New Form 2A Applications received since the last monthly update:

None

<sup>\*</sup> The city provided a comment letter to the COGCC requesting the opening of a second comment period after further conversations with the operator occur regarding the location. The city currently opposes the proposed location of this site based on proximity to planned and existing residential, and other health and safety concerns.

## Map of COGCC Activity

Spacing Unit Pending

City Limit Boundaries

Approved Form 2A

### **General Updates**

- Staff continuing to work on Oil and Gas Permit review, and coordinating with referral agencies
- Draft Oil and Gas LDC ordinance will be released the week of March 2, and public comment period will begin on Friday, March 6<sup>th</sup>, 2020
  - Public will have 21 days to provide comments to the city on the draft ordinance
- Additional Study Session will be scheduled on 3/30 with Council, to discuss the following:
  - The revised draft ordinance
  - Summary of comments received during the public comment period
- Based on council feedback, staff will make additional revisions to the draft, and the ordinance will be reviewed by planning commission on April 15<sup>th</sup>, 2020
- Ordinance will be presented to Council on May 4, 2020

### **Environmental Updates**

- City partnering with City & County of Denver, Adams County, and Tri-County Health department on joint grant submission for <u>EPA Air Toxins Grant</u>
  - Would provide funds to establish air quality monitoring stations looking at the following
    - Cherokee Generating Plant
    - Suncor Refinery
    - Other industrial uses in north Denver, core Commerce City, and unincorporated Adams County
  - Actual location of monitoring stations would be determined through some form of community engagement process towards the end of the year
- Staff preparing RFQ/RFP for environmental staff services
  - To advise on Oil and Gas air quality monitoring efforts
  - Strategic development regarding environmental issues in the city
    - Identifying issues & organization of information
    - Develop overall long term framework to improve environmental quality and community health outcomes
  - Outline a number of policy recommendations the city could implement, including but not limited to the following:
    - Air quality issues
    - Water quality issues
    - Energy efficiency
    - Brownfield redevelopment
    - Hazard mitigation planning
  - Develop a community education campaign around these issues
