### RESOLUTION APPROVING INTERGOVERNMENTAL AGREEMENT WITH ADAMS COUNTY

#### **Summary and Background Information :**

Adams County is completing the design and will be constructing a drainage and roadway improvements project in the Dupont Neighborhood, known as the Kenwood Dahlia Outfall Storm Sewer and Roadway Improvements Project, Phase 3 - US 85 to UPRR. The project includes storm sewer and drainage and roadway improvements as follows:

- Storm sewer and drainage improvements in East 76th Avenue, Kenwood Street, and East 77th Avenue;
- Roadway improvements to East 76th Avenue from UPRR to Kenwood Street;
- Roadway improvements to Kenwood Street from East 76th Avenue to East 77th Avenue;
- Roadway improvements to East 77th Avenue from Highway 85 to Kenwood Street.

While the project is located largely within unincorporated areas of Adams County, numerous properties and rights-of-way in and adjacent to the project are located within the city's jurisdiction. Adams County has requested that the city reimburse the county for user-delay and right of way permit fees collected by the city that are associated with the project. These fees amount to approximately \$21,050.00. Since there is significant benefit to the city, staff is recommending that these fees be waived.

**Staff Responsible (Department Head ):** Maria D'Andrea, Director of Public Works
