14 **G. Community Outreach, Notification, Reporting & Oversight; Hazards & Emergencies.** Operator shall
15 comply with these standards to: protect human health and safety; prevent damage to property; and prevent
16 unreasonable interference with the public welfare. These standards are established to improve and to prevent
17 degradation to the quality of life and the general welfare in the City.

18 1. Outreach to Affected Residents.

- 19 a. Operator shall maintain a list, updated annually, of the residents and business owners within $\frac{1}{4}$ mile
20 (1320'±2,000') of an Oil and Gas Location Well Site ("Affected Residents").
- 21 b. Operator shall create a community outreach plan for an Oil and Gas Location proposed within 2,000
22 feet of a Residential Building Unit, High Occupancy Building Unit, or School Facility. The plan shall
23 provide for consultation, outreach, and engagement plan that includes:
- 24 i. A description of any measures taken to directly mitigate adverse impacts to the Affected
25 Residents;
- 26 ii. Certification that written materials have been and will be provided in all languages spoken by
27 5% or more of the population in the census block group where the proposed Oil and Gas
28 Location is located and those census block groups within 2,000 feet of the proposed Oil and
29 Gas Location; and
- 30 ~~iii.~~ The proposed date, time, and location of any public meeting(s) that are held at a location in
31 close proximity to the Affected Residents. The Operator will provide child care and
32 interpretation services at such a public meeting upon request.
- 33 iv. Provide at least fourteen (14) days advanced written notice to Affected Residents of
34 mobilization in, rig up (MIRU);
