### I-270 Corridor Improvements Update

#### **Summary and Background Information:**

The I-270 corridor is one of the most congested sections in the metro area. It has significant impact to the commercial/industrial areas of Commerce City. A pre-construction/National Environmental Policy Act (NEPA) Study was started in April 2020, which will determine alternatives for improving the corridor. CDOT will be presenting updates on the NEPA study and what the next steps are for the project.
