Mobile Food Vendor Discussion (follow up)

Summary and Background Information:

This presentation follows Community Development's June 27th presentation regarding Outdoor Vendor regulations pertaining to mobile food trucks/carts. At the June 27th Study Session Council gave direction to staff to look at easing mobile food truck/cart regulations to ensure businesses are not unduly burdened and are able to operate proficiently within the city.

The Commerce City Municipal Code (Chapter 9 - Outdoor Vendors, Section 9-3300) contains regulations regarding outdoor vendors including mobile food trucks/carts. This section authorizes mobile food trucks/carts to operate in the city but with specific restrictions as to their location on private property, where they can stop and similar rules. This discussion is intended to provide follow up information to Council regarding staff's recommended changes.

Staff Responsible (Department Head): Chris Cramer, Community Development Director

Staff Member Presenting: Patrick Buckley, Codes & Inspections Manager

Financial Impact:

N/A - Informative presentation only

Funding Source:

N/A - Informative presentation only

Staff Recommendation:

Proceed to ordinance preparation incorporating recommended changes

Suggested Motion:

Study Session only, no motion necessary
