Open Space Restoration Program

Summary and Background Information:

The Parks Division will begin Open Space restorations in spring of 2019 beginning with the Second Creek Open Space located between Fronterra and Reunion Southlawn subdivisions. This will be a multi-year effort to restore the landscape back to its native state and provide an extension of the prairie from RMANWR for citizen use, wildlife habitat and to protect water quality through the floodplain.

Staff Responsible (Department Head): Carolyn Keith

Staff Member Presenting: Mike Brown, Parks Planning and Operations Manager

Financial Impact: \$45,000 (2019)
