4. Evidence concerning the nature of the establishment and location; compliance with applicable City codes or ordinances; and any financial interests in the establishment.

## **RULE 7. NON-RENEWALS, SUSPENSION AND REVOCATIONS**

### **Rule 7.1 General**

Any violation of the Colorado Beer and Liquor Code, the Regulations, or the CCMC concerning the sale or service of liquor or the operation of an establishment which sells or serves liquor, or of any condition of a License, in any manner may constitute cause for non-renewal, suspension or revocation of the License or permit. If it comes to the attention of the Authority that there is probable cause to believe that a Licensee has violated any law, regulation, rule, local ordinance, or condition of a License, the Authority shall issue and cause to be served upon such Licensee a Notice of Hearing and Order to Show Cause why the License should not be suspended or revoked or other penalty imposed. Following a properly-noticed public hearing at which the Licensee has been afforded an opportunity to be heard, the Authority may suspend, deny renewal of, or revoke any license issued by the Authority or impose any other penalty allowed by law.

### **Rule 7.2 Notice**

Suspension and revocation proceedings shall be commenced by the Authority by issuing and causing to be served upon the Licensee by first-class mail to the address contained in the License, an Order to Show Cause and Notice of Hearing ("Notice"). The Notice shall command the Licensee to appear and show cause why its License should not be suspended or revoked as it appeared to the Authority that there was probable cause to believe that the Licensee or any of the agents, servants or employees violated the Colorado Beer and Liquor Code. The Notice shall include the grounds for suspension, revocation, or other penalty.

### **Rule 7.3 Decision**

If the Authority determines that the Licensee has not violated any law, rule or regulation, the Authority will dismiss the charges against the Licensee. If the Authority determines that the Licensee has violated a law, rule or regulation, the Authority may suspend, revoke or refuse to renew the License. Orders of suspension shall indicate the effective date of suspension. For suspensions of 14 days or less, the effective date shall be at least 10 business days after announcement of the suspension unless the Authority makes findings which indicate the need for an earlier effective date.

### **Rule 7.4 Dispositions**

1. All proposed dispositions shall be in the form of joint stipulations. If possible, proposed dispositions shall be submitted to the Authority by the City forty-eight (48) hours before the scheduled public hearing date.

2. The Authority shall, at or before the time of the scheduled hearing, consider the proposed disposition. If the Authority rejects the proposed disposition, the Authority shall identify the reasons for such rejection, which may include without limitation the seriousness of the violation, aggravating or mitigating circumstances, the history of the subject establishment, corrective actions taken, likelihood of reoccurrence, and any other relevant matters impacting the public health, safety and welfare.

3. If the Authority significantly changes the proposed disposition, either the City or the Licensee may object, and in such case, the hearing shall be continued to the next available meeting of the Authority, unless both parties agree to proceed immediately.

4. If the Authority rejects a proposed disposition, and the issues are rescheduled for hearing on the merits, and an amended proposed disposition is submitted, the City and the Licensee must nevertheless be prepared to proceed on the merits of the case at the rescheduled hearing. If the Authority rejects a proposed disposition, neither the City nor the Licensee shall suffer any detrimental presumption or inference as a result of such rejection.

#### **Rule 7.5      Fine in Lieu of Suspension**

A Licensee may petition the Authority to pay a fine-in-lieu of a suspension either orally at the show cause hearing or by submitting a written petition to the Secretary at least five (5) days before the effective date of the suspension. No late filings will be accepted. The Licensee shall provide the Authority all information and documentation that the Licensee would like the Authority to consider when acting on the petition, including without limitation information indicating the Licensee's eligibility under the Liquor Code and a calculation of the proposed fine with sufficient financial documentation so as to permit the Authority to substantiate the amount of the proposed fine. Upon the acceptance a petition, the suspension of the License shall be temporarily stayed until such time as the Authority acts upon the petition. The petition shall be presented to the Authority at the next available regular meeting of the Authority following the filing of the petition. If the Authority denies the petition, the suspension shall be reinstated and the Authority shall indicate the effective date of the suspension. Any granted petition shall be deemed to be conditioned upon the payment of the fine in lieu within ten (10) days.

