ups. Also the tendency to be nit picky. For example, if I put a bag in a box that's considered two items BUT if I empty the contents of the bag into the box it's one.	5/15/2019 10:18 AM
306	Thank You.	5/15/2019 10:16 AM
307	Residents definitely need to be educated about what can and cannot be recycled. Every other week, I see people putting things in the recycling bin that do not belong. Further, a much larger list of items that cannot be recycled should be provided and that some recyclables need to be cleaned/washed before putting it into the bin.	5/15/2019 10:09 AM
308	Recycling pickup needs to be a weekly service.	5/15/2019 10:05 AM
309	Free trash service is a good benefit, if we did not have it I believe you will see more trash in yards and streets. This is a budgeting process. Thanks for your service.	5/15/2019 7:54 AM
310	You've already reduced our trash service and saved money by instituting the single green and yellow trash cans, but our taxes didn't go down (even though the city saved money). Don't reduce trash service any further.	5/14/2019 10:49 PM

## Trash and Recycling Resident Survey

311	I'd prefer to not have to pay for recycling or trash pickup. These fees are already included in our HOA dues that we pay in our yearly taxes. If you charge people for recycling I feel they won't use it and all of that recycling will go to the landfill. Not good.	5/14/2019 8:55 PM
312	I love Waste Management. I like one service, drivers are friendly and I have never had a problem. Please don't get rid of Waste Management.	5/14/2019 1:54 PM
313	Think it's a great convenient program available to the residents, without it we'd probably have more trash everywhere and we already have a bad reputation.	5/14/2019 11:03 AM
314	Please make the recycling weekly instead of biweekly!!	5/14/2019 10:05 AM
315	Recycling every week instead of bi-weekly. Take large items if out then bill homeowner. No need to preorder.	5/13/2019 10:17 PM
316	Get a new trash service WM is horrible	5/13/2019 9:47 PM
317	It is an excellent service.	5/13/2019 9:07 PM
318	Please do not remove trash or recycle. Adding compost would be amazing and appreciated and i May consider paying to have it added.	5/13/2019 7:41 PM
319	Please don't start charging for this service. We pay enough in taxes to cover this service as it is and we just received notice taxes are going up again. Enough Already	5/13/2019 7:16 PM
320	Great service thank you	5/13/2019 7:15 PM
321	Keep it the way it is is works just fine.	5/13/2019 12:26 PM
322	Large-item pickup service is terrible. You never know when/if it will be picked up. You can't get a straight answer from them.	5/13/2019 12:01 PM
323	It is horrendous. I have been a customer of Waste Management in the midwest as well and the service here is by far subpar. My garbage pick-up guy is great but besides him I would give WM in this area a ZERO.	5/13/2019 9:57 AM
324	Very happy with our city service,! And it's very appreciative that it currently is provided by the city. Definitely helps in keeping our city clean and consistent!♥	5/13/2019 8:29 AM
325	I think the guys do a great job	5/13/2019 7:57 AM
326	Waste management has always performed very well for us. The staff/drivers are always friendly and courteous. They also go the extra mile when folks don't always have their trash contained properly and still make the pick ups and help customers get their stuff properly contained.	5/13/2019 7:28 AM
327	No	5/13/2019 7:20 AM
328	I am satisfied with the current arrangement with Waste Management. If the City chooses to discontinue it's contract with WM, will they rebate a portion of our taxes / fees that we are currently paying to cover this expense??? I think we all know the answer to that question..... Just another way to increase our taxes to the City & County!!!!	5/13/2019 6:43 AM
329	Every week recycling at no cost	5/13/2019 6:23 AM
330	The trash goes away when it's supposed to. I read and understand the restrictions so I have no problems. I wish others would read the restrictions and follow the guidelines, I don't like seeing large items sitting on the curb for 2 or 3 weeks.	5/13/2019 1:14 AM
331	Could we impose a penalty on those who misuse their recycling bin by filling it with non-recyclable items?	5/12/2019 11:09 PM
332	Weekly recycling would be great! Every other week is not enough and our recycle is overflowing.	5/12/2019 10:11 PM
333	Recycling pickup once a week	5/12/2019 10:11 PM
334	Recycle pick up honestly needs to be weekly.	5/12/2019 9:43 PM
335	Regular trash pick up and recycling is fantastic for the city. It is a great benefit to residents and helps keep the city clean!	5/12/2019 9:19 PM
336	Very happy with the Waste Management service I am receiving!	5/12/2019 8:19 PM
337	Please keep this program	5/12/2019 6:23 PM
338	I think they do an amazing job in Potomac Farms	5/12/2019 6:12 PM

