Re: Adams County Health Department Review of Tower Landfill Engineering Design and Operations Plan, Revision 1, August 24, 2023

Dear Ms. Russo:

Consistent with the *Intergovernmental Agreement for Oversight Services at Republic Services Tower Landfill* between the City of Commerce City and the Adams County Health Department (ACHD), ACHD has reviewed the Tower Landfill Engineering Design and Operations Plan, Revision 1 (the “EDOP Rev 1”), dated August 24, 2023. The EDOP Rev 1 was prepared for Republic Services by Weaver Consultants Group and was signed and sealed by a Colorado registered Professional Engineer. The EDOP Rev 1 is currently out for public review through October 13, 2023.

The EDOP Rev 1 was prepared to support Republic Services current request to annex land east of the existing facility and relocate the site entrance, including the entrance gate, scales, scale house, and liquid solidification basin in the newly annexed area. The existing entrance “bowl” area would then be lined for use as a disposal cell and brought up to the surrounding grades with waste.

ACHD specifically reviewed significant changes that were contained in the EDOP Rev 1, focusing on issues that would be of local concern. To this end, ACHD concentrated the review on Appendix N (Waste Characterization Plan, Revision 3), Appendix O (Liquid Waste Solidification Plan, Modification No. 1), and Appendix U (Engineering Design and Operations Plan Training Plan). Based on this review, ACHD has found no issues of concern with any significant changes made to EDOP Rev 1.

Should you have any questions regarding this letter, I may be reached at 720-200-1481 or email at lbruskin@adcogov.org.

Sincerely,

Larry Bruskin

Larry Bruskin, P.E.