#### **Rule 7.6      Summary Suspension**

If the Authority has probable cause to believe a Licensee is guilty of a deliberate and willful violation of any applicable law or regulation or that the public health, safety, or welfare imperatively requires emergency action, the Authority may temporarily or summarily suspend the License for a period not to exceed fifteen (15) days pending a hearing on the suspension or revocation. Any finding by the Authority that a summary suspension pending hearing is appropriate must be documented by specific written findings regarding probable cause to believe that a willful violation or immediate threat to the public health, safety or welfare has occurred. Any final suspension or revocation determined at the show cause hearing must also be based on such findings and must be

made and entered in the record and incorporated into any suspension or revocation order. Summary suspensions are not eligible for the payment of a fine in lieu.

## **RULE 8. TRANSCRIPTS**

Any person seeking a transcript of proceedings concerning an application or any other matter before the Authority shall pay the City the cost of preparing the transcript of the proceeding. A deposit of \$100.00 may be required to be posted with the Secretary prior to preparation, said deposit will be applied to the actual cost to prepare the transcript. The Authority will prepare, or have prepared, an original and one copy of the transcript. The original shall remain with the Authority. The copy shall be provided to the party making the request for the transcript once the entire cost of preparing the transcript has been paid. Additional copies may be requested and shall be paid for by the requestor.

## ~~**RULE 9. AMENDMENTS**~~

~~These Rules may be amended by the Authority at any meeting.~~

## ~~**RULE 9. ELECTRONIC MEETINGS**~~

### ~~**Rule 9.1 General**~~

~~During a declared emergency in the City relating to an epidemic or other incident where the nature of the physical environment presents a risk to public health, as a result of the emergency, the Authority shall schedule and conduct meetings, including public hearings, as electronic meetings if the capacity for such meetings is available (as determined by the Secretary in accordance with the City's emergency operations plans), subject to the provisions of this Rule. All other provisions of state and local liquor laws and these Rules of Procedure will apply to an electronic meeting held pursuant to this Rule, to the extent not in conflict with this Rule. Individuals shall attend and participate in electronic meetings of the Authority by such telephonic, video conferencing, or other electronic means as are made available by the City that allow for real-time participation and visibility (audio or video) by the public ("Electronic Means"), as provided herein. Personal appearance requirements shall be satisfied by Electronic Means when a meeting is conducted pursuant to this section. Electronic Means may include such means that:~~

- ~~1. Allows all participants to see (to the extent possible), hear and communicate with each other;~~
- ~~2. Allows the public to hear and view, if the meeting is visible and the person has adequate technological connection, the meeting, public statements by participants, and materials presented to the Authority; and~~
- ~~3. Allows for oral and written public testimony to the extent consistent with these Rules.~~

The Secretary or the Authority may choose to vacate or postpone any electronic public hearing to be conducted by the Authority if it is not possible or prudent to hold the public hearing by Electronic Means consistent with the City's resources and emergency operations plan.

## **Rule 9.2      Applicant/Licensee Agreement**

For any proceeding not initiated by the City or required by law, each Applicant/Licensee must request and consent, on a form provided by the City, that a public hearing be conducted pursuant to this Rule. The request form shall provide that, without condition, the Applicant/Licensee: a) acknowledges that holding a hearing by electronic means presents legal risks and involves an area of legal uncertainty and that the Applicant/Licensee has reviewed these Rules; b) agrees that the Applicant/Licensee assumes all risk of conducting the hearing by electronic means; and c) agrees to defend and indemnify the City in any action arising from or in connection with any alleged deficiency in the conduct of the hearing as a result of the use of electronic means. If such a request and consent is not provided, no public hearing will be held until in-person meetings resume and the Applicant/Licensee will be deemed to have consented to a delay in the processing of related application and the timing of the public hearing.

## **Rule 9.3      Special Notice Required**

In addition to any notice required by law, the following notice requirements apply for any meeting to be conducted by Electronic Means:

1. Unless extenuating circumstances exist, the agenda must be published at least 10 business days before the meeting, except for meetings conducted pursuant to summary authority, which shall be posted as soon as possible;
2. The agenda and any mailed, published, and placard notices (as may be required under state and local liquor laws or these Rules) for the meeting shall include: a notification that the public hearing will be conducted electronically; that advance registration for testifying will be required; and instructions for how the public can access, observe, and provide testimony for the hearing;

The agenda notice will be part of the record. Agendas may be amended. This does not modify the notice requirements of applicable state and local liquor laws and will not be deemed jurisdictional.