## Trash and Recycling Resident Survey

339	The trash service is extremely unreliable. I've been paying for an extra recycling can for nearly two years and about every third pickup they only take one. We call, they tell us to leave it out so they can pick it up but never come. Every time, I am worried I'll get a citation from the HOA because of this. I haven't even attempted a large-item pickup because the service is so unreliable. I can't afford to have a pile of junk sitting on my curb for a week when they don't show up! HOWEVER, I'm extremely reluctant to have multiple different trash companies coming through my neighborhood daily if the city tells us to get our own service. I like how quiet and safe my neighborhood is without huge trucks coming through daily. I would rather have poor trash service than constant huge truck traffic noise and safety issues.	5/12/2019 6:00 PM
340	Weekly recycling	5/12/2019 5:37 PM
341	I currently have trash & recycling and waste management does a terrific job. Don't make any changes. We are seniors on limited incomes.	5/12/2019 5:25 PM
342	I think we have a very good system in Commerce City. There is no reason for junk to pile up.	5/12/2019 4:49 PM
343	I know its difficult for each successive Council to remember, but there has been a long standing "handshake" agreement between the citizens and city Gov. that trash pickup would remain free. I know that some of the developments on the Northern tier of CC don't enjoy that benefit, but that's an issue that they have within their development. Let's not force fees on everyone just because those up north feel short shifted.	5/12/2019 4:47 PM
344	It's be nice if they picked up other garbage cans also. They only pick up toters	5/12/2019 4:35 PM
345	I really like current regular green lid and yellow lid pick-up with special and composting days	5/12/2019 4:32 PM
346	Waste Management is the absolute worst company with completely substandard customer service. Please fire them/rebid the contract or at least amend the contract to require them to SERVE the customers and be responsive. Also, the city employee in Public Works who manages the contract, Darlene, admits she has no control over the contract and the "best she can do is email the WM supervisor and hope they respond...". WHAT? No. Money talks. Fix it, please. Thanks.	5/12/2019 4:20 PM
347	Large item pick ups that are scheduled with WM DO NOT work!	5/12/2019 4:09 PM
348	Recycling should be a weekly service. Some of us make a point to buy products in recyclable packaging but my recycling fills up over two weeks. I would be happy with every other week trash and weekly recycling as some cities have but I understand most households product an absurd amount of trash. Weekly recycling would be wonderful for those of us who aren't as wasteful.	5/12/2019 4:05 PM
349	Waste Management is fine. Leave good enough alone	5/12/2019 3:50 PM
350	We have been quite happy with the service	5/12/2019 3:45 PM
351	WM provides a great service. They're clean, respectful, and communicate well.	5/12/2019 3:06 PM
352	Bigger cans or more cans should be provided because if your can is full and the lid is open they refuse to pick up the trash and then it just makes the problem in the neighborhood worse	5/12/2019 3:04 PM
353	I wish there were 2 cans for recycling and trash. I have 2 trash cans from before the city issued them, but I'm not willing to pay extra for something I already had.	5/12/2019 2:52 PM
354	Improve the Customer Service	5/12/2019 2:41 PM
355	Please keep this service in place! Thank you!	5/12/2019 2:24 PM
356	MAKE IT EASIER TO SET UP LARGE ITEMS PICKUP	5/12/2019 1:51 PM
357	Regular trash ever other week, recycling every week	5/12/2019 1:33 PM
358	Not happy at all with large item pick up	5/12/2019 1:24 PM
359	The biggest issue is your large item pickup service. They never pick up when they're supposed to. It often takes 3-4 calls to get a response.	5/12/2019 1:12 PM
360	Do not start charging for our current services!!!	5/12/2019 1:08 PM
361	Some of your taxes go to pay for trash service. Hopefully they will go down if Commerce City does not provide trash service anymore.	5/12/2019 12:24 PM
362	The free landfill day is very important to discourage furniture and mattress dumps on to streets.	5/12/2019 11:57 AM
363	Less likely to recycle much if it is not a provided service	5/12/2019 11:13 AM

