☐ Informational Presentation	☐ Consensus-Building Presentation

BACKGROUND/REQUEST

The City Council directs the City Manager to conduct a roadway pavement assessment of the chip seal and pavement issues in the Reunion, Buffalo Mesa, Buffalo Run, Buckley Ranch and Outlook neighborhoods to determine if conditions are warranted for alternative maintenance treatments. This analysis should include, but not be limited to, the root causes of current surface deterioration, comparing the long-term cost-effectiveness of alternative maintenance treatments, and identifying funding required to complete alternative maintenance treatments, if warranted.
