RESOLUTION APPROVING WATER RESOURCES AGREEMENT

Summary and Background Information:

The City currently owns 163.53 ERUs for irrigation. 29 Fulton shares were purchased back in 2003. 5 paired Burlington/Wellington shares were purchased from Sweetwater in 2015. These shares combine for a total of 163.53 ERUs. These irrigation ERUs can be used on 2k Projects including the Villages of Buffalo Run East Park which needs 45.4 ERUs and the Turnberry Park which needs 47 ERUs in 2016 for a total of 92.4 ERUs. The purpose of the water resource agreement is to establish the terms and conditions for the use of these ERUs including the tap fee credits associated with the ERUs.