## Trash and Recycling Resident Survey

364	Keep this program it works for the city and is a great benefit.	5/12/2019 10:57 AM
365	When I bought here, I was told taxes were higher partly because the city provides sanitation services. Seems they or waste management are looking to change. But I'm guessing our taxes won't decrease. If this comes about, we will be looking to move to another area.	5/12/2019 10:44 AM
366	Weekly recycling please	5/12/2019 10:41 AM
367	Why can't you pick up recycle weekly. We always have more recycle than trash. Please consider this needed change. Thanks	5/12/2019 10:14 AM
368	I would miss this service the service is great	5/12/2019 10:12 AM
369	We need more recycling pick up days	5/12/2019 10:03 AM
370	Do not charge or separate trash from recycling or no one will recycle anymore.	5/12/2019 10:01 AM
371	Would be nice to have weekly recycling pick up	5/12/2019 9:40 AM
372	I love that all the trash and recycling is picked up for the whole neighborhood on the same day. I like that the recycling cans are as big as the trash cans.	5/12/2019 9:27 AM
373	Overall I'm happy with our trash service in the Eagle Creek Community. We have one recycle bin and one trash bin which seem to be just right for weekly/biweekly pickups. I'm always interested in green options such as composting of scraps, recycling of electronics that are difficult to find dropoff locations, and yard waste because it is so bulky. However if no options are added, we definitely make it work the way it stands now. Thanks for your time!	5/12/2019 7:50 AM
374	We all pay more taxes then most people do in Colorado. This is commerce city not Boulder. Stop hurting the community by being greedy raising taxes and then think about charging us for trash pick up. You are hurting the value of our homes and not representing. My street doesn't get plowed during blizzards or storms. My son has a class size of 29. Pot holes on every street. Trash along the roads. There are about 10!more things to list. But let's face it your just here for your check and don't care about helping your community. Taxation without representation.	5/12/2019 7:47 AM
375	It would be helpful to know how your recycling is sorted as unfortunately, most people don't sort recycling very well.	5/12/2019 7:38 AM
376	Wish you would pick up recycle every week instead of every other	5/12/2019 7:32 AM
377	Weekly recycling pick up would service our community and reduce the cardboard waste in the neighborhood.	5/12/2019 7:23 AM
378	Weekly recycling would be good	5/12/2019 7:10 AM
379	Adding compost pickup would be awesome.	5/12/2019 7:06 AM
380	Recycling pickup should be weekly, not bi-weekly	5/12/2019 7:05 AM
381	It would be nice if the waste management drivers actually took greater care not to litter the streets and pick up what they drop from cans	5/12/2019 6:58 AM
382	I am very pleased with the current trash and recycling service. I have lived here 13 years and. ever once had a problem.	5/12/2019 6:58 AM
383	I think they do a pretty good job	5/12/2019 6:54 AM
384	A scheduled large item day would be nice quarterly	5/12/2019 6:49 AM
385	One of the perks of moving/living in commerce city was the free trash/recycling	5/12/2019 6:32 AM
386	This service needs to remain at no-cost to Commerce City residents. Most residents here will forego paying for some of these services and will instead illegally dump items on open space or allow items to accumulate in/around their homes. Please hear our voices that this needs to remain a no-cost program to residents.	5/12/2019 6:16 AM
387	Please do not start charging our resident for trash/recycling	5/12/2019 6:00 AM
388	We shouldn't have to pay extra to dispose of mattresses. Yard waste/composting should be free curbside.	5/12/2019 5:41 AM
389	Besides grass clippings in the summer months, we recycle more than we send to the landfill. I think it's time to implement free weekly recycling pick up service along with the trash. Thank you.	5/12/2019 1:49 AM