## **Rule 9.4      Public Testimony – Advance Submission or Registration**

Admissible testimony during the meeting will be limited to written testimony submitted in advance and oral testimony, as follows:

1. Written testimony must be submitted by mail or through a web-based portal established by the City. All written testimony must be received by the deadline established

by the Secretary that is published in the agenda. Written testimony received or submitted late will not be admitted without leave of the Authority. The Authority will determine whether to admit written testimony.

2. All persons wishing to testify orally, including persons proffered by the City or the Applicant, must register by a deadline to be established by the Secretary that is published in the agenda. Persons who do not register on time will not be permitted to testify without leave of the Authority. Speakers must have a reliable phone or internet connection and respond when called upon to testify. The Authority will determine whether to allow any person to offer oral testimony and whether to allow audio-only testimony. Persons who submit written testimony may also provide oral testimony, with the Authority's permission. The Secretary will provide a list of registered persons to the Authority and will provide speakers with information on connecting to the hearing and providing testimony.

### **Rule 9.5 Exhibits for Electronic Meetings**

1. The Applicant/Licensee and the City will inform the Secretary, the Authority, and the other Party at least 3 business days before the hearing of the names of all persons, including witnesses, who will attend or participate in the meeting.

2. Except for rebuttal materials, the Applicant/Licensee and the City must submit all written documents or other presentation materials in electronic form to the Authority, the Secretary, and the other parties at least 3 business days before the meeting. No presentations or exhibits other than rebuttal exhibits from the Applicant/Licensee or the City will be accepted during testimony by the Applicant/Licensee or any person subpoenaed to testify or testifying on behalf of any Party.

### **Rule 9.6 Participation in Electronic Meeting**

This section's use of technological terms shall be interpreted according to the capabilities and features of the platform used to conduct the meeting.

1. Each Party is responsible for ensuring that all logistical requirements of this Rule are satisfied with respect to their witnesses and representatives. The Secretary will coordinate testing of systems with any witness or representative upon request of a Party.

2. The Parties and their witnesses shall appear by video with audio unless only an audio connection is viable and the Authority consents to an audio-only appearance. Otherwise, if the Applicant/Licensee's or witness's connection does not allow the Parties or witnesses to hear or respond to questions, or if the Authority cannot hear the testimony or presentation, the meeting should be continued for a limited time; or the Authority may defer testimony by such witness and proceed with the meeting.

3. Registered speakers may be limited to audio presentations unless a video connection is technologically feasible and secure. If disconnected or if the connection

limits the speaker from being heard, the Authority has discretion to find that the speaker has forfeited their opportunity to speak, or alternatively, the Authority may continue the public hearing.

4. All presented exhibits and all testimony and questions must be clearly audible and visible (for those using video connections) to the Authority, the City, the Applicant/Licensee, and to the public.

5. All persons must remain muted, and any registered speakers must keep video disabled, until recognized to speak except for the Authority or any representative for the purpose of raising an objection. Any person who fails to remain muted or uses video, without being recognized, and as a result, disrupts or interferes with the meeting, will forfeit the opportunity to speak and will be disconnected.

6. Once recognized to speak, a registered speaker must promptly state their name and provide their testimony. If the speaker does not promptly begin, the Authority may direct the Secretary to mute and disable the video of the speaker and the speaker will forfeit their opportunity to speak. The Authority reserves the right to establish a reasonable time limit for how long an individual member of the public may be permitted to speak. Once a speaker's testimony is concluded or time is expired, the Secretary will mute the speaker and disable the speaker's video.

7. Speakers are asked to either disable their microphone and camera or disconnect from the meeting platform once they have concluded their testimony. The Applicant/Licensee should remain connected until the conclusion of the hearing.

8. The Authority may direct the Secretary to mute, disable, or disconnect any speaker whose time has expired or who violates applicable rules.

#### **RULE 10. SEVERABILITY**

If any provision of this Rule or the application thereof to any person or circumstances shall be found to be invalid by a court, such invalidity shall not affect the remaining portions or applications of the Rule that can be given effect without the invalid portion or applications, provided such remaining portions or applications are not determined by the court to be inoperable.
