AN ORDINANCE REZONING FROM C-3 (COMMERCIAL) TO I-2 (MEDIUM-INTENSITY INDUSTRIAL DISTRICT) THE PROPERTY LOCATED AT 7167 E 53RD PL., COMMERCE CITY, COLORADO, AS DESCRIBED IN EXHIBIT A, AND AMENDING THE ZONING MAP OF THE CITY OF COMMERCE CITY, COLORADO TO REFLECT SAID REZONING.

Summary and Background Information:

The applicant is requesting the approval of a zone change from C-3 (Regional Commercial District) to I-2 (Medium-Intensity Industrial District) for the 1.9-acre property located at 7205 E. 53rd Place. The subject property currently contains non-conforming uses including a single-family dwelling and outdoor storage; the existing uses will be redeveloped in conformance with all industrial development standards. The proposed zone change of this lot will allow the applicant to expand the Metal Products assembly operation currently located directly west of this property, at 7167 E. 53rd Place and grow and established business within Commerce City. With approval of this zone change, the applicant will consolidate both lots into one larger lot (approximately 3.78 acres) and expand the current business operation from 11,880 square feet to over 50,000 square feet. The rezone and proposed development are not expected to impact access to the site and will have minimal impact to traffic patterns. A concurrent development plan and subdivision plat are in the administrative review process. All current regulations and standards will be required to be met with these applications. The proposed rezone is consistent with the future land use and the goals of the Comprehensive Plan.

The Planning Commission has recognized that the proposed zone change and proposed use are consistent with the Comprehensive Plan, will not negatively impact surrounding properties, and will have the potential to positively improve the character of the neighborhood.

For additional information and analysis, please refer to the Planning Commission Staff Report and draft Planning Commission minutes in the packet.

Applicable Decision Criteria: Council will consider the zoning application following a public hearing in a quasi-judicial proceeding. Per LDC 21-3232(5), Council may only approve the zoning amendment application if all of the following criteria are found to be satisfied:

(a)The zone change corrects a technical mistake on the part of the city in classifying a parcel within a specific zoning district; or

(b)The zone change meets all of the following:

(i)The proposed zone district and allowed uses are consistent with the policies and goals of the comprehensive plan, any applicable adopted area plan, or community plan of the city;

(ii)The proposed zone district and allowed uses are compatible with proposed development, surrounding land uses and the natural environment;

(iii)The proposed zone district will have, or future development can provide, efficient and adequate provision of public services, including but not limited to, water, sewerage, streets, and drainage;

(iv)The proposed zone district will have, or future development can provide, efficient and adequate provision of public uses including but not limited to, parks, schools, and open space;

(v)There is a community need for the zoning district in the proposed location, given need to provide or maintain a proper mix of uses both within the city and the immediate area of the proposed use; and

(vi)The area for which zone change is requested has changed or is changing to such a degree that it is in the public interest to allow a new use or density.

Planning Commission's Recommendation: On April 6, 2021, the Planning Commission held a public hearing, took testimony, and voted (5 to 0) to forward the zone change request to City Council with a recommendation for approval, subject to the findings of fact.

Alternative Recommendations:

One option would be for City Council to approve the requests as submitted by the applicant; a second option would be to approve the request subject to conditions; a third option would be for City Council to deny the request.

Suggested Motions:

- To accept the Planning Commission's recommendation and findings (does not approve zoning application): I move to accept the Planning Commission's findings and recommendations. [Requires simple majority.]

- To approve the zoning application (first reading): I move to introduce and approve Ordinance Z-968-21 on first reading by Council as seated. [Requires simple majority, but a majority of the members of council in office to override the Planning Commission (i.e., 5 no votes).]

- To finally approve the zoning application (second reading): I move to approve Ordinance Z-968-21 on second and final reading by Council as seated. [Requires a majority of the members of council in office to pass an ordinance on final reading or to override the Planning Commission (i.e., 5 no votes).]
