File #: Min 20-67, **Version:** 1

Revised Minutes of May 4, 2020

Councilmember Noble moved to continue the minutes of May 4, 2020 from the May 18 City Council consent agenda to the June 1 meeting to provide staff with proposed changes.

Councilmember Noble provided staff with proposed changes to Resolution 2020-32 that was missing the voting information. The voting information was missing from the draft minutes due to a system error incorrectly assigning the resolution as a Consent Item and not a separate item for consideration which allowed the motion text to remain but did not include the vote results.