## Trash and Recycling Resident Survey

390	the limited amt of recycling is pathetic, adams county is probably at the bottom nationwide due to the huge limitations on things we can recycle	5/12/2019 1:41 AM
391	Weekly recycling, or more than one bin provided.	5/12/2019 12:18 AM
392	I would like to see special collection days (ie. compost and hazardous) expanded. I would definitely use a permanent compost site if one was available in the Northern part of the city.	5/12/2019 12:07 AM
393	Recycling weekly	5/11/2019 11:05 PM
394	I keep hearing about large items pick up but I don't know how to get it.. need more info in services you offer	5/11/2019 11:00 PM
395	Recycling pickup every two weeks seems inadequate. Additionally, metro areas like Los Angeles have standard drop-off locations for e-waste and hazardous waste. Some items have a fee and others are free of charge. Having a once- or twice-a-year "event" for an area with so many citizens also seems inadequate.	5/11/2019 10:40 PM
396	It's very difficult to get large items picked up on time with our current service, not reliable	5/11/2019 10:39 PM
397	Please keep it as it is and add weekly recycling pickup. People will not pay for additional services. If you enact this watch recycling plummet and that would be horrible.	5/11/2019 10:33 PM
398	Please increase recycling to weekly	5/11/2019 10:02 PM
399	We pay enough already probably wouldn't pay extra.	5/11/2019 9:59 PM
400	Please keep this a free service. I would hate to see garbage piling up due to neighbors who couldn't afford the fees.	5/11/2019 9:55 PM
401	The city council is working for the taxpayers.please remember that. charging additional fees will be resisted	5/11/2019 9:48 PM
402	I do not think it's fair to have residents of commerce City pay for trash service due to the excessive taxes that we pay each year compared to other cities.	5/11/2019 9:31 PM
403	I am satisfied with the current pickup schedule as well as the waste disposal events that are available. No complaints here.	5/11/2019 9:28 PM
404	Right now, I'd say CC and WM is doing a very good job. While I personally would be willing to pay a small amount for special pick up items, I think it's a bad idea to go down that road as many in our city would not be willing and we'd see an increase in illegal roadside dumping.	5/11/2019 9:26 PM
405	Recycling should be weekly along with trash. It will be helpful to all those who are trying to be more eco-friendly!	5/11/2019 9:25 PM
406	Recycling should be once a week like the trash !!!!	5/11/2019 9:15 PM
407	Wm is terrible	5/11/2019 8:32 PM
408	Keep it the way it is!	5/11/2019 8:21 PM
409	I am very satisfied with the current waste management program. However, a more inclusive large-item pickup would be appreciated. I scheduled a large item pickup 5 times, and WM would refuse to pickup an item that does not fit one of very limited criteria.	5/11/2019 8:21 PM
410	Leave well enough alone what we have is fine	5/11/2019 8:13 PM
411	You get a free recycling and you want to charge us for this.....	5/11/2019 7:52 PM
412	I wish we were able to compost as well as have additional recycling at no cost. I would rather pay to have my trash removed and have free recycling and compost as it makes the consumer more aware of what they are actually throwing away. Plus China doesn't want our trash anyways anymore. A SMALL fee for trash would encourage people to recycle and compost more and could result in an overall decline in our actual trash.	5/11/2019 7:51 PM
413	I've used Waste Management in other municipalities. If a garbage can lid was a little lifted, if there were a few extras bags of trash on the side, it was all picked up. I think WM takes advantage of their contact here and won't give C City the same level of service they do in other cities where garbage pickup is determined by the homeowners.	5/11/2019 7:49 PM

