RESOLUTION NO. 2018-01: Approving 2017 Highway User Tax Fund (HUTF) Report

Summary and Background Information : The City is required to annually submit a Highway User Tax Fund (HUTF) Annual Mileage Certification report to CDOT. This report determines the amount of gas tax money the City can get based on the miles of roadway being maintained. Information in the report includes: street name, year built, length, width, surface type, and condition. The HUTF Annual Mileage Certification is required from all eligible jurisdictions each year. The report also updates any City boundary changes by annexation. The streets must meet requirements in order to be eligible for funding. The attached Road System Inventory Listing reflects the status of the public roadway system for Commerce City as of December 31, 2017 with a total of 258.92 centerline-miles of roadway. This is an increase of 1.11 lane-miles - primarily due to the addition of streets in new subdivisions.
