City Council August 19, 2019

Proposed New Reunion Districts

-
- Clayton Properties Group II, Inc. (as Oakwood Homes) proposed 16 new districts:
 - Will supplement existing Title 32 districts (Reunion Metro District; North Range Nos. 1-5)
 - All districts are proposed to be formed within the city limits
 - Estimated public improvements costs total \$373,592,870
 - Total debt issuance limit in service plans \$433,225,000
- Presentation will:
 - Review purpose of metropolitan districts and Council action tonight
 - Discuss common service plan elements
 - Review each proposed service plan

Purpose of a Metro District & Service Plan

- Metropolitan districts are government entities created to provide services for an area, typically financing and constructing infrastructure needed for development and operations and maintenance.
- Service plans define and limit district functions, powers, and revenue
- Districts must comply with TABOR, the Colorado Open Records Act and Open Meetings Law as well as Title 32
- District revenue is derived from property taxes and fees, subject to the service plan. District debt is not an obligation of the city and does not impact the city's budget.
- Commerce City uses a model service plan that has been modified to address applicant requests and other updates._{Commerce}

Council Action on Service Plan

- City Council action is needed to proceed with formation of districts.
- City Council may approve, approve with conditions, or disapprove of the service plan.
- City Council must disapprove of a service plan unless satisfactory evidence is presented showing:
 - Sufficient existing and projected need for organized service
 - Existing service is inadequate for present and projected needs
 - Proposed district is capable of providing economical and sufficient service
 - Area to be included has or will have financial ability to discharge the proposed indebtedness on a reasonable basis
 (CRS 32-1-203(2), 204.5)

Commerce