## Trash and Recycling Resident Survey

414	If recycling becomes a customer-paid event, you will lose most recycling customers. No one wants to pay to recycle their items. Customers get paid to recycle plastic and cans in other places/states, but asking to pay to recycle is going to cause more regular trash, and no recycling. That means we pay you and give the company a double benefit- you get paid to recycle AND the money from selling the recycled product. Thank you for charging us to recycle. We won't pay to recycle.	5/11/2019 7:45 PM
415	We cannot afford to stop free trash. The challenges of people dumping trash in their yards are too high to stop.	5/11/2019 7:45 PM
416	Only "complaint" is that recycling is only collected every other week - mostly because it's a pain to remember which weeks.	5/11/2019 7:35 PM
417	We think the sanitation workers do an excellent job	5/11/2019 7:30 PM
418	Their current large item pickup has no consistency and it seems they pick and choose. I was told I was limited to 5 large items per year. I was also told that boxes are not considered large item pickups and I would have to breakdown the boxes putting them in the recycle. I have noticed large item pickups of more than 5, along with recycle items being picked up. Very frustrating!!!	5/11/2019 7:25 PM
419	Recycling should be every week! A lot of items goes into the trash because our recycle bin is full	5/11/2019 7:17 PM
420	Would like to see styrofoam added to the recycling list	5/11/2019 6:57 PM
421	Keep the city paid trash service. Commerce City kills us on taxes, don't add trash to that.	5/11/2019 6:54 PM
422	It should be free for all residents!!!	5/11/2019 6:31 PM
423	Trash man dumps trash when picking up cans and doesn't clean it up, asked him about it and got rude vulgar reply from this waste management employee	5/11/2019 6:00 PM
424	I don't want my taxes to go up for programs that are not sustainable or practical. I see neighbors utilizing their recycling bins for trash and I assume that means all of my recycling goes to the landfill with theirs once the truck is contaminated...?	5/11/2019 5:57 PM
425	Thank you for the service. I hope it continues to be how it is now or better.	5/11/2019 5:53 PM
426	Waste management has awful customer service! They never pick up large items on the scheduled pickup day. I would rather pull my teeth out than have to deal with calling them ever again. They are the most incompetent call center staff I have ever had the displeasure of dealing with.	5/11/2019 5:52 PM
427	my taxes should be sufficient to pay for all services	5/11/2019 5:51 PM
428	I don't want my taxes to go up for programs that are not sustainable or practical. I see neighbors utilizing their recycling bins for trash and I assume that means all of my recycling goes to the landfill with theirs once the truck is contaminated...?	5/11/2019 5:41 PM
429	Please add additional trips for Free Landfill days. More than one load would be useful and 3-4 times a year would be good too.	5/11/2019 5:41 PM
430	I really believe if trash service becomes fee based, that people will not dispose of their trash properly, or in a timely matter.	5/11/2019 5:38 PM
431	When this service started, the brochure said the lid had to be completely closed. Maybe another brochure needs to be sent out with this info only. I have seen numerous times where the bin is overloaded and the trash falls off before the bin can be tipped into the receptacle. The trash in the street gets left and ends up blowing into our yards. When the people whose bin caused the problem take in their bins, they don't bother cleaning up the street by their bin. Ongoing problem and not just my street. I see this all over CC. Maybe the truck driver needs to skip that location when they see a bin overloaded and make a note of the address. Let the homeowner be inconvenienced a few times or have to call in maybe they will learn. When they call in, they can be told the reason their bin wasn't picked up. It is a real nuisance when the recycling bin is overloaded. This stuff just stays in the street and gets driven over.	5/11/2019 5:20 PM
432	Large dumpsters would be great quarterly in the neighborhood.	5/11/2019 5:11 PM
433	Keep the residential trash & recycling in Commerce City just the way they are.	5/11/2019 5:06 PM
434	We have had two different occasions when our recycling bin got skipped. It was very disappointing because of how full it was both times.	5/11/2019 4:58 PM
435	We need recycled items picked up every week and trash every other week.	5/11/2019 4:57 PM
436	If I have to pay for my trash pickup. I will no longer be recycling.	5/11/2019 4:35 PM

## Trash and Recycling Resident Survey

437	We should have weekly recycling service in our community. If we are to be sustainable then we need weekly Pick up!	5/11/2019 4:21 PM
438	Recycling needs to be every week!	5/11/2019 4:19 PM
439	Waste Management is awful. It took 3 emails to upper management before my bulk pick up was actually picked up more than a week later. Stories like this are all over Facebook and Nextdoor.com. Please consider another company who is willing and able to accommodate the needs of the community they serve.	5/11/2019 4:09 PM
440	Keep it the way it is	5/11/2019 3:59 PM
441	Isn't this included in Reunion HOA fees?	5/11/2019 3:43 PM
442	Free trash and recycling service is a very small service that the City of Commerce City should provide it's residents! It keeps our neighborhoods clean and encourages recycling! Our individual household recycles more than we throw away! Help your residents out! Our property taxes are some of the highest in the state and adding an additional bill to residents will only push more residents to move and continue to make our homes hared to sell!	5/11/2019 3:09 PM
443	Recycling weekly vs biweekly is preferred of possible	5/11/2019 2:43 PM
444	Love it. One of the reasons why we choose to stay in Commerce City because it is so expensive with the property taxes. This helps since it is included.	5/11/2019 2:40 PM
445	It takes our family nearly 3 weeks to fill the regular trash bin. We don't need one as big and would rather have a compost bin provided to up	5/11/2019 2:36 PM
446	Considering how much we pay to live in Commerce City I do not think charging us for trash pick up is a good idea. You have chosen to allow Metro Districts that have cost us substantial amounts along with rising property taxes. Why would you put another hardship on the backs of the community. If you do decide to charge us will we have the right to use another company to pick up trash? They are expensive.	5/11/2019 2:29 PM
447	Keep the services at no charge	5/11/2019 2:25 PM
448	When quoted a day for large pick up. Be there!!!	5/11/2019 2:18 PM
449	Can we get weekly recycling our bin is always over flowing by the second week	5/11/2019 2:09 PM
450	I work and today was the free green yard drop off day and it was only one day that I could not attend I'm very upset that I can't still be able to do it by extending hours adding additydays or issued a free dump pass or access to drop off elsewhere that worked out with my job. I live at 6470 Grape St 80022 and would like to be sent some kind of opportunity to dispose of this stuff without using up my large item pickups thank you	5/11/2019 2:07 PM
451	None	5/11/2019 2:03 PM
452	It is important to keep what we now have! I'd rather have recycling more often than trash pick up!	5/11/2019 1:52 PM
453	If at all possible I would like to know if did large items per year is possible. One every two months or a Mac of six per year per address.	5/11/2019 1:43 PM
454	Yes I do, I pay \$8000+ dollars a year on taxes. How about instead of trying to suck more money out of residents as "fees", you get your budget and mill levy levels in order.	5/11/2019 1:36 PM
455	As one of original lobbyists promoting curbside recycling, I would like to be able to address council when this topic come up for discussion.	5/11/2019 1:27 PM
456	We need more large item pick ups but not \$30 an item to pick up	5/11/2019 1:25 PM
457	If you get rid of free trash and recycling there will just be more trash blowing around on the streets. Even now there is a problem with broken glass and trash being thrown around on the streets and sidewalks.	5/11/2019 1:22 PM
458	Waste Management is terrible about large item pick up. We are supposed to get 1 free one a year, but the allowed item list is incredibly restrictive, and if you do have allowed items, often they miss pick up times, or skip your house. Then you have call again and store your items for yet another week or risk angering your neighbors.	5/11/2019 1:13 PM

