Draft US 85 Planning and Environmental Linkage Study Results

Summary and Background Information :

CDOT has developed a draft planning and environmental linkage (PEL) study, which covers US 85 from I-76 to Weld County Road 100 near Nunn, Colorado or approximately 62 miles. The draft study has been released for agency review & comment which include recommendations for improvements to various access points along the corridor. Staff will present the recommendations from the study and seek City Council consensus on these recommendations. Ultimately, the city will be asked to sign the document as being in support of the study.
