Letter of Interest

Dear Commerce City Council,

Much blessings to all my newly and current elected officials. I write this letter with the utmost respect and admiration to all for the challenging, yet rewarding work and contributions you have made in serving our city. Thank you for your public service.

I meet all the eligibility requirements and would like to express my interest in the most recent vacancy for Commerce City Council. I am Bilingual in English/Spanish both read and write. I am actively engaged in our district, city, and state, government projects & organizations as well as have strong Local, National & International relationships. I do not work nor have ever worked for any government body. I represent only the community.

In my most recent run for council, I was humbled to see over 2000 voters showed their support for a regular, single mother from the South of commerce city. I have never seen anyone like me on this council. To my suprise, I was the 3rd runner up in my race following the 2 now elected officials. The Community has also brought their voice to council expressing who they would like to represent them. In addition I was also endorsed by DALF, AFSCME, UFCW, Working Families, Conservation Colorado, Adams County Commissioners Eva Henry, Emma Pinter, Steve Odorisio, as well as former Commerce City councilmember now Senator Dominick Moreno, former State Representative Joe Salazar, Current State Representatives Kyle Mullica & Yadira Caraveo, Congressman Ed Perlmutter and many more.

As a city, we must create an avenue of inclusiveness, proper communication, education and awareness. This is only one of the ways I can contribute to our current City Council. I have also built strong and positive relationships with local, county, state & federal representatives throughout the years. I understand it takes a village and I would love to see our entire city better united, as together we have incredible potential to become a great example and inspiration for other cities like ours. We never stop learning, even as adults, I thank our current and former councilmembers as well, for encouraging me to "get involved" and "show up". I want to be involved and I am showing up. Please consider me as your next board member of Commerce City Council.

Thank you, Attentively, s/
Luz E. Molina Luz E.

1. Why are you applying to be on the City Council? I feel public service is my calling. I have always been involved, and so I recently ran for a Council At-Large Seat. I received the third highest votes in my race, and the fourth highest votes overall (limited resources didn't hurt my proven support). I have always served my community, but as a victim of a life changing and grave crime at Joyeria Alondra in 2012 (a local Latino business), I was so deeply impacted that it prompted me to get even more involved in my local community. Diversity is not only color and race but economic status and gender, something we must address in order to move forward. Although running for office is not what I envisioned for myself, I can humbly say that over the years I have been encouraged to run for office by many people. I genuinely love my community and the unique diverse culture we embody and I am fully prepared and ready to serve.

2. How is your experience and background relevant to being on the City Council? I am currently a board member of the Commerce City Cultural Council; a member of LET (Latino Engagement Taskforce) w/ Cultivando; a graduate of FLTI (Family Leadership Training Institute-CSU), an advisor for the zoning project for the City of Aurora 2018, and currently a part of ACAD. As a community organizer, I have worked in policy making and initiatives, along with many organizations that serve the community, such as SB252, the Driver's Licence Initiative. I understand budgets and management, and have an understanding of Commerce City's municipal structure, recently served for a Commerce City Focus Group., I was also recently elected as the Co-Chair for Adams 14 DAAC and Chair-Person for the Unified Improvement Plan.

3. What are your thoughts on the relationship between the Historic City and the Northern Range? I have friends on both parts of the city and it would be great to see us more united in bringing people together to understand that we are one city. I believe with the right leadership, we can overcome the unique challenges of our city to create relationships that can empower our people to work together to make us a great city. My campaign slogan is "The wealth of our community in its people." It is something I really believe and stand by.

4. What do you believe to be the three most pressing challenges or concerns in the Commerce City community? -Education, Health & Safety -Homelessness & Gentrification -True Affordable & Permanent Housing

5. What do you see as the three biggest opportunities for Commerce City right now? -Growth & Economic Development, including Agricultural & Technology opportunities -Integration & Inclusiveness -Enlarge the Bilingual Demographic to empower our communities through education

6. What concerns, if any, do you have about serving on the City Council? NONE

7. What does Quality Community for a Lifetime mean to you? Not an economically disadvantaged and unhealthy life, a QUALITY life for EVERYONE especially children, seniors and dissabled

8 . What local government or non-profit boards or commissions have you served on? Adams 14 District DAAC, (District Accountability Advisory Committee), Commerce City Cultural Council, ACAD - Aurora Cultural Arts District

9. Have you participated in the Commerce City Civics Academy? I applied, but I was told that the class was full due to a limited number of available spaces.

10. How long have you resided in Commerce City? 30 years

11. What is your favorite place in Commerce City I have many favorites, the Rocky Mountain National Wildlife Refuge, Joyeria Alondra, La Chispa, Dion's, Las Margs, Pioneer Park (Holly Park), Lake by the Reunion Coffee House and most of all my neighborhood Adams Heights.