## Trash and Recycling Resident Survey

459	I thought we did pay for trash and recycling through the HOA/metro district for my development. Must have been misinformed. I generally only put my trash out twice a month, when the recycling goes out, because we don't generate a lot of trash. I would hope that is taken into consideration when paying for trash. Thanks.	5/11/2019 12:48 PM
460	I don't appreciate that you tell us to recycle and then want to charge for extra recycle bins. So much recycling ends up in the trash since we fill the recycle bin before trash.	5/11/2019 12:45 PM
461	One more bill would be hard on alot of residence. This service is a no hassle no stress part of life. Thank you for what you do ford the citizens of Commerce City. Please don't change this service.	5/11/2019 12:44 PM
462	I think City Counsel should work free trash service to Commerce City residents, in the budget. Seems it has worked for years and I have lived in Commerce City since the 60 early 60's and I think it is necessary to have this service, it will keep trash off the streets etc.	5/11/2019 12:27 PM
463	We would rather pay for what we use - being a small household we have a very small impact but have to have all the same as everyone else....	5/11/2019 12:15 PM
464	We need large pick ups all the time people get rid of their stuff in my alley	5/11/2019 12:01 PM
465	Give long time residents a 80% discount for tree removal and for large bin rentals. (Redisents for over 20 years)	5/11/2019 11:57 AM
466	I think the trash service is very beneficial	5/11/2019 11:55 AM
467	Put some cameras near areas that are known for having trash that people just dump. I hate to see mattress and other objects that people just dump.	5/11/2019 11:54 AM
468	I think the City of Commerce City and their approach to trash and recycling is absolutely top notch. The city should be very proud of their outstanding service. I urge you to continue going above and beyond for your residents. Thank you,	5/11/2019 11:42 AM
469	We love our trash and recycling guys. I think if there were going to be a few for recycling, you'll see a very large amount of recyclable items being thrown away.	5/11/2019 11:36 AM
470	Please continue the program that is currently in place.	5/11/2019 11:30 AM
471	Leave it alone. It is working as is.KEEP IT FREE!	5/11/2019 11:22 AM
472	I appreciate the City providing trash and recycling. I would not want the community to have to coordinate multiple suppliers for trash and recycling pick up.	5/11/2019 11:21 AM
473	Don't change a thing, they do a great job already!	5/11/2019 8:26 AM
474	Thtu	5/8/2019 7:14 PM
475	Please, composting;	5/8/2019 6:54 PM
476	I think if you start charging there will be more trash around the city, that you will have to pick up anyway.	5/8/2019 10:05 AM
477	The large item pick up takes too long to be picked up.	5/7/2019 11:59 PM
478	So glad the city promotes recycling in residential households	4/28/2019 9:47 AM
479	Thanks for the free landfill days. Don't stop!	4/28/2019 8:49 AM
480	I like the free landfill days they are very helpful.	4/27/2019 5:41 PM
481	Reminders in mail of free days	4/27/2019 1:33 PM
482	No	4/27/2019 10:56 AM
483	its a good program. it helps do a clean up in yard and house 2x a year!	4/27/2019 8:09 AM
484	It would be good if recycling was picked up every week. Our recycle is always full so I trash a lot of recycling, especially large cardboard boxes.	4/27/2019 8:08 AM
